These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note J, which was certified by The Hartford, the custodian of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CENTRAL VALLEY CHRYSLER PLYMOUTH PROFIT SHARING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN:

The following description of Central Valley Chrysler Plymouth ("Company") Profit Sharing 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. The plan does not include employees that are covered by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may make contributions that cannot exceed the lesser of the annual specified maximum allowed by income tax regulations or 100% of pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investments offered by the Plan. For each plan year, the Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. Eligible participants with at least one hour of service during the year qualify to make contributions after meeting eligibility requirements as stated in "General" above.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if applicable) and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are vested immediately in their contributions in the plan plus actual earnings thereon. Vesting in the Company's contributions and related earnings is as follows:

Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 or more years	100%

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN (CONT'D):

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance. A participant must secure each loan with an irrevocable pledge and assignment of 50% of the non-forfeitable amount of the borrowing participant's accrued benefit under the Plan, other security the Advisory Committee accepts and finds to be adequate, or both 50% of the participant's accrued benefits and other security.

The loan may provide a fixed rate of interest, or an adjustable rate of interest, as negotiated between the Advisory Committee and the participant. The loan principal and any accrued interest must generally be paid within five years from date of disbursement. However, a term greater than five years may be granted by the Administrator for loans used to purchase a primary residence. Only one outstanding plan loan is permitted at any time.

PAYMENT OF BENEFITS

On termination of service for any reason, accounts with vested benefits less than $5,000 will be distributed in a lump sum. For accounts with vested benefits greater than $5,000 a participant may elect to receive a single sum distribution or annuity payments of all vested amounts.

FORFEITED ACCOUNTS

There were no forfeitures in 2011and 2010. Forfeitures may be used to pay plan expenses then reallocated to participants.

ADMINISTRATIVE EXPENSES

Administrative expenses recorded in the Plan represent custodial fees, accounting fees and other third-party administration fees paid directly from the Plan to the respective service provider. General administrative expenses are paid from participant accounts unless employer elects to pay the cost. For administrative expenses attributable to the participant, these costs must be paid from that participants account only.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Cont'd)

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note C for discussion of fair value measurements.) Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at the year end. Units in common/collective trusts are valued at net asset values as determined by the issuing entity at year end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Fair Value Measurements at Reporting Date Using:			
December 31, 2011	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 1,914,972	$ 1,914,972	$ -0-	$ -0-

NOTE C - FAIR VALUE MEASUREMENTS: (CONT'D)

	Fair Value Measurements at Reporting Date Using:			
December 31, 2010	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 1,940,275	$ 1,940,275	$ -0-	$ -0-
Common/collective trusts	132,887	132,887	-0-	-0-
Notes Receivable Participants	57,130	-0-	-0-	57,130
Total	$ 2,130,292	$ 2,073,162	$ -0-	$ 57,130

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements
The fair value of the guaranteed investment account is based on information provided by the custodian of the Plan.

Level 3 Fair Value Measurements
The notes receivable from participants are not actively traded and significant other observable inputs are not available. Thus, the fair value of notes receivable from participants approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurement.

NOTE D - INVESTMENTS:

The following presents investments that represent 5% or more of the Plan's assets:

	December 31, 2011
PIMCO TOTAL RETURN	$ 121,481

AMERICAN FUNDS GROWTH FUND OF AMER R3	234,984
GOLDMAN SACHS GOVERNMENT INCOME A	130,815
BLACK ROCK LIFEPATH 2040 A	191,813

NOTE D - INVESTMENTS (CONT'D):

During the year the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) depreciated in value by $58,548 during 2011 and appreciated in value by $217,147 during 2010. Investments consisted of mutual funds made up primarily of debt and equity securities, common/collective trust guaranteed contracts, and participant loans.

NOTE E – PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by the Hartford Life Insurance Company. The Harford Life Insurance Company is the custodian of the Plan, and therefore, these transactions qualified as party-in-interest transactions.

In addition, inasmuch as auditing and plan administration services are paid directly by the plan these services are also deemed to be party-in-interest transactions. Total fees, including audit fees and third party administration fees and insurance company contract administration fees, paid by the Plan were $170 in 2011 and $250 in 2010.

Also, certain administrative functions have been performed by the Plan sponsor. There has not been a value calculated for these costs, and therefore the Plan has not been charged for these costs. These costs are further described in NOTE A above.

NOTE F – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate of the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would receive benefits under the Plan based on their vested account balance accumulated to the date of the termination of the Plan. Termination of the Plan could occur before attaining normal retirement age.

NOTE G – RISK AND UNCERTAINTIES:

Investments consist primarily of mutual funds comprised mostly of debt and equity securities (bonds and common stocks). Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially effect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – TAX STATUS:

The Internal Revenue Service has determined in a letter dated August 7, 2001, that the prototype under which the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been

NOTE H – TAX STATUS (CONT'D):

amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

On termination of service for any reason, accounts with vested benefits less than $5,000 will be distributed in a lump sum. For accounts with vested benefits greater than $5,000 a participant may elect to receive a single sum distribution or annuity payments of all vested amounts.

FORFEITED ACCOUNTS

There were no forfeitures in 2011and 2010. Forfeitures may be used to pay plan expenses then reallocated to participants.

ADMINISTRATIVE EXPENSES

Administrative expenses recorded in the Plan represent custodial fees, accounting fees and other third-party administration fees paid directly from the Plan to the respective service provider. General administrative expenses are paid from participant accounts unless employer elects to pay the cost. For administrative expenses attributable to the participant, these costs must be paid from that participants account only.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Cont'd)

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note C for discussion of fair value measurements.) Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at the year end. Units in common/collective trusts are valued at net asset values as determined by the issuing entity at year end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements
The fair value of the guaranteed investment account is based on information provided by the custodian of the Plan.

Level 3 Fair Value Measurements
The notes receivable from participants are not actively traded and significant other observable inputs are not available. Thus, the fair value of notes receivable from participants approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurement.

NOTE D - INVESTMENTS (CONT'D):

During the year the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) depreciated in value by $58,548 during 2011 and appreciated in value by $217,147 during 2010. Investments consisted of mutual funds made up primarily of debt and equity securities, common/collective trust guaranteed contracts, and participant loans.

NOTE E – PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by the Hartford Life Insurance Company. The Harford Life Insurance Company is the custodian of the Plan, and therefore, these transactions qualified as party-in-interest transactions.

In addition, inasmuch as auditing and plan administration services are paid directly by the plan these services are also deemed to be party-in-interest transactions. Total fees, including audit fees and third party administration fees and insurance company contract administration fees, paid by the Plan were $170 in 2011 and $250 in 2010.

Also, certain administrative functions have been performed by the Plan sponsor. There has not been a value calculated for these costs, and therefore the Plan has not been charged for these costs. These costs are further described in NOTE A above.

NOTE F – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate of the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would receive benefits under the Plan based on their vested account balance accumulated to the date of the termination of the Plan. Termination of the Plan could occur before attaining normal retirement age.

NOTE G – RISK AND UNCERTAINTIES:

Investments consist primarily of mutual funds comprised mostly of debt and equity securities (bonds and common stocks). Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially effect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – TAX STATUS:

The Internal Revenue Service has determined in a letter dated August 7, 2001, that the prototype under which the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been
