To The Plan Administrator
BancVue 401(k) Plan:

We were engaged to audit the financial statements of BancVue 401(k) Plan (the Plan) as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by State Street Bank and Trust Company, the trustee of the Plan, with respect to information as of December 31, 2011 and 2010, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee held the Plan's investment assets and executed investment transactions for the period ending December 31, 2011. The Plan Administrator has obtained a certification from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with generally accepted auditing standards in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the BancVue 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution plan covering all eligible employees of BancVue, Ltd (the "Plan Sponsor") who are age twenty-one years or older, have performed one month of service, are not required to be taken into account for nondiscrimination testing purposes, and are not subject to a collective bargaining agreement with the Plan Sponsor. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute the lesser of 90% of their eligible compensation or the maximum amount allowed by law ($16,500 for 2011) of pretax or after-tax annual compensation, as defined in the Plan. This Plan also allows for catch-up contributions for participants over fifty years of age. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers fifteen mutual funds and five collective trust funds as investment options for participants.

The Plan Sponsor may make annual discretionary contributions in an amount determined at each plan year end by the Plan Sponsor. For 2011, the Plan Sponsor elected not to make a discretionary contribution. However, the Plan was amended and effective April 1, 2010 the Plan Sponsor began matching contributions of 50% of the first 3% of participant compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest which is commensurate with prevailing rates as determined by the Plan Administrator. All notes receivable from participants must be repaid in 5 years, except those that are used for the purchase of a principal residence in which case the note can be extended for 30 years. Repayment of the notes will be made through after-tax payroll deductions.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after fouryears of credited service as summarized as follows:

Years of Service	Vested Percentage
Less than one year	0%
At least one, but less than two years	25%
At least two, but less than three years	50%
At least three, but less than four years	75%
Four years	100%

Payment of Benefits
Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) upon the participant's retirement, or (4) disability of the participant.

Upon termination of employment, participant benefits are paid in a lump sum if the participant's vested account balance is less than $1,000. If the participant's account balance exceeds $1,000 but is less than $5,000, the participant may elect to request a rollover to another qualified plan, or take a lump sum distribution. If no choice is made, the distribution is rolled over to an individual retirement plan designated by the Plan Administrator. If the participant's account balance is greater than $5,000, they have the option to leave their assets in the Plan.

On termination of service due to death prior to retirement, 100% of the Plan Sponsor contributions become immediately vested. The account balance is paid to the participant's spouse or beneficiary in a lump sum. Upon reaching normal retirement age of 65, 100% of the Plan Sponsor contributions become immediately vested. The account balance is paid to the participant in a lump sum or periodic installments.

Forfeited Accounts
Forfeited non-vested accounts totaled $809 and $0 as of December 31, 2011 and 2010, respectively. These accounts may be used to reduce future Plan administrative expenses and employer contributions. The non-vested portion of terminated participants' account balances become forfeitures on the earlier of a requested distribution or five consecutive years without credit service at the Plan Sponsor, not on the date of termination. In 2011 $9,611 of forfeited non-vested accounts were utilized to reduce employer contributions.

Plan Expenses
The expenses of operating and maintaining the Plan have been paid by the Plan Sponsor and through utilization of forfeited accounts. In the event the Plan Sponsor does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged to participant account balances in a reasonable and nondiscriminatory manner.

Distributions During Employment
As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participants principal residence,
- Payments for burial or funeral expenses for deceased parent, spouse, children or other dependents or the primary beneficiary under the Plan,
- Expenses for the repair of damage to the principal residence that would qualify for the casualty deduction under the Internal Revenue Code.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at fair value in accordance with GAAP as prescribed for defined contribution plans.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions Receivable
The amount of employee related contributions that have been deducted from the employee's payroll as of the end of the year but that have not been deposited with the Plan until after the end of the year are reflected as employee contributions receivable in the Plan's financial statements. In addition, any matching or profit sharing contributions due and payable are reflected as employer contributions receivable in the Plan's financial statements.

Risks and Uncertainties
Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. For the year ended December 31, 2011, $2,303 was recorded as interest income on notes receivable from participants.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and accordingly, are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Subsequent Events
The Plan Sponsor evaluates events that occur subsequent to the balance sheet date of periodic reports, but before financial statements are issued for periods ending on such balance sheet dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Company's financial statements are available to be issued. For the financial statements as of and for the year ending December 31, 2011, this date was September 27, 2012.

Investment Valuation and Income Recognition
Investments are reflected in the accompanying statements of net assets available for benefits at their estimated fair values. Fair value at December 31, 2011 and 2010, as determined by the Plan Trustee, is based primarily on the quoted market prices of the underlying securities. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized as earned. Dividends are recorded on the ex-dividend date.

ASC Topic 820, Fair Value Measurements and Disclosures, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principle or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. This topic also establishes a fair value hierarchy which requires classifications based on observable and unobservable inputs when measuring fair value. The fair value hierarchy distinguishes between assumptions based on market data (observable inputs) and an entity's own assumptions (unobservable inputs). Because of the inherent uncertainty of these valuations, the estimated values may differ from the actual fair values that may or may not be ultimately realized.

For investments that are measured at fair value on a recurring basis, the Plan Sponsor discloses the hierarchy of the valuation as follows:

> Level 1 inputs are when the values are determined using quoted prices in active markets for identical assets that the reporting entity has the ability to access at the measurement date.
>
> Level 2 inputs are inputs other than quoted prices included within Level 1, such as quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
>
> Level 3 inputs are when the values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable. Level 3 financial instruments also include those for which the determination of fair value requires significant management judgment or estimation.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H - TAX STATUS

The Plan obtained its latest determination letter as of March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's third party administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.
