INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of
BSN Medical, Inc. Savings and Investment Plan

We were engaged to audit the financial statements and supplemental schedule of the BSN Medical, Inc. Savings and Investment Plan (the "Plan") as of December 31, 2011 and 2010 and for the years then ended and the supplemental schedule as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by the T. Rowe Price Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the years then ended that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A – DESCRIPTION OF THE PLAN

The following description of the BSN Medical, Inc. Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective April 1, 2001 and is a defined contribution plan that includes a Section 401(k) provision. The Plan covers salaried and hourly non-union employees of BSN Medical, Inc. and participating affiliates (the "Company"), who are age twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Mergers and Transfers

On February 1, 2011, FLA Orthopedics was merged into the Plan. Assets with a value of $662,990 were transferred as a result of the merger and are included in the statement of changes in net assets for the year ended December 31, 2011.

Contributions

Each year, participants may elect salary deferral contributions ranging from 1% to 50% of their pretax annual compensation, as defined in the plan document, subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. A discretionary safe harbor match contribution has been made by the Company for each payroll period. The safe harbor match contribution is equal to 100% of the first 1% of the participant's salary deferral plus 50% of the participant's salary deferral that exceeds 1%, but not to exceed 6%. The Company also makes a retirement contribution in which a participant must be employed by the Company for one year to be eligible for the retirement contribution. The retirement contribution is equal to a percentage of the participant's annual salary. This percentage is determined based on the sum of the participant's age and years of service, as well as the participant's annual salary compared to the Social Security Taxable Wage Base ("SSTWB"). The retirement contribution percentage will be based on the table below.

Sum of Age and Service	Wages Under SSTWB	Wages Over SSTWB
Less than 35	5.5%	9.5%
36 to 50	6.5%	11.5%
51 to 65	7.5%	13.5%
66 or more	7.5%	15.5%

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a common/collective trust fund as investment options for participants.

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and plan earnings, and charged with benefit payments, plan losses and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested in employer matching contributions after 5 years of credited service, safe harbor match contributions after two years of credited service, and retirement contributions after three years of credited service.

Notes Receivable from Participants

Participants are allowed two general purpose loans and one primary residence loan ranging from one to ten years. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2011 and 2010 outstanding loans bore interest rates ranging from 3.25% to 9.00%. All loans, except residential mortgage loans, must be repaid by regular periodic payments for a period not greater than five years. For active employees of the Company, loan repayments will be paid by payroll withholding each pay period.

Payment of Benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59 ½.

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Forfeitures

At December 31, 2011 and 2010, there were no forfeited nonvested accounts. These accounts when available are used to reduce future Company contributions. Forfeitures of $100,789 and $75,983 were used to reduce Company contributions during 2011 and 2010, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

In accordance with GAAP, fully benefit-responsive investments held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the TRP Stable Value Fund as well as the adjustment to the fully benefit-responsive TRP Stable Value Fund from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchase and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent Events

The Plan has evaluated subsequent events through September 27, 2012, the date the financial statements were available to be issued.

NOTE C – INVESTMENTS

The following presents investments that are 5% or more of the Plan's net assets:

	2011	2010
Retirement 2020 Fund**	$ 2,452,424	$ *
TRP Stable Value Fund**	2,917,810	*
Mid-Cap Growth Fund**	5,880,077	6,288,514
Equity Income Fund**	*	2,443,388
Retirement 2030 Fund**	4,067,986	3,711,255

* Amount represents less than 5% of Plan net asset
** Party-in-interest to the Plan

NOTE C – INVESTMENTS (Continued)

During the year ended December 31, 2011 and 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	2011	2010
Mutual funds	$ (2,248,316)	$ 5,294,487

NOTE D – FAIR VALUE MEASUREMENTS

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally accepted accounting principles establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1 – Observable inputs such as quoted prices in active markets.
- Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3 – Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

When quoted prices are available in active markets for identical instruments, investments are classified within Level 1 of the fair value hierarchy. Level 1 investments include mutual funds.

Level 2 investments include a common collective trust fund for which quoted prices are not available in active markets for identical instruments, but are instead valued based upon the Net Asset Value (the "NAV") of the underlying investments.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2011 and 2010:

	Fair Value as of December 31, 2011

*Represents investment in a common collective trust that seeks to provide maximum current income while maintaining stability of principal. There are no unfunded commitments and redemption is allowed after the initial 90 day investment period (See Note E).

NOTE E – STABLE VALUE FUND

The Stable Value Fund is a collective trust fund sponsored by T. Rowe Price Associates, Inc. Each investor's beneficial interest in the net assets of the trust is represented by units, an unlimited number of which are authorized. Unit transactions are subject to terms, conditions, and limitations defined in the Declaration of Trust. Trust units are issued and redeemed only on a valuation date and at the net asset value per unit computed on that date. Trust units may be redeemed on a daily basis to meet benefit payments and other participant initiated withdrawals permitted by retirement plans invested in the trust. The investment objectives of the trust are to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant initiated transactions under a retirement plan without penalty or adjustment. The trust will attempt to achieve these objectives by investing principally in guaranteed investment contracts (GICs) issued by insurance companies; investment contracts issued by banks (BICs); structured or synthetic investment contracts (SICs) issued by banks, insurance companies, and other issuers, as well as the securities supporting such SICs (underlying assets); separate account contracts (SACs); and other similar instruments that are intended to maintain a constant net asset value while permitting participant initiated, benefit-responsive withdrawals for certain events.

For plan years 2011 and 2010, the Stable Value Fund investment has been identified as a fully benefit-responsive investment. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the benefit-responsive investments, plus earnings, less participant withdrawals and administrative expenses. The benefit-responsive investments impose certain restrictions on the Plan, and the investments themselves may be subject to circumstances that impact their ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the investments to transact at less than contract value is not probable.

General
All investment contracts held by the Stable Value Fund are affected directly between the trust and the issuer of the contract and are nontransferable. Permitted participant-initiated withdrawals refer to withdrawals from the trust by an employer sponsored defined contribution plan directly as a result of participant transactions allowed by the plan, such as participant withdrawals for benefits, loans, or transfers to other funds or trusts within the plan.

Yield and return information for the years ended December 31, 2011 and 2010 is as follows:

	2011	2010
Total Return	3.55%	4.34%
Average yields:		
Based on GAAP income	2.69%	3.65%
Based on interest rate credited to unitholders	2.97%	4.10%
Ratio of investment income to average net assets	3.47%	4.26%

NOTE F – UNAUDITED INFORMATION CERTIFIED BY TRUSTEE

The accompanying financial statements include the following unaudited information as of December 31, 2011 and 2010 and for the years then ended that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	2011	2010
Investments, at fair value	$ 46,670,912	$ 46,141,630
Notes receivable from participants	$ 1,218,819	$ 1,063,426
Interest and dividend income	$ 1,506,446	$ 909,059
Interest income on notes receivable from participants	$ 37,858	$ 41,650
Net appreciation (depreciation) in fair value of investments	$ (2,248,316)	$ 5,294,487

The certification mentioned above includes all investment information disclosed in Notes C and D.

NOTE G – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the trustee by the Plan for administrative services were $16,978 and $15,349 for the years ended December 31, 2011 and 2010, respectively.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE I – TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated September 20, 2011 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE I – TAX STATUS (Continued)

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2008.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net change in net assets available for benefits per the financial statements for the years ended December 31, 2011 and 2010 to Schedule H of Form 5500.

	2011	2010
Net assets available for benefits per the financial statements	$ 47,970,386	$ 47,132,080
Adjustment from fair value to contract value for investments with fully benefit-responsive investment contract	105,435	72,976
