Their report, dated October 13, 2011, indicated that because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. NOTE 1: DESCRIPTION OF PLAN

The following description of the Save Mart Supermarkets 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established March 31, 1960, and subsequently amended and restated effective January 1, 2006. The Plan is a qualified defined contribution plan covering collective bargaining employees of the Plan Sponsor, Save Mart Supermarkets, who have attained the age of 18 and completed six months of service, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A committee appointed by the Board of Directors of the Plan Sponsor acts as the Plan administrator. Vanguard Fiduciary Trust Company acts as the Plan trustee.

Plan Year

The Plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute from 1% to 50% of their regular wages allowable, subject to various nondiscrimination tests and limitations prescribed by the Code.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

- *Employer Profit Sharing Contributions*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan based on profits and other business considerations. Profit sharing contributions are allocated based on an integrated allocation formula. Participants are eligible to receive profit sharing contributions after one year of service, defined as 1,000 hours of service.

Allocation

The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected.

Forfeitures

At December 31, 2011 and 2010, the forfeitures balance was $408,739 and $0, respectively.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Vesting
Participants are always 100% vested in their salary deferral, rollover, and employer matching contributions. Profit sharing contributions under the Retirement Plan for plan years beginning prior to January 1, 2007 vest over a 7 year period. Employer contributions subject to vesting and gains/losses credited thereon made with respect to plan years beginning after December 31, 2006 vest over a six-year period as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Retirement
Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) upon demonstration of financial hardship, or 5) death or disability of the participant. Benefit payments are made in a single lump sum distribution. Benefits are recorded when paid.

Administrative Expenses
Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable From Participants
The Plan allows participants to borrow from their accounts. Loans may not exceed the lesser of 50% of the vested balance in a participant's account or $50,000 and are due within five years (longer for primary residence loans). Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual basis of accounting.

Investment Valuation and Income Recognition
Investments in securities are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Increases in the unit values of investments are reflected in each participant's self directed account. Investments are valued daily.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Income Taxes

The plan obtained a favorable determination letter dated November 16, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2011 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2008.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

The Plan maintains cash in financial institutions which, at times, exceed federally insured limits. The Plan has not experienced any losses in such accounts and the Plan Sponsor believes that the Plan is not exposed to any significant credit risk on cash.

NOTE 3: **INFORMATION CERTIFIED BY THE TRUSTEE**

The following amounts are included in the December 31, 2011 and 2010 financial statements and were taken directly from statements provided and certified as complete and accurate by Vanguard Fiduciary Trust Company.

	2011	2010
Money market funds	$ 8,719,139	$ 8,298,109
Mutual funds	$ 145,262,033	$ 152,923,072
Common collective trust fund	$ 19,404,376	$ 16,960,087

Interest and dividend income	$ 5,147,545	$ 4,305,516

NOTE 4: **INVESTMENTS**

At December 31, 2011, investments included mutual funds and a common collective trust fund that represent 5% or more of the net assets available for Plan benefits are as follows:

	2011
Vanguard PRIMECAP Fund Investor Shares	$ 23,608,490
Vanguard Wellington Fund Investor Shares	$ 22,691,194
Vanguard Retirement Savings Trust	$ 19,404,376
Vanguard 500 Index Fund Investor	$ 16,672,614
Vanguard Windsor Fund Investor Shares	$ 14,048,945

At December 31, 2010, investments included mutual funds and a common collective trust fund that represent 5% or more of the net assets available for Plan benefits are as follows:

	2010
Vanguard Wellington Fund Investor Shares	$ 23,312,635
Vanguard Windsor Fund Investor Shares	$ 15,504,075
Vanguard 500 Index Fund Investor	$ 17,062,813
Vanguard PRIMECAP Fund Investor Shares	$ 25,377,966
Vanguard Retirement Savings Trust	$ 16,960,087

NOTE 5: **GUARANTEED INVESTMENT CONTRACTS**

Plan investments include a common collective trust fund comprising benefit-responsive investment contracts with Vanguard Fiduciary Trust Company. Vanguard maintains contributions to the fund in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented at fair value with an adjustment to contract value in arriving at net assets available for plan benefits. Contract value, as reported to the Plan by Vanguard Fiduciary Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was $18,505,830 and $16,960,087, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total Plan terminations, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields for the years ending December 31, 2011 and 2010 were 3.31% and 3.36%, respectively.

NOTE 6: **FAIR VALUE MEASUREMENTS**

The Financial Accounting Standards Board establishes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted market prices for identical or similar assets or liabilities in active or inactive markets or inputs other than quoted prices that are observable or corroborated by observable market data for the asset or liability; and Level 3 inputs have the lowest priority and are unobservable and significant to the fair value measurement. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Money market funds are valued at amortized cost which represents fair value. The common collective trust fund is valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. There have been no changes in the methodologies used at December 31, 2011 and 2010.

The following table sets forth by level with the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011

NOTE 7: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

NOTE 9: **PARTY-IN-INTEREST TRANSACTIONS**

All plan investments are units of funds managed by Vanguard Fiduciary Trust Company, the trustee of the Plan. Plan assets also include notes receivable from participants. Administrative expenses are paid to the trustee for certain recordkeeping and trustee expenses. These transactions and investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 10: **RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for plan benefits per the form 5500 to the financial statements:

	2011	2010
Net assets per Form 5500	$ 181,671,814	$ 186,556,160
Add: participant loans (deemed distributions on Form 5500)	384,753	437,928
Net assets available for plan benefits	$ 182,056,567	$ 186,994,088

NOTE 11: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 5, 2012, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed.

Theses financial statements and schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Vanguard Fiduciary Trust Company, the trustee of the Plan. Their report, dated October 13, 2011, indicated that because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Save Mart Supermarkets 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established March 31, 1960, and subsequently amended and restated effective January 1, 2006. The Plan is a qualified defined contribution plan covering collective bargaining employees of the Plan Sponsor, Save Mart Supermarkets, who have attained the age of 18 and completed six months of service, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A committee appointed by the Board of Directors of the Plan Sponsor acts as the Plan administrator. Vanguard Fiduciary Trust Company acts as the Plan trustee.

Plan Year

The Plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute from 1% to 50% of their regular wages allowable, subject to various nondiscrimination tests and limitations prescribed by the Code.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

- *Employer Profit Sharing Contributions*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan based on profits and other business considerations. Profit sharing contributions are allocated based on an integrated allocation formula. Participants are eligible to receive profit sharing contributions after one year of service, defined as 1,000 hours of service.

Allocation

The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected.

Forfeitures

At December 31, 2011 and 2010, the forfeitures balance was $408,739 and $0, respectively.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Vesting
Participants are always 100% vested in their salary deferral, rollover, and employer matching contributions. Profit sharing contributions under the Retirement Plan for plan years beginning prior to January 1, 2007 vest over a 7 year period. Employer contributions subject to vesting and gains/losses credited thereon made with respect to plan years beginning after December 31, 2006 vest over a six-year period as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Retirement
Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) upon demonstration of financial hardship, or 5) death or disability of the participant. Benefit payments are made in a single lump sum distribution. Benefits are recorded when paid.

Administrative Expenses
Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable From Participants
The Plan allows participants to borrow from their accounts. Loans may not exceed the lesser of 50% of the vested balance in a participant's account or $50,000 and are due within five years (longer for primary residence loans). Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual basis of accounting.

Investment Valuation and Income Recognition
Investments in securities are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Increases in the unit values of investments are reflected in each participant's self directed account. Investments are valued daily.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Income Taxes

The plan obtained a favorable determination letter dated November 16, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2011 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2008.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

The Plan maintains cash in financial institutions which, at times, exceed federally insured limits. The Plan has not experienced any losses in such accounts and the Plan Sponsor believes that the Plan is not exposed to any significant credit risk on cash.

Vanguard 500 Index Fund Investor	$ 16,672,614
Vanguard Windsor Fund Investor Shares	$ 14,048,945

At December 31, 2010, investments included mutual funds and a common collective trust fund that represent 5% or more of the net assets available for Plan benefits are as follows:

	2010
Vanguard Wellington Fund Investor Shares	$ 23,312,635
Vanguard Windsor Fund Investor Shares	$ 15,504,075
Vanguard 500 Index Fund Investor	$ 17,062,813
Vanguard PRIMECAP Fund Investor Shares	$ 25,377,966
Vanguard Retirement Savings Trust	$ 16,960,087

NOTE 5: **GUARANTEED INVESTMENT CONTRACTS**

Plan investments include a common collective trust fund comprising benefit-responsive investment contracts with Vanguard Fiduciary Trust Company. Vanguard maintains contributions to the fund in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented at fair value with an adjustment to contract value in arriving at net assets available for plan benefits. Contract value, as reported to the Plan by Vanguard Fiduciary Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was $18,505,830 and $16,960,087, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total Plan terminations, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields for the years ending December 31, 2011 and 2010 were 3.31% and 3.36%, respectively.

NOTE 6: **FAIR VALUE MEASUREMENTS**

The Financial Accounting Standards Board establishes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted market prices for identical or similar assets or liabilities in active or inactive markets or inputs other than quoted prices that are observable or corroborated by observable market data for the asset or liability; and Level 3 inputs have the lowest priority and are unobservable and significant to the fair value measurement. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Money market funds are valued at amortized cost which represents fair value. The common collective trust fund is valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. There have been no changes in the methodologies used at December 31, 2011 and 2010.

The following table sets forth by level with the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011

NOTE 7: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

NOTE 9: **PARTY-IN-INTEREST TRANSACTIONS**

All plan investments are units of funds managed by Vanguard Fiduciary Trust Company, the trustee of the Plan. Plan assets also include notes receivable from participants. Administrative expenses are paid to the trustee for certain recordkeeping and trustee expenses. These transactions and investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 10: **RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for plan benefits per the form 5500 to the financial statements:

	2011	2010
Net assets per Form 5500	$ 181,671,814	$ 186,556,160
Add: participant loans (deemed distributions on Form 5500)	384,753	437,928
Net assets available for plan benefits	$ 182,056,567	$ 186,994,088

NOTE 11: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 5, 2012, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed.

Modesto, California

We were engaged to audit the accompanying statement of net assets available for plan benefits of Save Mart Supermarkets 401(k) Plan as of December 31 2011, and the related statement of change in net assets available for plan benefits for the year then ended, and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. Theses financial statements and schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Vanguard Fiduciary Trust Company, the trustee of the Plan. Their report, dated October 13, 2011, indicated that because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Save Mart Supermarkets 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established March 31, 1960, and subsequently amended and restated effective January 1, 2006. The Plan is a qualified defined contribution plan covering collective bargaining employees of the Plan Sponsor, Save Mart Supermarkets, who have attained the age of 18 and completed six months of service, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A committee appointed by the Board of Directors of the Plan Sponsor acts as the Plan administrator. Vanguard Fiduciary Trust Company acts as the Plan trustee.

Plan Year

The Plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute from 1% to 50% of their regular wages allowable, subject to various nondiscrimination tests and limitations prescribed by the Code.

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

- *Employer Profit Sharing Contributions*
  The Plan Sponsor's Board of Directors may, at its discretion, contribute an amount to the Plan based on profits and other business considerations. Profit sharing contributions are allocated based on an integrated allocation formula. Participants are eligible to receive profit sharing contributions after one year of service, defined as 1,000 hours of service.

Allocation

The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected.

Forfeitures

At December 31, 2011 and 2010, the forfeitures balance was $408,739 and $0, respectively.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Vesting
Participants are always 100% vested in their salary deferral, rollover, and employer matching contributions. Profit sharing contributions under the Retirement Plan for plan years beginning prior to January 1, 2007 vest over a 7 year period. Employer contributions subject to vesting and gains/losses credited thereon made with respect to plan years beginning after December 31, 2006 vest over a six-year period as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Retirement
Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) upon demonstration of financial hardship, or 5) death or disability of the participant. Benefit payments are made in a single lump sum distribution. Benefits are recorded when paid.

Administrative Expenses
Administrative expenses are paid by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable From Participants
The Plan allows participants to borrow from their accounts. Loans may not exceed the lesser of 50% of the vested balance in a participant's account or $50,000 and are due within five years (longer for primary residence loans). Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual basis of accounting.

Investment Valuation and Income Recognition
Investments in securities are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Increases in the unit values of investments are reflected in each participant's self directed account. Investments are valued daily.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Income Taxes

The plan obtained a favorable determination letter dated November 16, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2011 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2008.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

The Plan maintains cash in financial institutions which, at times, exceed federally insured limits. The Plan has not experienced any losses in such accounts and the Plan Sponsor believes that the Plan is not exposed to any significant credit risk on cash.

NOTE 3: **INFORMATION CERTIFIED BY THE TRUSTEE**

The following amounts are included in the December 31, 2011 and 2010 financial statements and were taken directly from statements provided and certified as complete and accurate by Vanguard Fiduciary Trust Company.

	2011	2010
Money market funds	$ 8,719,139	$ 8,298,109
Mutual funds	$ 145,262,033	$ 152,923,072
Common collective trust fund	$ 19,404,376	$ 16,960,087
Net appreciation (depreciation) in fair value of investments	$ (4,533,559)	$ 14,802,616
Interest and dividend income	$ 5,147,545	$ 4,305,516

NOTE 4: **INVESTMENTS**

At December 31, 2011, investments included mutual funds and a common collective trust fund that represent 5% or more of the net assets available for Plan benefits are as follows:

	2011
Vanguard PRIMECAP Fund Investor Shares	$ 23,608,490
Vanguard Wellington Fund Investor Shares	$ 22,691,194
Vanguard Retirement Savings Trust	$ 19,404,376
Vanguard 500 Index Fund Investor	$ 16,672,614
Vanguard Windsor Fund Investor Shares	$ 14,048,945

At December 31, 2010, investments included mutual funds and a common collective trust fund that represent 5% or more of the net assets available for Plan benefits are as follows:

	2010
Vanguard Wellington Fund Investor Shares	$ 23,312,635
Vanguard Windsor Fund Investor Shares	$ 15,504,075
Vanguard 500 Index Fund Investor	$ 17,062,813
Vanguard PRIMECAP Fund Investor Shares	$ 25,377,966
Vanguard Retirement Savings Trust	$ 16,960,087

NOTE 5: **GUARANTEED INVESTMENT CONTRACTS**

Plan investments include a common collective trust fund comprising benefit-responsive investment contracts with Vanguard Fiduciary Trust Company. Vanguard maintains contributions to the fund in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented at fair value with an adjustment to contract value in arriving at net assets available for plan benefits. Contract value, as reported to the Plan by Vanguard Fiduciary Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was $18,505,830 and $16,960,087, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total Plan terminations, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields for the years ending December 31, 2011 and 2010 were 3.31% and 3.36%, respectively.

NOTE 6: **FAIR VALUE MEASUREMENTS**

The Financial Accounting Standards Board establishes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted market prices for identical or similar assets or liabilities in active or inactive markets or inputs other than quoted prices that are observable or corroborated by observable market data for the asset or liability; and Level 3 inputs have the lowest priority and are unobservable and significant to the fair value measurement. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Money market funds are valued at amortized cost which represents fair value. The common collective trust fund is valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. There have been no changes in the methodologies used at December 31, 2011 and 2010.

The following table sets forth by level with the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2011 and 2010:

NOTE 7: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

NOTE 9: **PARTY-IN-INTEREST TRANSACTIONS**

All plan investments are units of funds managed by Vanguard Fiduciary Trust Company, the trustee of the Plan. Plan assets also include notes receivable from participants. Administrative expenses are paid to the trustee for certain recordkeeping and trustee expenses. These transactions and investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 10: **RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for plan benefits per the form 5500 to the financial statements:

	2011	2010
Net assets per Form 5500	$ 181,671,814	$ 186,556,160

Net assets available for plan benefits	$ 182,056,567	$ 186,994,088

NOTE 11: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 5, 2012, the date the financial statements were available to be issued, and Plan management has determined that no subsequent events have occurred that should be disclosed.
