INDEPENDENT AUDITORS' REPORT

Board of Managers
PBR Knoxville Employee Savings and Retirement Plan
Knoxville, Tennessee

We were engaged to audit the financial statements of the PBR Knoxville Employee Savings and Retirement Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PBR KNOXVILLE EMPLOYEE SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

Note 1 - Description of Plan

The following description of the PBR Knoxville Employee Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of PBR Knoxville LLC (Company). The Plan became effective August 1, 1997, and was amended and restated, effective December 1, 1999 and January 1, 2002. For the years ended December 31, 2011 and 2010 the Plan elected safe-harbor status, allowing employees to be eligible to participate immediately.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company bears all of the Plan's administrative expenses except for loan and disbursement fees.

Contributions - Employees of the Company may elect to contribute up to 50% of their eligible compensation to the Plan up to the amount set annually by law. Under the Plan agreement, matching contributions will be dollar-for-dollar on a participant's eligible compensation, not to exceed 6%.

Additionally, the Company's Board of Managers may make an annual non-elective contribution to the Plan. No non-elective contributions were made for the years ended December 31, 2011 or 2010.

Participants' Accounts - A separate account is maintained for each Plan participant. The participant's account is increased each year by employee and employer contributions received and adjusted by investment earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective contributions, employer matching accounts, and related investment earnings. Employer non-elective contributions vest by 50% after the first year with 100% vesting after completion of the second year of service. A participant is immediately vested in all unvested balances when terminated due to retirement, death, or disability.

Participants' Loans - Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Loans must be repaid over a period of no more than five years, unless the loan is used to acquire a principal residence. Payments of principal and interest must be made at least quarterly through payroll deduction. Interest is charged at rates established by the Company based on rates charged on similar loans by independent commercial lenders.

The loans are secured by up to one-half the value of the participant's vested plan account. No distributions of a participant's account balance are permitted until all principal and interest have been either repaid or deducted from the value of the participant's account.

Forfeited Accounts – Forfeitures, if any, are used to reduce any Employer contribution. There were no material forfeitures of non-vested balances or unallocated forfeitures at December 31, 2011 and 2010.

Note 2 - Summary of Accounting Policies

The Plan prepares its financial statements using current value accounting. This method of accounting results in recognizing the changes in market valuations as current year income or expense.

Valuation of Assets - The investments of the Plan are included in the financial statements at the December 31, 2011 and 2010 fair market values as reported to the Plan by the Trustees. Fair value of registered investment companies and common/collective trusts are the unit values reported by the fund based on the quoted market price of the underlying assets.

Estimates - The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Note 3 - Qualification

The Plan obtained its latest determination letter on May 29, 1998, in which the Internal Revenue Service stated that the prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 4 - Related Parties

Except for transaction processing fees charged to participants, administrative expenses are paid directly by the Company and administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain Plan investments may be shares of mutual funds or common/collective trusts managed by affiliates of the trustees, therefore, these transactions, if present, would be qualified as party-in-interest transactions. If these party-in-interest transactions are present at year-end, they will be so indicated on supplemental schedules.

Note 5 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

		<u>Fair Value Measurement Using:</u>		
	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
<u>December 31, 2011</u>

Total	<u>\$ 5,986,992</u>	<u>\$ 2,200,761</u>	<u>\$ 3,786,231</u>	<u>\$ -</u>

FASB ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs include quoted prices for similar assets in active markets, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements - The fair value of registered investment companies is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements – The fair value of common collective trusts are based primarily on quoted prices from a national stock exchange for similar assets or broker quotes.

Note 6 - Investments

At December 31, 2011 and 2010, Plan assets were held by the trustee and invested at the direction of the participants in a variety of mutual funds and common collective trusts as detailed below. The fair value of the investments, the related investment income, gains, and losses, as well as the schedule of assets held for investment purposes at end of year, have been certified as complete and accurate by the trustee, State Street Bank and Trust Company.

Total Investments	<u>\$ 2,938,070</u>	<u>\$ 5,986,992</u>

** Less than 5% of Investments.

Note 7 - Terminated Participants

Net assets available for benefits allocated to terminated participants include approximately \$2,900,000 and \$5,060,000 for 2011 and 2010, respectively. These participants continue to receive allocations of fund earnings until distributions are made.

Note 8- Excess Contributions

For 2011 and 2010, the Plan elected safe harbor status and is not required to perform non-discrimination testing. There were, therefore, no excess contributions to be refunded at December 31, 2011 or 2010.

Note 9 – Risks, and Uncertainties and Concentrations

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in market values in the near term would materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Cash equivalents consist of money market funds and are not federally insured.

Note 10 - Plan Termination

In September 2009 PBR Knoxville's parent company decided to close the Knoxville plant in phases during 2010. However, no formal resolution to terminate the plan has been adopted and active participation is expected to continue for an undetermined time. All participants are fully vested in their accounts.

Note 11 – Subsequent Events

Management has evaluated subsequent events through August 29, 2012, the date the financial statements were available to be issued.
