Notes to Financial Statements
December 31, 2011 and 2010

NOTE 1 - DESCRIPTION OF PLAN

The following description of The Providence Service Corporation Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document, copies of which are available from the plan sponsor, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of The Providence Service Corporation and adopting employers (collectively the "Employer") who have completed two months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was amended in December 2011 to constitute the mergers of two other defined contribution plans into the Plan effective January 1, 2012 (see Note 9).

Contributions - Each year, participants may contribute, on a pre-tax or post-tax basis, up to 90% of their eligible compensation, as defined in the Plan. New employees are automatically enrolled in the Plan at a deferral percentage of 3% on the first day of the month that immediately follows or is coincident with completion of the eligibility requirements. Total contributions in any taxable year may not exceed a dollar limit which is set by law. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollovers").

The Employer may, at its discretion, make employer profit sharing or matching contributions. A participant must have completed one year of service and be actively employed on the last day of the Plan year to be allocated an employer profit sharing contribution. No profit sharing contributions were made in 2011. There is no service requirement for a participant to receive a matching contribution. For 2011, the Employer made a matching contribution in an amount equal to 10% of each participant's total contributions up to \$400. The matching contribution is invested in the participant's directed accounts after each applicable payroll period.

Participant Accounts - Each participant's account is credited with the participant's contributions, rollovers, the Employer's contributions (if any) and earnings (losses) on the investments in their accounts, and is charged with certain administrative expenses, if applicable. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers twenty three mutual funds as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. A participant vests in 20% increments in his or her employer contribution account after each additional year of credited service. A participant is 100% vested in his or her employer contribution account after five years of credited service.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only one loan may be outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the rate of prime plus 1% on the date of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, retirement or separation, a participant with a vested account balance of over \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested balance in his or her account, or substantially equal installments. Terminated participants with vested account balances of \$5,000 or less are required to take a distribution as promptly as possible following his/her termination of employment.

Notes to Financial Statements (Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeited Accounts - At December 31, 2011 and 2010, forfeited non-vested accounts totaled \$54,078 and \$7,401, respectively. These accounts will be used to reduce future employer contributions. Also, in 2011, employer contributions were reduced by \$83,463 from forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review - Subsequent events were evaluated through October 11, 2012, which is the date the financial statements were available to be issued.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance. Interest is recorded when received. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Net depreciation in fair value of mutual funds includes interest, dividends, realized and unrealized gains and losses on those investments.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain administrative expenses of the Plan are paid directly by the Employer.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Investment information included in the accompanying financial statements and supplemental schedule, including \$32,675,513 and \$22,322,279 in investments and \$886,845 and \$526,165 of notes receivable from participants held at December 31, 2011 and 2010, respectively, and net depreciation of (\$376,144) and \$23,592 of interest income on notes receivable - participants for the year ended December 31 2011, was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three Levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. Level 1 of the hierarchy is unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. All of the Plan's investments are in mutual funds, for which fair value is based on quoted market prices for the identical security in an active market (Level 1).

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2011, are reported in net depreciation in fair value of mutual funds.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated March 18, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - TRANSFERS OF ASSETS

Effective January 1, 2012, The ReDCo Group 401(k) Retirement Savings Plan and the LogistiCare Solutions, LLC 401(k) Plan were merged into the Plan. The assets of these two plans totaling \$11,183,103 were received by the Plan in December 2011. During 2011, plan assets totaling \$2,338,221 for participants employed by Camelot Community Care, Inc. and Intervention Services, Inc. were transferred out of the Plan.
