Independent Auditor's Report

To the Plan Administrator and Trustees of
Aloha Pacific Federal Credit Union Capital Accumulation Plan:

We were engaged to audit the statements of net assets available for benefits of Aloha Pacific Federal Credit Union Capital Accumulation Plan (the Plan) as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedules of schedule H, line 4(a) – schedule of delinquent participant contributions for the year ended December 31, 2011 and schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by CUNA Mutual Group, the current custodian of the Plan, and Marshall & Ilsley Trust Company, the former custodian of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the custodians holds/held the Plan's assets and executes/executed transactions. The Plan Administrator has obtained certifications from the custodians regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan Administrator by the current custodian as of and for the period from June 1, 2011 to December 31, 2011, and the former trustee from January 1, 2011 to June 1, 2011, and as of December 31, 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Aloha Pacific Federal Credit Union Capital Accumulation Plan

Notes to Financial Statements
December 31, 2011 and 2010

1. Description of the Plan

The following description of the Aloha Pacific Federal Credit Union Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

In 1984, Aloha Pacific Federal Credit Union (the Company, Plan Administrator or Plan Sponsor) established the Plan as a defined contribution plan covering eligible employees of the Company. The Plan provides for retirement, death and disability benefits, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. CUNA Mutual Insurance Society (CUNA Mutual) is the Plan's trustee. The Plan changed custodians and recordkeepers from Marshall & Ilsley Trust Company (M&I) to CUNA Mutual, effective June 1, 2011.

b. Eligibility

Employees become eligible for participation in the Plan on the first day of the month following the attainment of age 20 and completion of three months of service.

c. Contributions

Participants may defer up to 100 percent of pretax annual compensation, as defined by the Plan, not to exceed amounts allowable under the Internal Revenue Code (IRC). The Plan also provides for employer matching contributions of 200 percent of the first five percent of eligible compensation contributed to the Plan, as defined. Employer matching contributions are calculated and paid every pay period.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their account balances into various investment options offered by the Plan.

1. Description of the Plan (continued)

d. Participant Accounts

Each participant account is credited with the participant's contributions and an allocation of Company contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on eligible participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Earnings or losses are allocated to participants' accounts in proportion to the balances of such accounts on a daily or quarterly basis, depending upon the investment option selected.

e. Vesting

Participant contributions, plus earnings thereon, are fully vested immediately, as defined. Employer matching contributions, plus earnings thereon, are subject to an incremental vesting period of six years, as defined. A participant also would automatically become fully vested upon attaining normal retirement age, as defined by the Plan, or total and permanent disability or death.

f. Forfeitures

Participants' nonvested balances are considered forfeitures upon termination and are used to first pay any administrative expenses and then reduce employer contributions pursuant to the Plan's provisions. During 2011, forfeitures amounted to approximately \$17,000. Unallocated forfeitures at December 31, 2011 and 2010 approximated \$17,000 and nil, respectively.

g. Notes Receivable from Participants

Participants may borrow from their accounts in amounts not less than \$1,000 and limited to the lesser of: (a) \$50,000 reduced by the excess of the highest outstanding balance of the loans from the Plan to the participant during the one year period ending on the day before the date on which such loan is made, over the outstanding balance of loans from the Plan to the participant on the date on which such loan was made, or (b) 50% of the their vested account balance. The loans are secured by the balance in the participant's account, bear interest at rates from 4.25 percent to 8.25 percent and mature on various dates through April 2023.

Notes to Financial Statements

1. Description of the Plan (continued)

h. Payment of Benefits

Upon termination of service due to death, disability, retirement, or other termination of employment, if a participant's vested account balance is greater than \$5,000, the participant (or beneficiary) may elect to receive a life annuity if not married, joint and 50 percent survivor annuity if married, lump sum distribution or other forms of payment. If a participant's vested account balance is \$5,000 or less, the participant will receive a lump sum distribution.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Investment contracts held by a defined contribution plan, either directly or through a common collective trust, are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. If significant, the statements of net assets available for benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. At December 31, 2011, the difference between fair and contract value was not significant.

b. Management's Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Aloha Pacific Federal Credit Union

Capital Accumulation Plan

Notes to Financial Statements
December 31, 2011 and 2010

2. Summary of Significant Accounting Policies (continued)

c. Investment Valuation and Income Recognition

The Plans investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Payment of Benefits

Benefit payments are recorded when paid.

e. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

f. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of participants' account balances and investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

g. Recently Issued Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Fair Value Measurement (Topic 820) – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in US GAAP and IFRSs*. ASU 2011-04 amended Account Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, to converge the fair value measurement guidance in US GAAP and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan is currently evaluating the impact of ASU 2011-04 on the Plan's financial statements.

h. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 12, 2012, the date the financial statements were available to be issued, and it was determined that all subsequent events had been properly accounted for.

3. Information Certified by CUNA Mutual and M&I

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by CUNA Mutual and M&I, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules.

3. Information Certified by CUNA Mutual and M&I (continued)

CUNA Mutual and M&I also certified to the completeness and accuracy of the Plan's net investment income of \$54,267 and interest income on notes receivable from participants of \$12,161 related to the aforementioned assets for the year ended December 31, 2011.

A summary of the Plan's net depreciation in fair value of investments for the year ended December 31, 2011 is as follows:

Mutual funds	\$ (186,412)
Common collective trusts	<u>44,973</u>
	<u>\$ (141,439)</u>

4. Fair Value Measurements

The FASB ASC on fair value measurements established a hierarchy of ranking the quality and reliability of information used to determine fair values. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Aloha Pacific Federal Credit Union

Capital Accumulation Plan

Notes to Financial Statements
December 31, 2011 and 2010

4. Fair Value Measurements (continued)

An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued based on quoted market prices of each fund.

Common collective trusts: Valued at the net asset value (NAV) of units held by the Plan at year end.

Contract with CUNA Mutual: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 5).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

- (a) The asset allocation investment class in common collective trusts is comprised of 4 funds identified by risk profiles of aggressive, moderate, conservative and income. Each fund pursues its investment objective by investing primarily in a professionally managed portfolio of mutual funds and collective investment trusts, which, in turn, invest in equity securities and fixed income securities. The aggressive fund may invest between 72 percent and 88 percent of its portfolio in equity securities, the moderate fund may invest between 54 percent and 66 percent of its portfolio in equity securities, the conservative fund may invest between 32 percent and 40 percent of its portfolio in equity securities, and the income fund may invest between 16 percent and 24 percent of its portfolio in equity securities.
- (b) The diversified equity class in common collective trusts consists of a fund seeking to provide capital growth with minimal current income. The fund pursues its investment objective by investing primarily in a professionally managed portfolio of mutual funds and collective investment trusts, which, in turn, invest in equity securities and fixed income securities. The fund may invest in individual equity securities and fixed income securities. The fund may invest between 96 percent and 100 percent of its portfolio in equity securities.

5. Investment Contract with CUNA Mutual

At December 31, 2011, one of the Plan's investment options was the CUNA Mutual Stable Value Account (Stable Value Account), a deposit administration group annuity contract. The Stable Value Account seeks a high level of current income consistent with preservation of capital by investing in US government securities. The Stable Value Account is guaranteed by CUNA Mutual.

There are no reserves against contract value for credit risk related to CUNA Mutual. The crediting interest rate is based on a formula agreed upon with the issuer. The interest rates are reset quarterly based on expected earnings of the underlying assets held over the crediting period. At December 31, 2011 and 2010, the average yields were 2.98 percent and 3.00 percent, respectively, based on the interest rate credited to participants and based on actual earnings.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another Plan); (ii) changes to plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events which cause significant withdrawal from the plan or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan does not believe that any occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The deposit administration group annuity contract does permit CUNA Mutual to terminate the agreement if the Plan has failed to make the required contributions, the sum of all amounts to be withdrawn equals or exceeds the balance in the active life fund, as defined, or the Plan has failed to perform as required under the contract.

6. Non-Exempt Transactions

During 2011 and 2010, the Plan Sponsor deposited participant deferrals of \$6,312 and \$7,370, respectively, subsequent to the timeframe required by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan Sponsor intends to file Form 5330 and pay lost earnings and excise taxes, as applicable, from the assets of the Plan Sponsor and not from assets of the Plan.

Aloha Pacific Federal Credit Union

Capital Accumulation Plan

Notes to Financial Statements
December 31, 2011 and 2010

7. Exempt Party-in-Interest Transactions

All purchases and sales of investments managed by CUNA Mutual and M&I are considered exempt party-in-interest transactions. There were no other party-in-interest transactions during 2011.

8. Termination of Plan

Although it has not expressed any intentions to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participant accounts become fully vested.

9. Tax Status

The underlying prototype plan documents in effect as of December 31, 2011 and 2010 received an opinion letter dated April 9, 2008, stating that the Plan is qualified and tax-exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the opinion letter, however, the Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements on the IRC and that the Plan continues to be tax-exempt. Hawaii income tax law conforms to the IRC. Therefore, no provision for federal and state income taxes has been included in the Plan's financial statements.

US GAAP requires the management of the Plan to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.
