REPORT OF INDEPENDENT AUDITORS

To the Pension and Investment Committee
Sierra Nevada Memorial-Miners Hospitals, Inc.
Tax Deferred Annuity Plan
Grass Valley, California

We were engaged to audit the financial statements and supplemental schedule of the Sierra Nevada Memorial-Miners Hospitals, Inc. Tax Deferred Annuity Plan as of and for the year ended December 31, 2011, as listed in the accompanying contents page. These financial statements and supplemental schedule are the responsibility of the Plan's management. The statement of net assets available for benefits of the Sierra Nevada Memorial-Miners Hospitals, Inc. Tax Deferred Annuity Plan as of December 31, 2010 was reported on by other auditors, whose report dated September 23, 2011 disclaimed an opinion for the same reasons described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Lincoln National Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule as a whole. The information included in the supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TAX DEFERRED ANNUITY PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

1. DESCRIPTION OF PLAN

The following description of the Sierra Nevada Memorial-Miners Hospitals, Inc. Tax Deferred Annuity Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General

Sierra Nevada Memorial-Miners Hospitals, Inc. (the "Sponsor") established the Plan effective September 15, 1989. The Plan is a 403(b) tax deferred plan covering employees of certain Sponsor affiliated entities. The Sponsor is responsible for the administration of the Plan. All investments are participant-directed. Lincoln National Life Insurance Company (Lincoln) serves as the custodian and record keeper for the Plan. The Sponsor is responsible for the selection and monitoring of the Plan's investments and investment policy. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees who are not eligible for other retirement plans sponsored by the Sponsor and who are employed by the Sponsor are eligible to participate in the Plan upon their hire date. Employees may begin making employee elective deferral contributions starting on the first payroll period following the completion of a valid salary reduction agreement.

In order to be eligible to receive employer matching contributions, employees must be in a benefited position, have completed two years of service and have reached 18 years of age.

Vesting

Participants are 100% vested in their voluntary deferral contributions, rollover contributions and employer contributions, plus actual earnings thereon.

Participant Contributions

Each year, eligible employees may make salary deferral contributions in any percentage with a minimum \$200 annual contribution and up to 100 percent of their pretax annual compensation, as defined in the Plan, subject to certain IRC limitations. Employees who have or who will have attained age 50 on or before the end of the calendar year may make additional catch-up contributions. Eligible employees may also roll over amounts representing distributions from other qualified plans.

1. DESCRIPTION OF PLAN (Continued)

Employer Contributions

The Sponsor makes matching contributions to eligible employees of up to 100% of each employee's elective deferrals. Sponsor matching contributions are based on each employee's years of service to the Sponsor and are up to a maximum amount of each employee's compensation as described in the following table:

<u>Years of Service</u>	<u>Maximum Percentage of Compensation</u>
Less than 2 years	0%
More than 2 years but less than 5 years	5%
More than 5 years but less than 7 years	6%
More than 7 years but less than 9 years	8%
More than 9 years but less than 10 years	9%
More than 10 years	10%

Participants are always 100% vested in all Sponsor matching contributions.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of Sponsor matching contributions, if any, and Plan earnings, and charged with withdrawals, allocations of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time directly through Lincoln.

Notes Receivable from Participants

Participants may borrow from their account, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from three or five years or up to twenty years if used to purchase the primary residence of the participant.

1. DESCRIPTION OF PLAN (Continued)

Upon obtaining a loan, funds in the participant's account equivalent to the amount of the outstanding loan balance are transferred to the Loan Reserve Account within the contract (Note 3). These funds remain as a portion of the participant's account; however, serve as collateral for the loan. Amounts held in the Loan Reserve Account are not available to be distributed to the participant until the loan is repaid to Lincoln. As the loan is repaid, funds may be transferred from amounts held in the Loan Reserve Account back to the participant's investment option. For the year ended December 31, 2011, participants were charged an interest rate of 7%, of which 4.5% is credited to the participant's account and 2.5% is paid to Lincoln as a loan administration fee.

Participants who take out a loan against the Sponsor matching portion of their account will not be eligible to receive Sponsor matching contributions for two years.

Upon default of a loan, a distribution equivalent to the outstanding loan balance including any unpaid interest is issued to the participant from the collateralized Loan Reserve Account. Defaulted participant loans totaled \$58,931 for the year ended December 31, 2011.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant shall receive a distribution equal to the value of the participant's vested interest in his or her account in one of the following forms: (a) an annuity option for certain participants, or (b) a lump-sum distribution of vested accrued benefits. Plan provisions do not allow the distribution of a participant's benefit without the written consent of the participant. Participants older than 70 ½ and employed with the Sponsor or affiliated entities are able to defer benefit payments until they cease employment. Participants may also receive in-service distributions for qualifying financial hardship events or after attaining age 59 ½. As of December 31, 2011, there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid.

Forfeitures

The Plan has no forfeitures because all accounts are 100% vested at all times.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA and Code Section 403(b). In the event of termination of the Plan, participant balances will be distributed in accordance with the Plan Document and ERISA.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. The Plan's administrative expenses are paid by the Plan Sponsor as specified in the Plan Document.

Reclassifications

Certain reclassifications have been made to prior year balances to conform to classifications used in the current year.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes net unrealized market appreciation of investments and net realized gains and losses on the sale of investments during the period.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest with no allowance for loan losses as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent participant loans are reclassified as distributions based on the terms of the Plan Document.

Payment of Benefits

Benefit payments are recorded when paid.

Risks and Uncertainties

The Plan utilizes various investments, including investment contracts and individual deferred variable annuity contracts. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Adoption of New Financial Accounting Standards

Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements*. This ASU requires new disclosures and clarifies existing disclosure requirements about fair value measurement. The FASB's objective is to improve these disclosures and, thus, increase the transparency in financial reporting. For annual reporting periods beginning after December 15, 2010, ASU 2010-06 amends Codification Subtopic 820-10 to require separate information about purchases, sales issuances and settlements in the reconciliation for Level 3 fair value measurements. The adoption did not have a material impact on the Plan's financial statements.

Subsequent Events

We have reviewed all events occurring from December 31, 2011 through October 11, 2012, the date the Plan's financial statements were available to be issued.

3. INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan entered into investment contracts with Lincoln, which are individual deferred fixed annuity contracts. The contributions to the annuity contracts are segregated investment accounts maintained by Lincoln. The contracts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the participant as stipulated by the individual contracts.

Prior to the time the participant elects to receive benefit payments, Lincoln guarantees that it will credit interest at an effective annual rate not less than 4.5% during the first five contract years, 4.0% for the next five contract years, and 3.5% thereafter and may credit interest at rates in excess of the guaranteed rates at any time.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest income from notes receivable from participants was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Lincoln National Life Insurance Company, the custodian of the Plan. This information has not been audited by independent accountants.

5. INVESTMENTS

The fair value of the Plan's investment in the Lincoln National Variable Annuity Account C was \$32,676,346 and \$33,568,322 at December 31, 2011 and 2010, respectively, reflecting the aggregate of its investments in various underlying individual deferred variable annuity contracts of this variable annuity account. In addition, the following presents the fair values of other investments, including sub-accounts of the Lincoln National Variable Annuity Account C and a fixed account which represent 5% or more of the Plan's net assets available for benefits as of December 31, 2011 and 2010.

5. INVESTMENTS (Continued)

The following table presents the fair value of investments that represent 5% or more of the Plan's net assets at December 31:

	<u>2011</u>	<u>2010</u>
Investments at estimated fair value:		
Lincoln National Variable Annuity Account C	\$ 32,676,346	\$ 33,568,322
Individual deferred variable annuity contract sub-accounts of Lincoln National Variable Annuity Account C:		
American Funds Growth	5,270,043	5,596,127
Investment contract:		
Fixed Account of the Lincoln Multi Fund Select Variable Annuity Contract	37,753,562	33,617,280

During 2011, the Plan's investments in individual deferred variable annuity contracts (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$963,594.

6. FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

6. FAIR VALUE MEASUREMENTS (Continued)

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Individual deferred Variable Annuity Contracts - The fair values of purchase units held in individual deferred variable annuity contract sub-accounts of the Lincoln National Variable Annuity Account C are based on the net asset values reported by Lincoln as of the financial statement dates and recent transaction prices (level 2 inputs). The net asset values of the sub-accounts are updated daily based upon the investment performance of the underlying mutual fund they invest in minus any liabilities. The Plan holds individual deferred variable annuity contracts with Lincoln National Life Insurance Company that are invested in sub-accounts of Lincoln National Variable Annuity Account C, an SEC-registered separate account of Lincoln National Life Insurance Company. Each of the underlying sub-accounts of Lincoln National Variable Annuity Account C is invested in shares of a single registered investment company (mutual fund) that is generally identified by the name of the sub-account. Each mutual fund invests primarily in domestic or foreign international equity securities and bonds. The investment strategies are consistent with the classes identified in the foregoing fair value hierarchy tables.

Participants direct their investments to certain of the underlying "sub-accounts" of the Lincoln National Variable Annuity Account C available to them under the Plan. Each sub-account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit. The prospectus of the Lincoln Multi Fund Select Variable Annuity provides further description of the investment strategies and composition of its variable annuity subaccounts.

Investment contracts – The fair values of the investment contracts have been determined based on the terms of the contract to approximate contract value (Level 3 inputs) as the terms of the contract provide for all transactions with participants at contract value, no significant liquidity restrictions and no defined maturities. In addition, management has determined that no adjustment from contract value is required for credit quality considerations.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrative Committee believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. FEDERAL INCOME TAX STATUS

The Plan is intended to be a plan that qualifies under Code section 403(b). The Sponsor believes this Plan to be in compliance with all applicable sections of the Code. However, this Plan has not been submitted to the Internal Revenue Service for approval and there is no assurance that the intended tax benefits under this Plan will be available. Neither the Sponsor, nor any providers, nor the administrator, nor its designated representative makes any commitment or guarantee that any particular federal or State tax treatment will apply to, or be available to, any participant. Each participant, by accepting a benefit under this Plan, agrees to be liable for any taxes, tax penalties and interest that may be imposed by the Internal Revenue Service, or any other governmental agency, with respect to these benefits.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2008.

8. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are variable annuity contract sub-accounts and a fixed account managed or issued by Lincoln. Lincoln is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Substantially all administrative costs of the Plan are paid by the Plan Sponsor.
