We were engaged to audit the accompanying statement of net assets available for benefits of Tappan Wire & Cable, Inc. 401(k) Profit-Sharing Plan (the "Plan") as of December 31, 2011 and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 7, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank, the trustee of the Plan, except for comparing such information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedule that we did not audit, we are unable to, and do not express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the Tappan Wire & Cable, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1993 for the purpose of providing retirement, death and disability benefits for the employees of Tappan Wire & Cable, Inc. (the Company). The Plan is a defined contribution plan covering substantially all full time employees of the Company who are not covered by a collective bargaining agreement. A new employee shall become eligible to participate in the Plan effective on the first day of each quarter after the participant has attained twenty-one years of age and completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute to the Plan between 1% and 25% of their eligible compensation up to the annual limit of $16,500 in 2011 and 2010. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to a maximum of an additional $5,500 for 2011. Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers thirteen mutual funds, six common/collective trust funds, and a money market fund as investment options for participants and a self-managed brokerage account. The Company may decide to make matching contributions to the Plan, although it is not required to do so. The percentage of salary deferral contributions to be matched will be determined by the Company and allocated to the participants at the end of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contribution and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contribution plus actual earnings thereon.

1. DESCRIPTION OF THE PLAN - CONTINUED

Vesting - continued

Participants vest in the Company's discretionary matching contributions as follows:

Years of Vesting Service	Nonforfeitable Percentage
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 and up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates, as determined quarterly by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions. Loans must be repaid within 60 months.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a ten-year period. Upon termination of service resulting from other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may be entitled to a hardship withdrawal of their benefits if they qualify under the criteria established by the Plan.

Forfeited Accounts

If a participant terminates employment with the Company at a time when the participant does not have a fully vested account, the non-vested employer contributions and actual earnings thereon are forfeited. Forfeitures are left in the Plan and are used to reduce future employer contributions or to reduce future administrative expenses. There were no forfeitures available to reduce future employer contributions or to reduce future administrative expenses for the years ended December 31, 2011 and 2010.

1. DESCRIPTION OF THE PLAN - CONTINUED

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested with all rights to any amounts in their respective accounts.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The Plan has adopted the Financial Accounting Standards Board (FASB) Codification (Codification). The Codification is the single source of authoritative generally accepted accounting principles in the United States (U.S. GAAP) recognized by the FASB to be applied by nongovernmental entities. All of the Codification's content carries the same level of authority.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with U.S. GAAP.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

2. SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Benefit Payments

Benefits are recorded when paid.

Plan Administrative Expenses

Expenses incurred in the administration of the Plan are generally charged to and paid by the Company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

New Accounting Pronouncements

The Plan adopted the required provisions of ASU No. 2010-06, *Fair Value Measurements and Disclosures,* on January 1, 2010 and 2011, as applicable. The adoption of ASU No. 2010-06 did not have a material impact on the Plan's financial statements.

In May 2011, the FASB issued ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs,* (ASU No. 2011-04). ASU No. 2011-04 amended ASC Topic 820 to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC Topic 820. In addition, ASU No. 2011-04 requires additional fair value disclosures (although certain of these new disclosures will not be required for nonpublic entities). The amendments are to be applied prospectively and are effective for nonpublic entities for annual periods beginning after December 15, 2011 and early application is permitted for interim periods beginning after December 15, 2011. The Plan's management is currently evaluating the effect that the provisions of ASU No. 2011-04 will have on the Plan's financial statements.

2. SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Subsequent Events

In March 2012, the Plan recordkeeping and administration was moved to Fidelity Management Trust Company. The vesting schedule for discretionary matching contributions was changed to a three-year schedule as follows: Year 1 - 0%, Year 2 - 20%, Year 3 - 100%. Automatic enrollment was introduced for new employees at a 6% contribution default rate. The Qualified Default Investment Alternative selected was the JP Morgan SmartRetirement Target Date Funds. Participants who do not select an investment alternative are automatically enrolled into the Target Date fund corresponding to their projected retirement year at age 65.

The Plan's management has evaluated subsequent events through October 10, 2012, the date the financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2011 have been incorporated into these financial statements.

3. INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. State Street Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, the schedule of assets (held at end of year) as of December 31, 2011, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2011. Investments of the Plan consist of mutual funds, common/collective trusts, money market funds, and a self-directed brokerage account.

The following table represents the fair value of those investments that consist of 5% or more of the Plan's net assets available for benefits at December 31:

	2011	2010
State Street Global Advisors S&P 500 Index Fund	$ 281,052	$ 317,542
State Street Global Advisors Government Money Market Fund	762,398	427,640
PIMCO Total Return Fund - A	1,352,888	1,531,692
Neuberger Berman Large Cap Value - Adv	285,582	362,447

4. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by State Street Bank. State Street Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

5. INCOME TAX STATUS

The Plan's underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

7. FAIR VALUES MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (Codification), *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Codification are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

7. FAIR VALUES MEASUREMENTS - CONTINUED

- quotes prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Money market funds: Valued using cost which approximates fair value.

Brokerage account: Valued at the closing price reported on the active market on which the underlying individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end by obtaining quoted prices on nationally recognized securities exchanges.

Collective trust funds: Valued using a NAV. The NAV of a common collective trust is based on the market values of the underlying securities in an active market. The beneficial interest of each participant is represented in units. Units are issued and redeemed daily at the fund's closing NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. FAIR VALUES MEASUREMENTS - CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value by class within major categorization for debt and equity securities on the basis of nature and risk of the investments as of December 31, 2011 and 2010:

7. FAIR VALUES MEASUREMENTS - CONTINUED

There were no significant transfers between Level 1 and Level 2, nor into or out of Level 3 investments during the years ended December 31, 2011 and 2010.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
