Confie Seguros Holding II Co. 401(k) Plan

We were engaged to audit the financial statements and supplemental schedules of Confie Seguros Holding II Co. 401(k) Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CONFIE SEGUROS HOLDING II CO.
401(k) PLAN

Notes to Financial Statements

1. Description of Plan

The following description of Confie Seguros Holding II Co. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 1997 under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of Confie Seguros Holding II Co. and certain U.S. subsidiaries, which are named as affiliated employers ("Company"). Normally, employees who have completed six months of service and have attained age 21 are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may elect to reduce their compensation, as defined by the Plan, by a certain amount and have that amount contributed to the Plan as a pre-tax salary deferral or as an after-tax (Roth) salary deferral. Participants who have attained age 50 before the Plan year-end are also eligible to make additional catch-up contributions. Participants may also contribute amounts representing transfers from another qualified plan or individual retirement account. The Company, as determined by the Board of Directors, may make a discretionary matching contribution equal to a percentage of the amount of salary deferrals and/or a discretionary profit sharing contribution for those participants who are employed on the last day of the Plan year and have more than 1,000 hours of service. Since Plan inception, there have been no employer contributions made to the Plan by the Company, except for certain qualified non-elective contributions ("QNEC").

Participant Accounts

Participants direct the investment of their accounts into various mutual funds offered by the Plan. Each participant's account is credited with the participant's contribution and Company's matching contribution, if any, and allocation of (a) the Company's profit sharing contributions, if any, (b) Plan's earnings, and (c) forfeitures of terminated participants' nonvested accounts, if any, and charged with an allocation of administrative expenses. Allocations are based on participant

1. Description of Plan (continued)

Participant Accounts (continued)

compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, and also in any employer QNEC contributions, plus actual earnings thereon. At December 31, 2011, all participant accounts are 100% vested. Employer matching and profit sharing contributions are subject to a five year graded vesting schedule, wherein a participant is 20% vested for each year of service.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans must be repaid within 5 years or for a longer repayment term for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. The interest rates at December 31, 2011 range from 4.25 percent to 9.25 percent. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant elects to receive a lump-sum equal to the vested value of his or her account. Under certain conditions, in-service financial hardship distributions are permitted.

Administrative Expenses

The Plan pays the administrative expenses of the Plan, unless paid by the Company, at its option. Expenses of the Plan in the current year were paid to ADP Retirement Services for Plan administrative fees related to recordkeeping, distributions and loans.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value and defines fair value as the price that would be received to sell an asset (i.e. exit price) in an orderly transaction between market participants as of the valuation date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 with the related inputs to the valuation methodology are described as follows:

Level 1	Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.
Level 2	Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.
Level 3	Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

The investment asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The valuation methodology used for the Plan's investments in mutual funds measured at fair value is that they are valued at the quoted market price based on the net asset value (NAV) of shares held by the Plan at year-end. There have been no changes in the methodology used at December 31, 2011 and 2010.

The preceding method as described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded when payable by the respective mutual fund. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expense are reflected as a reduction of investment income for such investments.

Notes Receivable from Participants

Notes receivable from participants are stated at the unpaid principal balance plus accrued but unpaid interest. Interest income associated with the notes receivable is recorded as earned as per the related loan amortization schedules. Delinquent participant loans are reclassified as distributions based on terms of the Plan agreement. The Form 5500 reflects participant loans as investments.

Payment of Benefits

Benefits are recorded when paid or upon distribution.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 10, 2012, which is the date the financial statements were available to be issued.

3. Financial Information Certified by the Trustee

The following is a summary of financial information included in the Plan financial statements at December 31, 2011 and 2010, and for the year ended December 31, 2011, as certified by State Street Bank and Trust Company, the trustee of the Plan, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments that represent 5 percent or more of the Plan's net assets at either Plan year-end are separately identified.

Total investments at fair value	$1,876,524	$ -	$ -	$1,876,524

5. Tax Status

The Plan and related trust currently conform to a prototype 401(k) plan designed by ADP, Inc. The Internal Revenue Service has determined, and informed ADP, Inc. by letter dated March 31, 2008, that the prototype 401(k) plan was designed in accordance with applicable requirements of the IRC. Although the Plan has been amended since the prototype 401(k) plan received its determination letter, the Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has

5. Tax Status (continued)

concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Delinquent Participant Contributions

During 2010 and 2011, the Company failed to remit various employee participant contributions and loan repayments in a timely manner. The Plan has calculated "lost earnings" on the participant contributions and loan repayments through the actual deposit date to the Plan assuming an appropriate interest rate for the applicable year. For the 2010 delinquent contributions, the Company remitted $35 of lost earnings to the Plan in 2011 which was allocated to the respective participants. For the 2011 delinquent contributions, the Company will remit the lost earnings in 2012. These delinquent participant contributions qualify as nonexempt prohibited transactions and have been reported in the supplemental Schedule of Delinquent Participant Contributions.
