NOTE 1: PLAN DESCRIPTION

The following description of **Proven Partners Manufacturing** ("Company") **Retirement Savings Plan** ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, covering all employees of the Company who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to the maximum percentage allowable of pretax annual compensation, not to exceed $16,500 for 2011 and 2010, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional $5,500 catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes discretionary matching contribution.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon, and the Company's matching contribution portion of their accounts plus actual earnings thereon, upon entrance into the Plan.

Investment Options: Participant directed investments are maintained through Transamerica Retirement Services. Upon enrollment in the Plan, a participant may direct elective contributions made on his/her behalf in any of the various investment options. The minimum amount which may be invested in any one option is 1% of the contribution.

Notes Receivable from Participants: The Plan agreement includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participants and beneficiaries who are either actively employed by the Company or are otherwise "parties in interest" as defined in section 3(14) of ERISA. The maximum amount of a loan shall not exceed the lesser of $50,000 or 50 percent of the participant's vested interest in the Plan as of the valuation date preceding the making of such loan. The loans are secured by the balance in the participant's account and bear interest at a rate which is commensurate with local prevailing rates. The term of the loan cannot exceed five years, unless the purpose of the loan, as determined at the time of the application, is to acquire or construct a principal residence for the participant, then the repayment of the loan shall not exceed thirty years. Principal and interest is paid ratably through payroll deductions.

NOTE 1: PLAN DESCRIPTION (continued)

Deemed Distribution: The Plan treats loans receivable from participants that are in default due to a missed payment, and outstanding loan balances when a terminated participant takes a distribution, as deemed distributions. In accordance with Internal Revenue Service (IRS) regulations, a participant who repays a loan after a deemed distribution will receive credits pursuant to IRS requirements.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, the participant or their beneficiary will receive 100 percent of the participant's account balance. If the value of the vested benefit is $5,000 or less, a lump-sum distribution will be made; otherwise, they may elect to receive the benefit as a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installments as prescribed by the plan document. For termination of service due to other reasons, a participant may receive the vested portion of their account balance as a lump-sum distribution.

Forfeitures: Forfeitures may be applied to administrative expenses and any remaining forfeitures may be used to reduce future employer contributions.

Plan Amendment: The Company has the right to amend the Plan at any time by action of its Board of Directors. In no event, however, will an amendment retroactively reduce the accrued benefit of any participant or beneficiary unless such amendment is required by the Internal Revenue Code.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared based on the accrual basis of accounting.

Basis of Presentation: The financial statements are presented in accordance with accounting principles generally accepted in the United States of America as codified in the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

New Accounting Pronouncements: In September 2010, the FASB issued ASU 2010-25, Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans. This guidance requires that loans receivable from participants in the financial statements of defined contribution pension plans be classified as loans receivable, segregated from plan investments, and carried at amortized cost plus any accrued but unpaid interest and that such loans are exempt from the fair value and credit quality disclosure requirements. This ASU is effective for fiscal years ending after December 15, 2010 and should be applied retrospectively to all prior periods presented. The Plan adopted this guidance and amended the presentation of notes receivable from participants in the financial statements and related disclosures.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates in the Preparation of Financial Statements: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Fair Value Measurements: FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the plan has the ability to access.

Level 2: Inputs other than level 1 that are observable, such as quoted prices for similar assets or liabilities in active markets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liability.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements (continued): The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the quoted net asset value of shares held by the plan at year end.

Investment contract with insurance company: Valued at contract value which is determined by the effective interest rate which is set monthly and effective on the first day of the month.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizeable value or reflective future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements at December 31, 2011 and 2010:

	Fair Value Measurements at December 31, 2011			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 577,078**	**$ 0**	**$ 0**	**$ 577,078**
Investment contract with insurance company	**0**	**59,852**	**0**	**59,852**
Total investments at fair value	**$ 577,078**	**$ 59,852**	**$ 0**	**$ 636,930**

	Fair Value Measurements at December 31, 2010			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 637,033	$ 0	$ 0	$ 637,033
Investment contract with insurance company	0	16,180	0	16,180
Total investments at fair value	$ 637,033	$ 16,180	$ 0	$ 653,213

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: At the Company's discretion, administrative expenses may be paid by the Company or the Plan. For the years ended December 31, 2011 and 2010, the Company elected to pay some administrative costs.

Subsequent Events: The Company has evaluated subsequent events through the date of the report on the financial statements.

NOTE 3: INVESTMENTS

The Plan's assets are held by Transamerica Retirement Services (Transamerica), the trustee of the Plan. The Plan administrator has elected the method of annually reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

The Plan's independent public accountants did not perform any generally accepted auditing procedures with respect to this information except for comparing such information to the related amounts included in the financial statements and supplemental schedule.

The carrying values of individual investments that represent 5 percent or more of the Plan's net assets were as follows:

	2011	2010

American Funds Balanced	*	22,875

* Less than 5%

NOTE 4: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Transamerica. Transamerica is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the custodial services amounted to $10,123 and $6,791 for the years ended December 31, 2011 and 2010.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 6: TAX STATUS

Effective January 1, 2009, the Plan document was restated to comply with various tax law changes. Since the plan was restated on a prototype document that has received a favorable opinion letter, the Plan is not required to file for an individual determination letter. The Plan administrator believes that the Plan is designed and is currently being operating in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The IRS generally has the ability to examine Plan activity for up to three years.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010 to Form 5500:

	2011	2010
Net assets available for benefits per the financial statements	**$ 687,788**	$ 666,043
Current year contribution receivable per the financial statements	**(624)**	(9,542)
Net assets available for benefits per the Form 5500	**$ 687,164**	$ 656,501

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (continued)

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the years ended December 31, 2011 and 2010 to Form 5500:

	2011	2010
Net increase in net assets available for benefits per the financial statements	**$ 21,745**	$ 296,905
Current year contribution receivable per the financial statements	**(624)**	(9,542)
Prior year contribution receivable per the financial statements	**9,542**	9,217
Net increase in net assets available for benefits per the Form 5500	**$ 30,663**	$ 296,580

NOTE 9: LATE REMITTANCES

During the Plan year ended December 31, 2010, participant contributions in the amount of $6,651 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrence and has taken the appropriate steps to correct the situation by entering into the Department of Labor's Voluntary Fiduciary Compliance Program. As of the report date, the issue has been resolved.

NOTE 10: RECLASSIFICATION

The Company has reclassified the presentation of certain December 31, 2010 information to conform to the December 31, 2011 presentation.
