INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Tool Flo 401(k) Plan
Houston, Texas

We were engaged to audit the financial statements of Tool Flo 401(k) Plan (the Plan) as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by State Street Bank and Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Tool Flo 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan, which covers all employees of Tool Flo Manufacturing, Inc. (the Company), was established September 1, 1997, as a 401(k)/profit sharing plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The amended and restated provisions of the Plan became effective on March 1, 2010. This restatement was made to conform the Plan to new tax laws and some provisions may be retroactively effective.

Eligibility – Qualifying employees may enter the Plan on the first day of each month of the Plan year after attaining 18 years of age and completing six months of service.

Contributions – Each year, participants may elect to defer from 1% up to 15% of their eligible earnings, not to exceed the maximum dollar amount allowed by law. Participants age 50 or older during the calendar year may also make catch-up contributions in excess of their elective deferrals. Rollover contributions are permitted from other eligible retirement plans and certain IRAs. Participants may increase or decrease their contribution percentage or suspend contributions at any pay date.

The Company may make a matching contribution, as determined annually. For 2011, the Company made matching contributions of $50,663.

Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, employer contributions, investment earnings or losses, cost of investment management expenses, transactional costs, and service charges. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and rollovers plus actual earnings or losses thereon. Vesting in the employer contribution portion of their accounts plus actual earnings or losses thereon is based on years of service, with participants becoming 100% vested at six years of credited service. A participant becomes 100% vested in their full account balance immediately due to death, disability or attainment of age 65.

Investment Options – Participants direct the investments of their entire interest in the Plan into various investment securities offered by the Plan. The Plan currently offers a money market fund, collective trust funds, and mutual funds as investment securities for its participants. Participants may modify investment elections, transfer existing account balances, and obtain information regarding their investments each business day.

Note Receivable from Participants – Loans are made on a uniform and non-discriminatory basis. Participants may borrow from their fund accounts a minimum of $500 and up to 50% of their vested account balance not to exceed $50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the new loan is made. The loans are adequately secured by the balance in the participant's account and bear interest at rates that are reasonable. Principal and interest payments are paid ratably through payroll deductions over a term not to exceed five years, unless the loan was obtained to acquire a principal residence, which can extend the term.

Payment of Benefits – Upon termination of service due to termination, death, disability or retirement, a participant may elect to receive either a single lump-sum payment equal to the value of the participant's vested interest in their account or a direct rollover to a qualified account. Federal law allows the Plan to automatically rollover a participant's vested account into a qualified IRA if it is more than $1,000, but less than $5,000, the participant is not age 65, and the participant does not make a distribution election. Account balances less than $1,000 will be paid in a single lump-sum payment.

Hardship withdrawals are governed by Internal Revenue Service (IRS) regulations and are only permitted under immediate and heavy financial need. A participant may also receive an in-service distribution upon reaching age 59½.

Forfeited Accounts – The non-vested portion of a participant's account balance is forfeited upon termination of service. Forfeited amounts may first be used to pay Plan expenses and then used to offset employer contributions. At December 31, 2011 and 2010, there were no forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Recent Accounting Pronouncements – In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended Accounting Standards Codification (ASC) 820 to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair values measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures will not be required for nonpublic entities. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The adoption of this pronouncement is not expected to have a material impact on the Plan's financial statements.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Net depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefits Payable – Benefits are recorded when paid. As of December 31, 2011, there were no amounts allocated to participants who elected to withdraw from the Plan, but have not been paid.

Administrative Expenses – The Plan incurs expenses related to general administration and recordkeeping. Certain expenses and accounting and auditing fees relating to the Plan are paid by the Company. Many of the investment funds under the Plan do pay fees and incur expenses that may reduce the returns generated by the investment funds.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Excess Participant Contributions Payable –Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2012 and 2011, respectively.

Subsequent Events – The Plan has evaluated subsequent events through September 11, 2012, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- **Level 2** – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.

- **Level 3** – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Money Market Fund – Investments in the money market fund are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Collective Trust Funds – The collective trust funds held by the Company include funds that invest in stocks and bonds. The collective trust funds are valued at fair value, which represent the net asset value of shares of the underlying investments held by the Plan at year-end.

Mutual Funds – Investments in mutual funds are stated at fair value based upon quoted market prices of the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2011

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

Investments and investment activities included in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits, and supplemental schedule have been certified as accurate and complete by State Street Bank and Trust Company (Trustee) as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, under such election, the Company instructed the Plan's independent auditors not to perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – INVESTMENTS (UNAUDITED)

At December 31, 2011 and 2010, all investments of the Plan were participant-directed. The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2011	2010
SSGA Cash Series U.S. Govt*	**$ 221,791**	$ 216,331
SSGA S&P 500 Index*	**265,742**	254,742
SSGA S&P Midcap Index*	**98,560**	98,569
Invesco Charter	******	63,800
T. Rowe Price Retirement 2030	**237,117**	225,321
Thornburg Intern Value Fund	**141,202**	159,104
PIMCO Total Return Fund	**72,096**	**

* Indicates a party-in-interest.
** Represents less than 5% of the Plan's net assets as of December 31.

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by a total of $38,429 as follows:

Collective trust funds	$ 738
Mutual funds	37,691
Net depreciation in fair value of investments	$ 38,429

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by the Trustee. These transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for the investment management services are included with net depreciation in fair value of investments.

NOTE 7 – PLAN TERMINATION

While the Company hopes and expects to continue the Plan indefinitely, the Company reserves the right to terminate, discontinue making contributions to, amend, or modify the Plan at any time. Upon termination of the Plan, all participants will become 100% vested in their total account balance. The Company will arrange for distributions upon Plan termination as soon as administratively feasible.

NOTE 8 – TAX STATUS

The Plan adopted a prototype standardized profit sharing plan with a cash or deferred arrangement which received its latest opinion letter from the IRS on March 31, 2008, in which the IRS stated that the form of the prototype plan was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has since been amended. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years that are considered closed for tax filing purposes.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the statement of net asset available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010, to Form 5500:
