The Suddath Companies Retirement Savings Plan

We have audited the accompanying statement of net assets available for benefits of the Suddath Companies Retirement Savings Plan (the "Plan") as of December 31, 2011 and 2010, the related statement of changes in net assets available for benefits for the year ended December 31, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011 and 2010, and the changes in net assets available for benefits for the year ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011 and 2010, and the changes in net assets available for benefits for the year ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

*The accompanying notes are an integral part of these financial statements*

## 1. Description of Plan:

The following description of The Suddath Companies Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General*

The Retirement Savings Plan is a defined contribution retirement plan covering all employees of The Suddath Companies (the "Company") who have ninety days of continuous service, excluding nonresident aliens, leased employees or salaried employees and hourly employees exempt from collective bargaining agreements. The Plan Committee of the Board of Directors of the Company controls and manages the operation and administration of the Plan. The Retirement Savings Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

*Contributions*

Each year participants may contribute compensation, as defined in the Plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary matching contribution on an annual basis. For the years ended December 31, 2011and 2010, the Company contributed 25% of the first 5% of base compensation that a participant contributed to the Plan, not to exceed $1,250. An additional discretionary match amount may be contributed based on a profitability scale established by the Company's board of directors. For the year ended December 31, 2011, the Company contributed an additional discretionary matching contribution of 25% of the first 5% of base compensation that a participant contributed to the Plan, increasing the total matching contribution for the year to 50% of the first 5% of base compensation that a participant contributed to the Plan. For the year ended December 31, 2010 there was no additional discretionary matching contribution. Contributions are subject to certain IRC limitations.

*Investment Options*

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common collective trust as investment options for participants.

*Participant Accounts*

Participant's accounts are credited with participant contributions, the Company's matching contribution, an allocation of the Company's discretionary contribution, and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**1. Description of Plan (Continued):**

*Vesting*

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A minimum of 1,000 hours of service during a Plan year is required to receive credit for a year of service. A participant is 100% vested after three years of continuous service. In the event of death, disability, retirement upon attaining age 65 or termination of the Plan the participants' account becomes fully vested.

*Forfeitures*

Forfeited account balances may be used to reduce the employer matching contribution or pay Plan expenses. For the year ended December 31, 2011 there were no forfeited balances used to reduce employer contributions or pay Plan expenses. There were forfeitures of $119,174 and $90,942 available for future use at December 31, 2011 and 2010, respectively.

*Participant Loans Receivable*

Participants are permitted to borrow from the Plan using their vested account balance as security for the loan. The minimum loan permitted under the terms of the Plan is $1,000, up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. A participant may only have one loan outstanding at any time. Loans are required to be repaid within five years in equal payments made at least quarterly. Loan repayments will be deducted from the participant's payroll over the term of the loan. Loans bear interest at the prevailing rate used by commercial lending institutions plus a fixed percentage.

*Payment of Benefits*

Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive a lump sum or various installment and annuity options as provided by the Plan up to the participants' vested account balance. The Plan allows for in-service distributions for participants who are 100% vested and have attained the age of 59 ½ or qualify for a hardship distribution. If the participant's vested balance does not exceed $1,000, the Plan will distribute the entire account balance automatically.

**2. Summary of Accounting Policies:**

*Basis of Accounting*

The financial statements of the Plan are prepared using the accrual method of accounting.

**2. Summary of Accounting Policies (Continued):**

*Use of Estimates*

The preparation of financial statements requires the use of significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

*Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value which represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Contract value is the relevant measurement attribute for certain Plan assets attributable to fully benefit-responsive investments because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

*Payment of Benefits*

Benefits are recorded when paid.

*Administrative Expenses*

Administrative expenses of the Plan may be paid by the Company or Plan. Unless paid by the Company, administrative expenses are allocated to 1) participant accounts proportionally based on the value of the account balances, 2) as an equal dollar amount based on the number of participants of the Plan, or 3) charged to the related participant's account.

*Risks and Uncertainties*

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is as least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

**2. Summary of Accounting Policies (Continued):**

*Recent Accounting Pronouncements*

In May 2011, the FASB issued ASU No. 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS" ("ASU 2011-04"), which amends ASC 820, "Fair Value Measurement and Disclosures". ASU 2011-04 requires categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. In addition, ASU 2011-04 provides guidance on measuring fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. ASU 2011-04 requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for reporting periods beginning after December 15, 2011. The requirements of the standard are not expected to have a significant impact on the Plan's current fair value disclosures.

**3. Fair Value Measurements:**

Financial Accounting Standards Board Accounting Standards Codification Topic 820 (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

**3. Fair Value Measurements (Continued):**

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

*Mutual funds:* The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs) or net asset value reflecting all investments at fair value.

*Common collective trusts*: The fair values of interests in stable value funds are based upon the net asset values of such funds reflecting all investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported by the fund managers (Level 2 inputs)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2011 and 2010.

| *December 31, 2011* | Level 1 | Level 2 | Level 3 | Total |

**4. Investments:**

The following investments represent five percent or more of the Plan's net assets as of December 31, 2011 and 2010:

(a) balance did not exceed five percent

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) appreciated in value as follows:

| *Year ended December 31,* | 2011 |
|---|---|
| Mutual funds | $ (1,746,210) |
| Common/collective trust funds | 138,077 |
| | $ (1,608,133) |

The Plan invests in the Wells Fargo Stable Return Fund N3 (the "Wells Fund"). The Wells Fund is a collective trust fund sponsored by Wells Fargo Bank, N.A. that indirectly invests in investment contracts and security-backed contracts. A security-backed contract has two parts: the first is fixed-income securities; the second is a contract value guarantee or wrapper, provided by a third party to assure that the future interest crediting rate (the interest rate earned by participants in the Fund for the underlying investments) is not less than zero. The Plan's interest in the Wells Fund is calculated by applying the Plan's ownership percentage to the total fair value of the Wells Fargo Stable Return Fund N3.

The interest crediting rate of the Wells Fund at December 31, 2011 was 1.56%. The interest crediting rate of the Wachovia fund at December 31, 2010 was 2.38%. The interest crediting rate is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, the amount and timing of participant contributions, transfers, and withdrawals and the duration of the fixed-income investments that underlie the wrap contracts.

The average market yield of the Wells Fund for the year ended December 31, 2011 was 2.33%.

**5. Tax Status:**

The Internal Revenue Service has determined and informed the Company by a letter dated August 30, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the letter, however the Plan administrator believes the Plan continues to be operated in compliance with applicable requirements of the IRC and the related trust continues to be tax exempt.

Management evaluated the Plan's tax positions and concluded that as of December 31, 2011 the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2008.

**6. Related Party Transactions:**

Plan investments in common collective trusts and mutual funds are managed by Wells Fargo Bank, N.A., the custodian of the Plan. Therefore, these investment transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and transaction fees amounted to $98,522 for the year ended December 31, 2011, and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits.

Raymond James serves as an advisor to the Plan and is considered a party-in-interest. The Plan paid $70,731 to Raymond James during the Plan year ended December 31, 2011, which are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

**7. Plan Termination:**

The Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. Although no intent to do so has been expressed, in the event of Plan termination, participants will become immediately vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner, as the Company may determine, which is in compliance with ERISA.

**8. Reconciliation of Financial Statements to the Form 5500:**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2011 and 2010:

| *December 31,* | 2011 | 2010 |

| Net assets available for benefits per Form 5500 | $ 32,228,233 | $ 28,449,322 |
