Report of Independent Auditors

Plan Administrator
Aspen Systems Corporation Employe Stock Ownership Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Aspen Systems Corporation Employee Stock Ownership Plan as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by the GreatBanc Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedule as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Aspen Systems Corporation Employee Stock Ownership Plan (004)

Notes to Financial Statements

December 31, 2011

1. Description of the Plan

The following description of the Aspen Systems Corporation Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description or the Plan Document for a more complete description of the Plan's provisions.

General

Aspen Systems Corporation established the Aspen Systems Corporation Employee Stock Ownership Plan (the Plan) effective as of January 1, 1993. The Plan is a profit sharing plan subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by Lockheed Martin Corporation (the Corporation). The Plan's assets are held in a trust (the Trust) under an agreement between the Corporation and Greatbanc Trust Company. The Corporation is the Plan Sponsor and the Plan Administrator.

On January 26, 2006, Aspen Systems Corporation, the Trust and Lockheed Martin Services, Inc. (Lockheed Martin) entered into an agreement to sell to Lockheed Martin 100% of the issued and outstanding capital stock of Aspen Systems Corporation subject to certain closing conditions. Consequently, all of the employer stock held within the Plan was converted to cash and the proceeds from the sale were transferred to the Plan and the Plan was changed from an Employee Stock Ownership Plan to a profit-sharing plan.

Effective as of the January 27, 2006, the Plan was amended so that no employee may become an eligible employee or participant under the Plan, if not already a participant. Also, the Plan was amended to prevent contributions to the Plan for any period ending after the closing and non-vested account balances on the date of the sale became 100% vested. Each participant was also permitted to take a plan distribution after the closing.

Payment of Benefits

On termination of service for any reason, the participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the total benefit is less than $1,000 then an automatic distribution will be made. If the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or receive the distribution, then the Plan Administrator shall pay the distribution in a direct rollover to an individual retirement plan.

1. Description of the Plan (continued)

Plan Termination

The Corporation reserves the right to terminate the Plan at any time, subject to Plan provisions. In the event of plan termination, participants will receive a payment equal to the total value of their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Interest income on the Plan's investment in the money market fund is recorded on the accrual basis.

Recent Accounting Pronouncements

In May 2011, the FASB issued amended guidance to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan's management is currently evaluating the impact that the amended guidance will have on the Plan's financial statements.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held as of December 31, 2011, and interest for the year ended December 31, 2011, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Greatbanc Trust Company, the trustee of the Plan.

Assets are invested in the Goldman Sachs Financial Square Prime Obligation Fund where the fund's objective is to maximize current income to the extent consistent with the preservation of capital and the maintenance of liquidity.

The Plan's investment that represents 5% or more of the Plan's net assets available for benefits is as follows:

	December 31, 2011	2010
Goldman Sachs Financial Square Prime Obligation Fund	$ 2,783,911	$ 3,981,009

4. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Corporation by letter dated December 27, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2004.

5. Fair Value Measurements

The accounting standard for fair value measurements defines fair value, establishes a market-based framework or hierarchy for measuring fair value, and expands disclosures about fair value measurements. The standard is applicable whenever assets and liabilities are measured and included in the financial statements at fair value.

5. Fair Value Measurements (continued)

The fair value hierarchy established in the standard prioritizes the inputs used in valuation techniques into three levels as follows:

- Level 1 – Observable inputs – quoted prices in active markets for identical assets and liabilities;
- Level 2 – Observable inputs other than the quoted prices in active markets for identical assets and liabilities – includes quoted prices for similar instruments, quoted prices for identical or similar instruments in inactive markets, and amounts derived from valuation models where all significant inputs are observable in active markets; and
- Level 3 – Unobservable inputs – includes amounts derived from valuation models where one or more significant inputs are unobservable and require us to develop relevant assumptions.

The Plan's investment is in a money market fund, whose assets are reported at amortized cost. The underlying investments of the money market fund consist primarily of short-term debt securities whose fair value for the purpose of categorization in the fair value hierarchy is primarily determined based on quoted prices for similar securities. As a result, the money market fund is designated as a level 2 investment. As of December 31, 2011 and 2010, the total value of the investment was $2,783,911and $3,981,009, respectively.

At December 31, 2011 and 2010, the Plan has no financial assets or liabilities that are categorized as Level 3. During 2011, the Plan had no financial assets or liabilities that were transferred in or out of the Level 3 categories.

6. Party-in-Interest Transactions

There were no party-in-interest transactions in 2011 and 2010.

7. Subsequent Events

The IRS has determined and informed the Corporation by letter dated January 4, 2012, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Effective April 2, 2012, the name of the Plan was changed from the Aspen Systems Corporation Employee Stock Ownership Plan (the Plan) to the Aspen Systems Corporation Profit Sharing Plan.

The Corporation filed an application with the IRS on April 2, 2012 for a tax determination letter for terminating the Aspen Systems Corporation Profit Sharing Plan.

The Plan's management has evaluated subsequent events through October 9, 2012, the date the financial statements were available to be issued.
