NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2011 AND 2010, AND FOR THE YEAR ENDED DECEMBER 31, 2011

1. DESCRIPTION OF PLAN

The following description of the Scripps Networks Interactive 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General — The Plan is a defined contribution plan maintained by Scripps Networks Interactive, Inc. (“Scripps”) and subsidiaries and certain other companies (“Participating Employers”). The Plan became effective on January 1, 2009.

The Plan includes a 401(k) savings option which allows participants to defer a portion of their eligible compensation (principally base salary and commissions) for income tax reporting purposes, subject to a maximum set by federal law. Vanguard Fiduciary Trust Company (“Vanguard”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation — Effective January 1, 2010, Participation in the Plan was open to all employees upon employment.

Contributions — Participants may contribute to the Plan, through payroll deductions, a minimum of 1% and up to 16% of eligible compensation, subject to certain Internal Revenue Code (IRC) limitations. For most participants, Participating Employers contribute amounts equal to one-half of the participants’ contributions up to 6% of eligible compensation.

Beginning January 1, 2010, upon meeting a one year service requirement, participants also receive an additional company contribution based on a point system which combines age and years of service as of the first day of the year, ranging from a minimum of 2% to a maximum of 8% of eligible compensation.

The Company performs certain participant discrimination testing annually in accordance with ERISA. The results of these tests required certain contributions to be returned to certain participants for discrimination testing compliance.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Participating Employer’s matching contribution, allocations of Participating Employer’s discretionary contributions, and Plan earnings, and charged with withdrawals and an allocation of Plan investment income and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments — Participants direct the investment of their contributions and existing account balances into various investment options offered by the Plan. The Plan currently offers 25 mutual funds and a common collective trust (CCT) fund as investment options for participants.

Vesting — All participants are immediately fully vested in employee contributions, plus earnings thereon. Participants hired before January 1, 2010 are immediately fully vested in employer matching

contributions and participants hired after January 1, 2010 become fully vested in employer matching contributions after three years of service based on a three year cliff vesting of 33% per year. All participants become fully vested in any age and service based employer contributions after three years of service.

Withdrawals — Contributions to the Plan and corresponding earnings are accessible to participants upon retirement or after employment with the Participating Employers ends. However, the Plan grants participants access to contributions and the corresponding earnings for withdrawal during employment subject to various limitations and restrictions. In addition, participants who have made contributions to the Plan for greater than 60 months or participants who are at least age 65 may withdraw Participating Employers matching contributions and the corresponding earnings. Participants are also permitted to withdraw contributions and corresponding earnings under financial hardship provisions. Participants who elect to withdraw funds under the financial hardship provisions are not allowed to contribute to the Plan for six months following such a withdrawal. Withdrawals are recorded when paid.

Participant Loans — Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their account balances. Loans are treated as transfers from an investment fund to the Participant Loan Fund. Loans are repaid over a period not to exceed five years; however, loans become due and payable upon termination of employment. The loans are secured by the balance in the participants' accounts and bear interest at a rate equal to prime (as of the date the loan is issued) plus 1%. The prime rate was 3.25% at December 31, 2011.

Forfeited Accounts — At December 31, 2011 and 2010, forfeited nonvested accounts totaled \$1,056,855 and \$132,955, respectively. These accounts will be used to reduce future employer contributions or pay Plan administrative expenses. During the year ended December 31, 2011, employer contributions were reduced by \$1,056,855 from forfeited nonvested accounts.

Administration — The Participating Employers provide the Plan with certain accounting and administrative services for which no fees are charged.

Plan Transfer — During the second quarter of 2011, our board of directors approved the sale of our Shopzilla business and its related online comparison shopping brands. Effective December 31, 2011, the Shopzilla employees who were previously enrolled in the Plan were transferred into the Shopzilla, Inc. 401(k) Plan. In December 2012, account balances and net assets available for benefits of the Shopzilla participants were transferred. The total amount of assets transferred from the SNI Plan into the Shopzilla, Inc. 401(k) was \$14,355,982.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("generally accepted accounting principles").

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

The Vanguard Retirement Savings Trust III (the "Fund") is a CCT fund which invests in fully benefit-responsive investment contracts. The value of the participation units in the CCT is based on the fair value of the underlying investments. The estimated fair value of the Plan's investment in the CCT was \$14,215,682 at December 31, 2011. The fair value of the CCT is adjusted to contract value as required

by generally accepted accounting principles. Contract value represents contributions made plus interest accrued at the contract value, less withdrawals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Use of Estimates — The preparation of financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including mutual funds and a CCT fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Subsequent Events — The Plan has evaluated subsequent events through October 12, 2012, the date these financial statements were available to be issued.

New Accounting Standards

ASU No. 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure— In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Updated (ASU) No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, which amends Accounting Standards Codification (ASC) 820. ASU 2011-04 also requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2. In addition, the ASU provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The ASU requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for reporting periods beginning after December 15, 2011. The adoption will not have a material effect on the statement of net assets available for benefits and statement of changes in net assets available for benefits. Plan management has not determined the impact on the disclosures in the financial statements.

ASU No. 2010-06, Fair Value Measurements and Disclosures — In January 2010, the FASB issued ASU No. 2010-06, *Fair Value Measurements and Disclosures*, which amends ASC 820, *Fair Value Measurements and Disclosures*, adding a new disclosure requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis. This requirement is effective for fiscal years beginning after December 15, 2010. The adoption in 2011 did not materially affect the Plan's financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2011 and 2010 and for the year ended December 31, 2011, included in the Plan's financial statements and supplemental schedule that was prepared by the Trustee. 4. FAIR VALUE MEASUREMENTS

ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The plan's policy is to recognize significant transfer between levels at the actual date of the event.

The following table sets forth by level within the fair value hierarchy the Plan's investments measured at fair value on a recurring basis at December 31, 2011, held at Vanguard.

5. STABLE VALUE FUND

The Fund is a stable value CCT fund sponsored and trustee by Vanguard. The Fund invests in benefit-responsive investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts that are selected by Vanguard. The primary investment contracts consist of the following:

- Traditional investment contracts issued by insurance companies and banks are nontransferable, but provide for benefit-responsive withdrawals by plan participants at contract value. For traditional investment contracts, fair value comprises the expected future cash flows for each contract discounted to present value. Contract value represents contributions made plus interest accrued at the contract rate, less withdrawals. The crediting rate on traditional contracts is typically fixed for the life of the investment.
- Alternative investment contracts (also called “synthetic investment contracts”) consist of investments together with contracts under which a bank or other institution provides for benefit-responsive withdrawals by plan participants at contract value. For alternative investment contracts, the fair value comprises the aggregate market values of the underlying investments in bond trusts, and the value of the wrap contracts, if any. The difference between valuation at contract value and fair value is reflected over time through the crediting rate formula provided for in the Fund’s synthetic contracts. The crediting rate of the contract resets every quarter based on the performance of the underlying investment portfolio. To the extent that the Fund has unrealized gains and losses (that are accounted for, under contract value accounting, through the value of the synthetic contract), the interest crediting rate may differ from then-current market rates. An investor currently redeeming Fund units may forgo a benefit, or avoid a loss, related to a future crediting rate different from then-current market rates.

The beneficial interest of each participant is represented by units of participation. Units are issued and redeemed daily at the Fund’s constant NAV of \$1 per unit. Distributions of net investment income to unit holders are declared daily and reinvested on the first business day of the following month. It is the expectation of the Fund to maintain a stable net asset value of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses as applicable. There are no unfunded commitments or restrictions on redemption frequency for the Fund.

Limitations on the Ability of the Fund to Transact at Contract Value — The Fund’s investment contracts are designed to allow a stable value portfolio to maintain a constant NAV, provide a stable crediting rate, and protect a portfolio in extreme circumstances. The issuers’ ability to meet these obligations may be affected by economic developments in their respective companies and industries.

Further, the existence of certain conditions can limit the Fund’s ability to transact at contract value with issuers of its investment contracts. In general, issuers may terminate the contract and settle at other than contract value if there is a change in the qualification status of participant, employer, or plan; a breach of material obligations under the contract and misrepresentation by the contract holder; or failure of the underlying portfolio to conform to the pre-established investment guidelines. Any event outside the normal operation of the Fund that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to the withdrawal. Examples of such events include, but

are not limited to, partial or complete legal termination of the Fund or a unit holder, tax disqualification of the Fund or unit holder, and certain Trust amendments if issuers' consent is not obtained.

As of December 31, 2011, the occurrence of an event outside the normal operation of the Fund that would cause a withdrawal from an investment contract is not considered to be probable.

6. NAV PER SHARE

In accordance with ASU No. 2009-12, *Fair Value Measurements and Disclosures (Topic 820): Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)*, the Plan should include disclosures to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the NAV per share. The estimated fair value of the Fund is NAV. The use of NAV as a fair value is deemed appropriate as the Fund does not have a finite life, unfunded commitments, or restrictions on redemptions.

7. INVESTMENTS

The Plan's investments, which represented 5% or more of net assets available for benefits as of December 31, 2011 and 2010, are as follows:

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a CCT fund managed by Vanguard. Vanguard is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

9. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 28, 2012, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Participating Employers and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As the Plan became effective January 1, 2009, no statutes of limitations have expired.

10. PLAN TERMINATION

Although it has not expressed any intention to do so, the Participating Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

11. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company remitted certain participant contributions of \$1,081,667 to the trustee on certain dates during 2010 that were later than required by Department of Labor Regulation 2510.3 102. The Company filed Form 5330 with the IRS and paid the required excise tax on the transaction. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

12. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2011 and 2010.
