INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
The Denver Post Non-Union Employees' Pension Plan
Denver, Colorado

We were engaged to audit the financial statements of The Denver Post Non-Union Employees' Pension Plan (the "Plan") as of December 31, 2011 and 2010, and for the years then ended, and the supplemental schedules as of and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and the supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements, but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and the supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Valuation of plan assets	<p>Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.</p> <p>A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii)</p>
Expected return on assets	
2009 plan year	Lesser of 7.50% and the 3 rd segment rate. Actual rate of 6.69%

Form of Retirement Benefit

Normal

Married Employees

Reduced 50% Joint and Survivor Annuity.

Unmarried Employees

Life Annuity.

Optional

5- or 10-Year Certain and Life Annuity.
50% or 100% Joint and Survivor Annuities.
Lump sum if between \$5,000 and \$10,000.

Definitions

Actuarial Equivalence

Equivalence in value between two or more methods of payment.

For payments other than lump sums, actuarial equivalence is based on a table of factors. The factors below apply if the difference between the Participant's age and the survivor annuitant's age is not more than five years.

5-Year Certain and Life Annuity	.98
10-Year Certain and Life Annuity	.95
50% Joint and Survivor Annuity	.90
100% Joint and Survivor Annuity	.80

Lump sum payments are based on 417(e) mortality and interest rates.

Benefit Service

One year granted for each calendar year in which the participant has 1,000 hours of service.

Vesting Service

One year granted for each calendar year in which the employee has 1,000 hours of service.

Compensation

W-2 earnings plus amounts deferred under Section 401(k), Section 125, and the deferred compensation plan.

Final Average Compensation

The highest average annual compensation for any five consecutive calendar years of the ten consecutive calendar years preceding termination of employment.

Plan Year

Calendar year.

INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
The Denver Post Non-Union Employees' Pension Plan
Denver, Colorado

We were engaged to audit the financial statements of The Denver Post Non-Union Employees' Pension Plan (the "Plan") as of December 31, 2011 and 2010, and for the years then ended, and the supplemental schedules as of and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and the supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements, but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and the supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Post Non-Union Employees' Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan established on April 1, 2001. The Plan is a non-contributory plan covering substantially all non-union employees of The Denver Post, LLC (the "Company"). The Company was formed on January 23, 2001, under a joint operating agreement between the E.W. Scripps Company ("Scripps"), owner of *The Rocky Mountain News*, and The Denver Post Corporation ("DPC") (a subsidiary of MediaNews Group, Inc.), owner of *The Denver Post*. The Plan was formed by a transfer of assets and accrued benefits associated with certain employees who, prior to April 1, 2001, were employees of DPC and The Denver Publishing Company (a subsidiary of Scripps) and participated in certain pension plans of DPC and The Denver Publishing Company. Effective April 1, 2001, these employees became employees of the Company and commenced participation in the Plan.

Effective December 31, 2008 ("Freeze Date"), the Denver Newspaper Agency froze the Plan. New employees as of January 1, 2009 are not eligible to participate in the Plan.

On February 26, 2009, MediaNews Group, Inc. and Scripps entered into a separation agreement (the "Separation Agreement"). Effective February 27, 2009, in accordance with the Separation Agreement, Scripps stopped publishing *The Rocky Mountain News* and ceased management control. The Company maintains fiduciary responsibilities for the Plan and ensures the Plan meets minimum funding requirements.

Prior to January 1, 2009, eligible employees became participants in the Plan on the first day of the month coincident with or following the later of (1) the date the employee completes one year of participation service or (2) the date the employee commences covered employment. Covered employees are defined as employees of the Denver Newspaper Agency who were not covered by a collective bargaining agreement, leased employees, non-resident aliens who either receive no earned income from U.S. sources or such income is exempt from U.S. income tax, or independent contractors.

Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Non-Union Employees' Pension Plan to The Denver Post Non-Union Employees' Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company has elected a committee that administers the Plan. Prudential Retirement Insurance and Annuity Company ("Prudential Retirement") serves as trustee, manages Plan investments, and maintains the Plan's records.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Funding Policy

Contributions to the Plan are based on actuarial determinations provided by the Plan's actuary. All contributions are made by the Company in cash in amounts adequate to meet the minimum funding requirement of ERISA. Contributions of \$1,660,000 and \$954,195 were made to the Plan for the years ended December 31, 2011 and 2010, respectively.

Vesting and Payment of Benefits

Participants earn one year of vesting service for each calendar year in which a participant is credited with at least 1,000 hours of service. Generally, all of a participant's service prior to April 1, 2001 with Scripps, DPC, and their subsidiaries will be credited for vesting purposes based on vesting service calculations for the predecessor plans applicable to the participants during that time.

Pension benefits are provided to participants under several types of retirement options, based upon years of service and age. Normal retirement commences as of the participant's normal retirement date (age 65). Participants with five years of vesting service may receive reduced retirement benefits for early retirement (age 55). If a participant terminates employment at age 55 (or older), the participant can elect to start benefit payments at age 62 with no reduction to retirement benefits. A participant may also elect late retirement (after age 65). A participant who, prior to normal retirement age, becomes disabled, as defined in the Plan document, and who has completed five years of vesting service is eligible to receive a disability benefit, calculated as specified in the Plan document. A participant who terminates employment and is not eligible for normal, early, or late pension benefits, but who has completed five years of vesting service, is eligible to receive a deferred vested retirement benefit once the participant reaches the age of 55. Pension benefits are subject to an annual maximum, as described in the Plan document. The normal form of benefit payment is a single life annuity; however, participants may elect various forms of joint and survivor annuities, including a lump-sum payment in certain situations, as defined by the Plan document.

The spouse of a participant who dies while employed and after completing five years of vesting service, or after terminating with normal, early, late, deferred, or disability retirement benefit but before the participant's annuity starting date, as defined in the Plan document, is entitled to a death benefit. The death benefit is payable in the form of a qualified joint and 50% survivor annuity or in the form of a qualified joint and 100% survivor annuity if the proper elections have been made. The death benefit becomes payable no earlier than the date the participant would have become eligible to receive benefits. Participants transferring from the MediaNews Group Defined Benefit Plan for Certain Employees, which merged with the Plan on August 26, 2009, have different calculations of death benefits as defined by the MediaNews Group Defined Benefit Plan document.

The spouse, or the designated beneficiary if the proper elections have been made, of a participant who dies after normal, early, late, deferred, or disability benefits have commenced is entitled to death benefits payable as elected when the participant became eligible for the benefit, as defined in the Plan document. However, if the participant is unmarried, the designated beneficiary is eligible for death benefits, as described in the Plan document, payable in a single lump sum.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting and Payment of Benefits (continued)

Effective April 1, 2010, the Plan's assets were below the 80% funding target attainment percentage. Until the funded status of the Plan changes, a participant may only receive up to 50% of the participant's vested balance through a lump-sum payment. This amount cannot exceed the lump-sum value of the amount guaranteed by the Pension Benefit Guaranty Corporation. At the participant's benefit commencement, the remaining participant balance can be paid out as either a single life annuity, joint survivor annuity, or certain and life annuity at the participant's direction. As of December 31, 2011, the Plan's assets remained below the 80% funding target attainment percentage.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in order of priority determined in the Plan document. The Pension Benefit Guaranty Corporation guarantees the payment of all non-forfeitable (vested) benefits subject to certain limitations prescribed by ERISA.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The net realized and unrealized investments gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statements of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risk and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' benefits and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

Note 2 - Investments

Prudential Retirement has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2011 and 2010, and the income earned on the investments for the years then ended, as reflected in the accompanying financial statements and the supplemental schedules, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedules.

The fair value of investments greater than 5% of net assets available for benefits was as follows:

	December 31,		
	2011	2010	
International Blend/Thornburg Investments	\$ 4,849,956	\$ -	*
Core Bond/PIM	\$ 3,910,279	\$ 3,765,641	
Core Plus Bond/PIMCO	\$ 3,858,661	\$ 3,305,573	
Large Capital Growth/LSV Asset Management	\$ 3,063,033	\$ 3,325,297	
Large Capital Value/Wellington	\$ 3,020,059	\$ 3,357,826

* Amount does not represent greater than 5% of net assets available for benefits at the respective date.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 2 - Investments (continued)

The Plan's investments, all of which were held in pooled separate accounts, (depreciated) appreciated in fair value \$(1,329,122) and \$3,269,472 as of December 31, 2011 and 2010, respectively.

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2011 and 2010.

Assets at fair value as of December 31, 2011 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts				
Large capital investments	\$ -	\$ 11,941,445	\$ -	\$ 11,941,445

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

Assets at fair value as of December 31, 2010 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts				
Large capital investments	\$ -	\$ 12,903,477	\$ -	\$ 12,903,477
Fixed income investments	428,712	7,071,214	-	7,499,926
International investments	-	5,230,536	-	5,230,536
Small capital investments	-	2,997,490	-	2,997,490
Mid capital investments	-	1,995,269	-	1,995,269
Guaranteed deposit account	-	1,554,392	-	1,554,392
Total	<u>\$ 428,712</u>	<u>\$ 31,752,378</u>	<u>\$ -</u>	<u>\$ 32,181,090</u>

The Plan's investments in pooled separate accounts, not including the real estate fund, are valued based on the net asset value ("NAV") of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a pooled separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. Accordingly, the NAV is generally classified within Level 2 of the valuation hierarchy. As of December 31, 2011, redemption requests were being fulfilled on a pro rata basis as cash became available for distribution.

The guaranteed deposit account is presented at fair value. The fair value of the Plan's interest in a guaranteed investment contract is based upon the fair value of the fund's underlying managed group annuity contract, as reported by the insurance company issuer of the contract. Contract value represents contributions and reinvested income, less any withdrawals, plus accrued interest, because these investments have fully benefit-responsive features. Under certain conditions, participants may receive less than the contract value of their accounts invested in the investment contracts, as determined by the Plan's administrator. As of December 31, 2010, there were no reserves against contract values for credit risk of contract issuers or otherwise.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 3 - Fair Value Accounting (continued)

The fair value of the real estate fund is determined through an independent appraisal process. The estimate of fair value is based on the conventional approaches to value, all of which require the exercise of subjective judgment. The three approaches are: (1) current cost of reproducing the real estate, less deterioration and functional and economic obsolescence; (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single-year income estimate by an appropriate factor; and (3) value indicated by recent sales of comparable real estate in the market. In the reconciliation of these three approaches, the one most heavily relied upon is the one then recognized as the most appropriate by the independent appraiser for the type of real estate in the market. Real estate funds' portfolio values are typically not updated on a daily basis and, as a result, can sometimes be subject to liquidity risk. There were no unfunded commitments as of December 31, 2011. Redemption requests require a calendar quarter notice and are subject to available cash. In the case that there is not enough available cash for a request, a cash queue will be established. There was no cash queue as of December 31, 2011. In order to make additional allocations to the real estate fund, the Plan must notify Prudential Retirement and is subject to a deposit queue.

There were no changes to the valuation techniques used during the year ended December 31, 2011.

There were no earnings or losses and only purchases of \$878,000 Level 3 investments occurred during the year ended December 31, 2011.

Note 4 - Income Taxes

The Internal Revenue Service ("IRS") has determined and informed the Plan, in a letter dated May 7, 2012, that the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 6 - Party-in-Interest Transactions

Plan investments include pooled separate accounts and a real estate fund managed by Prudential Retirement. Prudential Retirement is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 7 - Reconciliation to Form 5500

Amounts on the financial statements may differ from amounts shown on the Plan's Form 5500 as of December 31, 2011. These differences are due to the fact that the financial statements for the year ended December 31, 2011 have been prepared under a GAAP basis, and the Form 5500 has been prepared on a cash basis. As such, the financial statements include receivables and payables not included in the Plan's Form 5500.

Note 8 - Accumulated Plan Benefits

The Plan's actuary, Aon Hewitt ("Hewitt"), estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and present employees or their beneficiaries are based on varying pension benefit formulas as outlined in the Plan. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the Freeze Date. The actuarial valuation was performed as of January 1, 2011 and 2010. Had the valuation been performed as of December 31, 2010 and 2009, there would be no material difference.

The following table sets forth the accumulated plan benefits of the Plan:

	January 1,	
	2011	2010
Actuarial present value of accumulated plan benefits as follows		
Vested benefits		
Participants currently receiving benefits	\$ 14,577,804	\$ 13,816,123
Vested benefits for other participants	<u>21,615,220</u>	<u>19,049,702</u>
Total vested benefits	36,193,024	32,865,825
Non-vested benefits	<u>916,107</u>	<u>972,717</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 37,109,131</u>	<u>\$ 33,838,542</u>

THE DENVER POST NON-UNION EMPLOYEES' PENSION PLAN

Notes to Financial Statements

Note 8 - Accumulated Plan Benefits (continued)

The change in present value of accumulated plan benefits was as follows:

Actuarial present value of accumulated plan benefits as of January 1, 2010	\$ 33,838,542
Increase (decrease) during the year attributable to:	
Other changes (1)	(114,624)
Assumption changes (2)	2,474,009
Interest accumulation	2,639,290
Benefit payments	<u>(1,728,086)</u>
Actuarial present value of accumulated plan benefits as of January 1, 2011	<u>\$ 37,109,131</u>

- (1) Other changes represent the normal operation of the Plan, consisting primarily of the increase due to the ongoing benefit accruals and those items of Plan experience that are not associated with Plan asset performance.
- (2) Changes in actuarial assumptions relate to changes in the mortality rate assumptions and change in the assumed return on investments.

The significant actuarial assumptions used by Hewitt in its January 1, 2011 and 2010 calculations are as follows:

Assumed rate of return on investments	7.50% (2011) and 8% (2010)
Probability of retirement	5% at age 55, 2% at ages 56-59, 15% at age 60, 5% at age 61, 33% at age 62, 10% at ages 63-64, 90% at age 65, 25% at ages 66-69, and 100% at age 70 (2011 and 2010)
Mortality basis	2011 Static Mortality Table for Annuitants and Non-Annuitants (2011) and RP-2000 Combined Healthy Participant Table Projected to 2009 using Scale AA (2010)
Turnover	Based upon industry studies, which are not inconsistent with employer experience (2011 and 2010)
Actuarial cost method	Standard Unit Credit Cost Method (2011 and 2010)
Compensation increase	3.25% (2011 and 2010)

The effective interest rate assumption changed to 6.30% as of January 1, 2011 from 6.69% as of January 1, 2010.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.
