INDEPENDENT AUDITOR'S REPORT

October 15, 2012

To the Trustees of St. George Warehouse of Delaware, Inc.
St. George Retirement Plan

We were engaged to audit the accompanying financial statements and supplemental schedule of the St. George Retirement Plan as of December 31, 2011 and for the year then ended, as listed in the Table of Contents. These financial statements and schedules are the responsibility of the Plan's management. The financial statements for the year ended December 31, 2010 were audited by other auditors whose report dated August 24, 2011 expressed a disclaimer of opinion on those statements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by the Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Very truly yours,

ST. GEORGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

NOTE A—DESCRIPTION OF PLAN

The following description of the St. George Retirement Plan (“The Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all full-time employees of the Company who have three months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

Contributions – Each year, participants may contribute up to 100 percent of pre-tax annual compensation, as defined in the Plan, up to a maximum contribution limit established by the Internal Revenue Service for the plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-four mutual funds as investment options for participants.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocation of plan earnings. Allocation is based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Investments are self-directed by each participant.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Participant Loans - Participants may borrow from their vested account balances at a minimum of \$500 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. Loan terms range from one to five years. The loans are secured by the vested balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates ranged from 4.25 to 10.25% during 2011. Principal and interest is paid ratably through payroll deductions. Participant loans are valued at the outstanding principal balances, which approximates fair value. Participant loans in the amount of \$125,445 and \$125,034 are included on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2011 and 2010. Participant Loans in default equaled \$20,545 and \$16,384 as of December 31, 2011 and 2010 and are not included in this balance.

ST. GEORGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

Payment of Benefits – On termination of service due to death, disability, or retirement a participant/beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, part lump-sum and part installments, or installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

Valuation of Investment and Income Recognition -The Plan's investments are held by The Massachusetts Mutual Life Insurance Company and are stated at fair value. Shares of mutual funds with registered investment companies are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of plan assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative costs - All costs incurred to administer the Plan, exclusive of account fees and commissions which are allocated to participant accounts, are paid by the Plan Sponsor.

Investment Options – The Plan has 100% of its assets invested through a group variable annuity contract with The Massachusetts Mutual Life Insurance Company, which maintains the contributions in pooled separated accounts that invest directly in the mutual funds. There is a wide variety of investment options in which the Participants may direct their contributions.

Participants may change their investment options daily by using an automated phone line or the internet directly with The Massachusetts Mutual Life Insurance Company

Plan Termination- Although management has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

ST. GEORGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

NOTE C- TAX STATUS

Tax Status of Plan – The Plan obtained a determination letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

NOTE D – CERTIFICATION

Information Certified by the Custodian (unaudited) – At December 31, 2011 and 2010 the Plan’s investments were held by the custodian, The Massachusetts Mutual Life Insurance Company. The table in Note H reflects a summary of the Plan’s financial information that is included in the financial statement based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE E – PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. At December 31, 2011 and 2010 the plan held an unallocated investment contract with Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the custodian of the Plan, and, therefore these investments qualify as party-in-interest investments. Participant loans held by the plan also reflect party-in-interest transactions.

The Plan held the following party-in-interest investments at December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Participant loans	\$ 125,445	125,034
Guaranteed Investment Account	965,399	1,224,385
	<u>\$ 1,090,844</u>	<u>1,349,419</u>

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

NOTE F – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is involved in a benefit-responsive investment contract with MassMutual Retirement Services (MassMutual). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by MassMutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was \$1,077,426 and \$1,368,650, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with MassMutual. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employees Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2011	2010

NOTE G – INVESTMENTS

The investment income reported in the statement of changes in net assets available for benefits for the year ended December 31, 2011 and 2010 and the information included in the supplementary schedule, Schedule of Assets Held for Investment Purposes was certified by The Massachusetts Mutual Life Insurance Company.

Investments (unaudited) – Investments are stated at contract value as determined by quoted market price. Investments representing 5% or more of net assets are:

	2011 <u>Amount</u>	2010 <u>Amount</u>
Guaranteed Interest Account	\$965,399	1,224,385
Conservative Journey	567,570	444,487

All other Investments	908,566	765,136
Total Investments	<hr/>	<hr/>
	\$2,993,361	3,044,126

During the years ended December 31, 2011 and 2010, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value by (\$7,232) and \$166,945.

NOTE H – FAIR VALUE REPORTING

A fair value hierarchy is established that prioritizes the inputs of valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

ST. GEORGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 and 2010

All investments, with the exception of the investment contract with the insurance company, are in pooled separate accounts with the MassMutual with the underlying investments in mutual funds. The investments by the plan are reported at fair value based on the quoted market prices of similar assets in a non-active market held by MassMutual at year end (Level 2). Since there is no readily available quoted market price for the investment contract with the insurance company, this contact is reported at fair value based on the value stated by MassMutual (Level 3).
