To the Plan Administrator
Ormet Savings and Retirement Plan

We were engaged to audit the financial statements and supplemental schedule of Ormet Savings and Retirement Plan (the "Plan") as of December 31, 2011 and 2010 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by PNC Bank, NA, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained certifications from the Custodian as of December 31, 2011 and 2010 and for the years then ended that the information provided to the plan administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Ormet Savings and Retirement Plan

Notes to Financial Statements December 31, 2011 and 2010

Note 1 - Plan Description

The following description of Ormet Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all salaried employees of Ormet Primary Aluminum Corporation (the "Company"), Ormet Corporation (the "Parent Company"), and Ormet Aluminum Mill Products Corporation (a wholly owned subsidiary of the Parent Company). The Plan also covers certain hourly and AmClyde employees at Ormet Primary Aluminum Corporation's Burnside, Louisiana and previously held Jackson, Tennessee facilities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In August 2011, the Ormet board of directors approved a plan to merge the Ormet Aluminum Mill Products Corporation Hannibal Hourly Employees' Savings Plan into the Ormet Savings and Retirement Plan. The merger took effect October 1, 2011. Participant account balances transferred into this Plan approximated \$1,786,000.

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 15 percent of the annual compensation and up to 100 percent of any bonus amount as defined by the Plan, subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. There are no longer new AmClyde participants due to the closure of the Company's marine terminal in a previous year.

The Plan provides for an employer-matching contribution for all salaried employees. The amount of the match is 50 percent of the first 4 percent of pretax deferrals.

The Plan provides employer discretionary contributions for all eligible employees in an amount equal to 2 percent of a covered employee's base pay. The discretionary contribution is for any salaried employee who is not excluded under Section 1.32(a) of the amendment effective May 1, 2007, who is hired or rehired by the Company on or after April 15, 2007, and is not eligible to accrue benefits under the Ormet Pension Plan on or after April 15, 2007.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings. Allocations are based on the participants' compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Ormet Savings and Retirement Plan

Notes to Financial Statements December 31, 2011 and 2010

Note 1 - Plan Description (Continued)

Vesting - All accounts, other than the Company discretionary contributions, are fully vested and nonforfeitable at all times. Vesting in the Company discretionary contribution is based on years of service as follows: 0 percent with zero to two years, 25 percent with two to three years, 50 percent with three to four years, 75 percent with four to five years, and 100 percent vested with over five years of service.

Participant Notes Receivable - Participants may borrow from their accounts up to a maximum equal to \$50,000 or 50 percent of their account balance, whichever is less. The notes receivable must be adequately secured and subject to a market rate of interest. Principal and interest are paid ratably through monthly payroll deductions. Participants may borrow funds for a term of no more than five years, unless the note is used to purchase a primary residence.

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. The Plan also allows for hardship withdrawals and in-service distributions as described in the plan document.

Termination - While it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and the Employee Retirement Income Security Act of 1974 (ERISA). Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by PNC Bank, NA. PNC Bank, NA is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines. Also, various administrative costs are paid by the Company.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company discretionary contributions or to pay administrative expenses of the Plan.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value, except for its common collective trust fund investment, which is valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the common collective trust fund is based on discounting the related cash flows of the underlying investment contracts based on current yields of similar instruments with comparable durations. All other investments are valued based on quoted market prices. See Note 6 for additional information.

Ormet Savings and Retirement Plan

Notes to Financial Statements December 31, 2011 and 2010

Note 2 - Summary of Significant Accounting Policies (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Administrative Expenses - Various administrative costs are paid by the Company.

Benefit Payments - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

New Accounting Pronouncement - In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*. The standard clarifies existing fair value measurement and disclosure requirements and changes existing principles and disclosure guidance. Clarifications were made to the relevancy of the highest and best use valuation concept and measurement of an instrument classified in an entity's stockholder's equity. Changes to existing principles and disclosures included measurement of financial instruments managed within a portfolio, the application of premiums and discounts in fair value measurement, and additional disclosures related to fair value measurements. The updated guidance and requirements are effective for financial statements issued for the first annual period beginning after December 15, 2011. The adoption of this standard is not expected to have a material effect on the Plan's financial statement.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 14, 2012, which is the date the financial statements were available to be issued.

Ormet Savings and Retirement Plan

Notes to Financial Statements December 31, 2011 and 2010

Note 3 - Unaudited Information

PNC Bank, NA (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2008.

Note 5 - Reconciliation to Form 5500

As of December 31, 2011 and 2010, the accompanying financial statements have included contributions receivable from the Company and participants in the amount of \$140,592 and \$70,901, respectively. The 2011 and 2010 Form 5500 has recorded its assets on the cash method of accounting and did not record contributions receivable at December 31, 2011 and 2010. Accordingly, contribution income on Form 5500 for the year ended December 31, 2011 is \$69,691 lower than that reported in the accompanying financial statements. Contribution income on Form 5500 for the year ended December 31, 2010 is \$9,363 higher than the amounts reported in the accompanying financial statements.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2011 and 2010 and the valuation techniques used by the Plan to determine those fair values.

Ormet Savings and Retirement Plan

Notes to Financial Statements December 31, 2011 and 2010

Note 6 - Fair Value Measurements (Continued)

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

- (1) This class represents investments in an actively managed common collective trust fund that invests primarily in investment contracts, a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, money market investments, and wrapper contracts. Investments are valued at the fair value per share multiplied by the number of shares held as of the measurement date.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2011 and 2010.
