Independent Auditor's Report

Plan Administrator
Murray Energy Corporation Savings and Security Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Murray Energy Corporation Savings and Security Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee, as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statement but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Murray Energy Corporation Savings and Security Plan

Notes to Financial Statements

December 31, 2011 and 2010

Note 1: Description of Plan

The following description of the Murray Energy Corporation Savings and Security Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Andalex Resources, Inc.; Ohio Valley Resources, Inc.; The Ohio Valley Coal Company; Maple Creek Mining, Inc.; KenAmerican Resources, Inc.; The American Coal Company; American Energy Corporation; OhioAmerican Energy, Inc.; Genwal Resources, Inc.; UtahAmerican Energy, Inc.; West Ridge Resources, Inc.; Corporate Aviation Services, Inc.; and American Natural Gas, Inc. (collectively the “Company”) who are not covered by a collective bargaining agreement, who are employees of an affiliate that is a participating employer to the Plan, and are not leased or intern employees or employees of American Natural Gas, Inc. compensated on an hourly basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers registered investment companies, a common collective trust, self-directed brokerage accounts, and cash equivalents as investment options for participants. The Company contributes 100% of the first 8% of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. All contributions for those employees hired at the following locations on or before the following dates are 100% vested: KenAmerican Resources, Inc. (06/30/2004); UtahAmerican Energy, Inc. (06/30/2004); and The Ohio Valley Coal Company (09/30/2006). All other participants are vested in the Company’s contribution portion of their accounts based on years of continuous service. A participant is 100% vested after five years of credited service.

Murray Energy Corporation Savings and Security Plan

Notes to Financial Statements

December 31, 2011 and 2010

Note 1: Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.79%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions on at least a quarterly basis.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, if not greater than \$5,000. If the participant's account is greater than \$5,000, the distribution shall be by lump-sum payment or by periodic payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or as an automatic rollover. The normal form of payment is lump-sum unless a written request is made and approved.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited non-vested accounts totaled \$202,576 and \$136,680, respectively. Forfeited amounts are used to restore participant's forfeitures when re-employed, to offset Plan expenses, or to reduce future employer contributions. In 2011, employer contributions were reduced by \$744,102 from forfeited non-vested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Murray Energy Corporation Savings and Security Plan

Notes to Financial Statements

December 31, 2011 and 2010

Note 2: Summary of Significant Accounting Policies (continued)

Basis of Accounting (continued)

The Plan invests in investment contracts through a common collective trust. Contract value for this common collective trust is based on the net asset value of the fund as reported by the investment advisor. The statement of net assets available for benefits is required to present the fair value of the investment in the common collective trust, as well as the adjustment of the investment in the common collective trust from fair value to contract value related to the fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is required to be prepared on a contract value basis. No adjustment has been made for 2011 and 2010, as the fair value of the Plan's investment in the common collective trust approximates contract value in both years.

Basis of Presentation

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board ("FASB") which established the FASB Accounting Standards Codification ("ASC") as the single source of authoritative accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain transaction fees and basic account fees are charged to the accounts of Plan participants benefiting from the related service. All other expenses of the Plan are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through August 6, 2012, the date the financial statements were available to be issued.

Note 3: Trustee Certification

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, Note 4, the supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2011.

Note 4: Investments (Unaudited)

The following presents investments that represent 5% or more of the Plan's net assets:

	<u>2011</u>	<u>2010</u>
American Funds EuroPacific Growth R5	\$ 14,883,978	\$ 15,993,517
American Funds Growth Fund of America R5	18,233,458	19,316,129
Black Rock Equity Dividend A	20,750,122	18,994,034
Diversified Stable Pooled Fund	26,061,806	21,459,029
JPMorgan Government Bond Select	19,959,627	16,977,287

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$(2,894,117). The following shows the net depreciation by security type for the year ended December 31, 2011:

Registered investment companies	\$ (3,249,912)
Common collective trust	448,947
Self-directed brokerage accounts	<u>(93,152)</u>
	<u>\$ (2,894,117)</u>

Note 5: Fair Value Measurements

The “Fair Value Measurements and Disclosures” topic of the FASB ASC provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the “Fair Value Measurements” topic are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methods used at December 31, 2011 and 2010.

Registered investment companies: Valued at the net asset value of shares held by the Plan at year-end.

Common collective trust: Valued based on the fair value of the common collective trust’s underlying investments as based on information reported by the investment advisor using the audited financial statements of the common collective trust at year-end.

Self-directed brokerage accounts: These accounts represent participants who have invested in funds outside of the Plan that are traded in the open market.

Note 5: Fair Value Measurements (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

Note 6: Related Party Transactions

Certain Plan investments are managed by Diversified Investment Advisors and others are managed by State Street Bank and Trust Company. Diversified Investment Advisors is a third-party administrator and a recordkeeper to the Plan, and State Street Bank and Trust Company is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services totaled \$44,975 during the year ended December 31, 2011.

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

Note 7: Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their account.

Note 8: Tax Status

The Internal Revenue Service (“IRS”) has determined and informed the third-party administrator and record keeper by a letter dated March 31, 2008, that the third-party administrator and record keeper’s prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan’s third-party administrator and record keeper believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability, or asset, if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability, or asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.
