ENIDINE INCORPORATED 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 26, 2012, DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF PLAN

The Enidine Incorporated 401(k) Plan (the Plan) is a defined contribution plan established to cover substantially all employees of Enidine Incorporated and International Motion Control, Inc. (the Companies or Plan Sponsor). The Plan was established effective September 1, 1987, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

PLAN FREEZE / MERGER WITH ITT PLANS

Effective January 1, 2010, the Plan was amended to freeze future contributions to the Plan. Employees of the Plan Sponsor became eligible to participate in various hourly and salaried plans sponsored by ITT Corporation, the parent company of the Plan Sponsor. As a result of this freeze, all participants in the Plan as of January 1, 2010 became fully vested in their account balances.

Effective March 26, 2012, the assets of the Plan were transferred into the respective hourly and salaried ITT Plans.

The following description of the Plan's provisions in effect prior to January 1, 2010 only provides general information. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

PARTICIPATION

All eligible employees of the Plan Sponsor who had completed one hour of service could participate in the Plan. Employees began participation in the Plan on their date of hire.

CONTRIBUTIONS

Participants could elect to defer a specified percentage of compensation, not to exceed Internal Revenue Code limitations. Participants were not permitted to make after-tax voluntary contributions. The Plan Sponsor made matching contributions in an amount equal to 50% of an employee's elective deferral contribution, disregarding any elective deferral contribution in excess of 6% of the employee's compensation.

In addition, the Plan Sponsor could make discretionary profit sharing contributions to all participants who completed 1,000 hours of service during a Plan year and were employed on the last day of the Plan year. These contributions were allocated based on participant earnings, as defined in the Plan.

1. DESCRIPTION OF PLAN (CONTINUED)

VESTING

Participant elective deferral contributions are 100 percent vested upon contribution. The participant's vesting percentages in Plan Sponsor matching contributions and discretionary profit-sharing contributions are shown in the following schedule:

Vesting Service (whole years)	Vesting Percentage
0	0%
1	33%
2	67%
3	100%

As noted above, all participants as of January 1, 2010 became fully vested in connection with the Plan freeze on that date.

FORFEITURES

Participants who left the Plan Sponsor with less than three years of service forfeited the nonvested portion of the Plan Sponsor's contributions. Prior to January 1, 2010, forfeitures were used to reduce employer matching contributions. Effective January 1, 2010, forfeitures could first be used to pay administrative expenses, then used to offset employer contributions, if any. Approximately $3,000 and $15,000 of forfeitures were utilized to pay administrative expenses during the periods ended March 26, 2012 and December 31, 2011, respectively. There were no unused forfeitures available as of the March 26, 2012 transfer date.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants can borrow up to 50% of their vested account balances subject to a maximum of $50,000 and a minimum of $500. In addition, a participant may have only one loan outstanding, generally at a maximum five-year term. The loans bear interest at a prime-based rate.

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accounting records are maintained on the accrual basis.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the Plan's investment contract at fair value, which approximates contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The plan invests in a fully benefit-responsive investment contract with The Prudential Insurance Company of America (Prudential).

VALUATION OF INVESTMENTS

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the audit report date, the date the financial statements were available to be issued.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from management's estimates and assumptions.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 *Fair Value Measurements* (ASC 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The financial instruments' fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Other significant observable inputs (including quoted prices in active markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 26, 2012, December 31, 2011 and 2010.

- Registered investment companies – Fair value is based on quoted net asset values of the shares held by the Plan.
- Guaranteed investment contracts – As there is no market value adjustment upon discontinuance of the contract, there are no specific securities in the general account that back the liabilities of these contracts, and contract value would be paid no later than 90 days from discontinuance of the contract, the Plan has determined that the fair value for these contracts is equal to the contract value.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value information for investments held at December 31, 2011 is as follows:

4. INVESTMENTS

All investment information disclosed in the accompanying financial statements and schedule, including investments held at March 26, 2012, December 31, 2011 and 2010, and net investment gain (loss) from registered investment companies, interest income on guaranteed investment contract, and other income for the periods ended March 26, 2012 and December 31, 2011, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Insurance Company of America, the custodian of the Plan.

During 2006, the Plan entered into a benefit-responsive investment contract with Prudential. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

In conjunction with the March 2012 transfer, the Plan liquidated its contract with Prudential. This liquidation was transacted at contract value.

4. INVESTMENTS (CONTINUED)

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting, subject to a minimum crediting rate of 1.50%. The crediting rate and average yield during the periods ended March 26, 2012 and December 31, 2011 was 2.85%.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31, 2011 or 2010 (none at March 26, 2012) are as follows:

	2011	2010
Victory Diversified Stock Fund A	**$ 1,493,703**	$ 1,741,140

5. PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are held in a guaranteed investment contract with Prudential Insurance and mutual funds managed by Prudential Investments, two related parties to the Plan's custodian. Therefore, these transactions qualify as party-in-interest.

5. PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

The Plan incurs various management fees and operating expenses for its investments in registered investment companies. These costs are not reflected separately, but are included in the net investment return of these investments.

Expenses paid from participant accounts consisted of loan initiation fees and minor handling fees. In addition, certain auditing and plan recordkeeping fees were paid from the Plan's forfeiture balances. Any other Plan expenses, including legal services, were paid by the Plan Sponsor. Fees paid to parties-in-interest were based upon customary and reasonable rates for such services.

6. TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Subsequent to the issuance of this opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps to maintain the Plan's qualified status.

The Plan Sponsor has concluded that as of March 26, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to tax examinations for reporting years prior to 2008.
