Independent Auditors' Report

We were engaged to audit the accompanying statements of net assets available for benefits of Judson Retirement Plan (the "Plan") as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year), as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as of December 31, 2011 and 2010 and for the years then ended, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by The Northern Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustee of The HealthComp, Inc. Group Trust (the "Trust") holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2011 and 2010 and for the years then ended, that the information provided to the plan administrator by the Trustee is complete and accurate. The plan administrator has been informed by the Trustee of the Trust that the Trust reported directly to the Department of Labor on behalf of the plan administrator by the date on which the Plan's annual report was due.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Valuation of plan assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

JUDSON RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following brief description of the Judson Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Plan is a defined benefit pension plan, covering essentially all employees of Judson and a related entity who have one year of service and are age twenty-one or older, except for certain members of religious organizations, students, interns, and residents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Participants are considered vested in the Plan if they have five years of credited service or reach the early retirement age, 55, while working for Judson.

Participants are eligible for normal retirement benefit payments upon reaching age 65. The amount of individual pensions is based upon several factors including compensation, years of service, age, and the estimated Social Security benefit. Compensation is based upon the average of the highest five consecutive calendar years of employment out of the last ten years prior to the date of termination. The Plan also provides for the payment of early and disability retirement benefits, as well as the payment of benefits to the surviving spouse of a participant.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Presentation – The accompanying financial statements have been prepared on an accrual basis and in accordance with accounting principles generally accepted in the United States of America.
- B. Plan Administration – Judson is the plan administrator and Northern Trust Company is the plan Trustee.

Investment assets of the Plan attributable to Judson are pooled with the investment assets of other employers in The HealthComp, Inc. Group Trust (the "Trust"). Transactions in investment assets are made at the direction of the Trustee and Judson. The investments and changes therein of the investment accounts have been reported to the Plan by the Trustee as having been determined at fair value for all assets of the accounts. See Note 4 for a discussion of fair value measurements.

- C. Funding Policy – Judson, the Plan's sponsor, has agreed to make contributions to the Plan based upon actuarial computations based upon certain assumptions, see Note 5, in order to meet minimum amounts required under ERISA in accordance with the IRS. The contributions for the years ended December 31, 2011 and 2010 met the minimum funding requirements for ERISA.
- D. Investments Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

JUDSON RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

D. Investments Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- E. Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

- F. Payment of Benefits – Benefit payments to participants are recorded upon distribution.

- G. Subsequent Events – The Plan has evaluated subsequent events through October 11, 2012, the date the financial statements were available to be issued.

- H. Expenses – Expenses are reported and paid out of the Trust. Trustee fees and other investment fees are allocated to the Plan based on asset balances. Certain administrative expenses are approved and allocated directly to the Plan at the option of the Plan Sponsor. These fees and expenses totaled \$189,443 and \$157,366 for the years ended 2011 and 2010, respectively, and are included in net increase (decrease) in pooled investment trust on the statements of changes in net assets available for benefits.

- I. Reclassification – Certain reclassifications of prior year amounts have been made to conform to the current year presentation.

Note 3. Unaudited Information

Under the terms of the agreements between the Plan, the Trust, and the Trustee, the assets of all employers participating in the Trust are pooled for investment purposes. The assets of each participating plan are invested as determined by the individual sponsors participating in the Trust. The related earnings from these investments are allocated specifically to the Plan. The Trustee holds the following Trust investment assets and executes transactions therein. Financial information relating to the Plan's share of the pooled investment assets is included in the accompanying financial statements and supplemental schedule based on information provided by the Trustee. As permitted by 29 CFR 2520.103-12, the plan administrator has been informed by the Trustee of the Trust that the Trust will report directly to the U.S. Department of Labor on behalf of the plan administrator no later than the date on which the Plan's annual report is due. Therefore, the Plan's investment in the Trust has not been audited by independent accountants.

JUDSON RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

- Common stock, preferred stock, and other: Valued at the quoted closing price reported in active markets for identical investments, and are classified as Level 1.
- Common/collective trusts: Valued based on their reported net asset value ("NAV"). The NAV of short-term securities is based on the market value of their underlying investments, adjusted for charges and expenses, and is classified as Level 2.
- Corporate debt, mortgage-backed debt, and asset-backed debt: Valued by the Trustee based on yields currently available on comparable securities of issuers with similar credit ratings. These securities are classified as Level 2.
- U.S. Government and governmental agencies: Valued at the quoted closing price reported in active markets for identical investments, and are classified as Level 1.
- Registered investment companies: Valued at the quoted closing price reported in active markets for identical investments, and are classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

JUDSON RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Obligation for Pension Benefits

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions for service rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits under the plan are based on employees' average compensation of the highest five consecutive calendar years of employment out of the last ten years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by the actuary, Hewitt Associates LLC, at January 1, 2011. The present value amount is determined by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as death, disability, withdrawal, or retirements) between the valuation date and the expected date of payment.

Actuarial Assumptions

Significant assumptions used by the actuary in determining the actuarial present value of accumulated plan benefits as of January 1, 2011 and 2010 are as follows:

	January 1, 2011	January 1, 2010
Actuarial Cost Method	Standard Unit Credit Cost Method	Standard Unit Credit Cost Method
Discount Rate	6.00%	7.00%
Mortality Rate	2011 Static Mortality Table for Annuitants and Non-Annuitants Per 1.430(h)(3)-1(e)	2010 Static Mortality Table for Annuitants and Non-Annuitants Per 1.430(h)(3)-1(e)
Average Retirement Age	65	65
Investment Return Percentage	8.00%	8.00%

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

JUDSON RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Obligation for Pension Benefits (Continued)

Actuarial Assumptions (Continued)

The actuarial present value of accumulated plan benefits as of January 1, 2011 and 2010 is as follows:

	<u>2011</u>	<u>2010</u>
Vested benefits:		
Participants currently receiving payments	\$ 3,192,000	\$ 2,920,000
Other participants	<u>6,547,000</u>	<u>5,891,000</u>
	9,739,000	8,811,000
Nonvested benefits	<u>375,000</u>	<u>363,000</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 10,114,000</u>	<u>\$ 9,174,000</u>

Changes in accumulated plan benefits for the year ended December 31, 2011 are as follows:

Actuarial present value of accumulated plan benefits at beginning of year	\$ 9,174,000
Increase (decrease) during the year attributable to:	
Interest accumulation	719,000
Actual benefits paid	(387,000)
Other changes	593,000
Change of assumptions	<u>15,000</u>
Net increase	<u>940,000</u>
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 10,114,000</u>

Note 6. Income Taxes

The Internal Revenue Service has determined and informed the Plan by a letter dated February 15, 2005 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

JUDSON RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 6. Income Taxes (Continued)

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. As of December 31, 2011, the Plan's tax years from 2008 and thereafter remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

Note 7. Related Party Transactions

The Northern Trust Company is the Trustee of the Plan and manages certain Trust investments and Judson is the plan administrator. The Northern Trust Company is considered a party-in-interest with fees totaling \$11,646 and \$10,972 for the years ended 2011 and 2010, respectively. These fees are paid from the Trust and allocated to the Plan as described in Note 2.

Note 8. Plan Termination

Although it has not expressed any intention to do so, the Plan's sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- A. Annuity benefits former employees or their surviving spouses have been receiving for at least three years or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- B. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC"), a U.S. Government agency, up to the applicable limitations that are discussed more fully below.
- C. All other vested benefits (that is, vested benefits not insured by the PBGC).
- D. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination; however, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees. The ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination, whichever comes later. For younger annuitants or for those who elect to receive their benefits in some form other than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

JUDSON RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 8. Plan Termination (Continued)

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 10. Subsequent Events

Effective April 1, 2012, the Plan was amended to freeze benefit accruals and participation in the non-union benefit structure in the Plan. Effective that date, no such participant will accrue any additional benefit service or credited service. In addition, no compensation of a participant in the non-union benefit structure after December 31, 2011 shall be considered in the average monthly compensation for the purposes of calculating a participant's benefit under the Plan.

Effective October 1, 2012, the Plan was amended to freeze benefit accruals and participation in the union benefit structure in the Plan. Effective that date, no such participant will accrue any additional benefit service or credited service. In addition, no compensation of a participant in the union benefit structure after December 31, 2011 shall be considered in the average monthly compensation for the purposes of calculating a participant's benefit under the Plan.

Both non-union and union participants in the Plan became fully vested in their accrued benefit as of the effective date of the respective amendments noted above.

Schedule SB, Part V—Summary of Plan Provisions

Effective Date	July 1, 1984, amended and restated effective July 1, 2006.
Participation	All employees age 21 with at least one year of credited service.
Normal Retirement Benefit Eligibility	Age 65 with 5 Years of Credited Service.
Monthly Benefit	The greater of (1) and (2): 1. 1.20% of Average Monthly Compensation plus 0.65% of Average Monthly Compensation in excess of Social Security Covered Compensation for each year of Benefit Service up to a maximum of 25 years. 2. Accrued Benefit under the prior provisions in effect as of June 30, 1989.
Accrued Benefit	The Normal Retirement Benefit multiplied by the Credited Service Ratio. In determining the Normal Retirement Benefit, Benefit Service is computed as the sum of: 1. Benefit Service at determination date; and 2. The ratio of (1) to elapsed time from date of plan entry to the determination date, multiplied by number of years from the date of determination to Normal Retirement Date. The numerator of the Credit Service Ratio equals Credit Service at the date of determination and the denominator equals Credited Service at the determination date plus the number of years from the date of determination to Normal Retirement Date.

Definitions

Actuarial Equivalence

The benefit of equivalent value to the benefit it replaces determined on the following assumptions:

- 1951 Group Annuity Mortality Table for Males, projected to 1975 by Projection Scale C.
- 8% interest rate per annum compounded annually.

Average Monthly Compensation

The sum of a participant's compensation (annualized if participant's compensated hours in any calendar year is less than 1,800) during the five highest consecutive completed calendar years out of the last ten years prior to the date of termination, divided by 60.

Covered Compensation

Hours of Service for which a participant was compensated.

Noncompensated Hours

Hours of Service for which a participant was scheduled to work, but did not and was not compensated.

Benefit Service

Determined according to the following schedule based on Compensated Hours of Service in a calendar year:

Compensated Hours	Benefit Service
1,800 or more	100%
1,640–1,799	90%
1,480–1,639	80%
1,320–1,479	70%
1,160–1,319	60%
1,000–1,159	50%
0–999	0%

Credited Service

One year is credited for each calendar year in which a participant's actual hours (compensated plus noncompensated) are at least 1,000 hours.

Social Security Covered Compensation

The average of the maximum taxable wage bases for the 35 calendar years ending with the year an individual attains Social Security Retirement Age. In determining an individual's Covered Compensation in any given year, the current year's wage base is assumed to remain level in future years.
