NOTE 1 - DESCRIPTION OF PLAN

The following description of the Friar Tux Shop 401(k) Profit Sharing Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally established by Friar Tux Shop (the "Company") on January 1, 1990 under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of the Company's employees. The Plan was amended and restated effective March 31, 2010.

Eligibility

The Plan covers all full-time, non-union employees, excluding non-resident aliens, who have completed one year of service (including a minimum of 1,000 service hours) and attained the age of 21. Plan entry dates are the earlier of the first day of the seventh month or the first day of the Plan year coinciding with or following the date on which such requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration and Change in Custodians

Certain members of management of the Company are the Plan's trustees, and the Company is the Plan administrator. The Plan's trustees and administrator are responsible for monitoring investments and maintaining the individual participant account balances. Mid Atlantic Trust Company ("Mid Atlantic") is the custodian of the Plan's assets as of December 31, 2011. During the year ended December 31, 2010, Hartford Retirement Services ("HRS") and The Prudential Insurance Company of America ("Prudential") were the custodians of the Plan's assets. Effective January 1, 2011, Mid Atlantic replaced HRS as custodian for the Plan's investments in mutual funds. In addition, effective January 1, 2011, SEI Investments ("SEI") replaced HRS as custodian for the Plan's investments held in the common collective trust. In connection with these changes, the Plan investments previously held with HRS were fully liquidated and were included in cash as of December 31, 2010, just prior to the Plan assets being transferred to Mid Atlantic and SEI. Effective February 1, 2011, Mid Atlantic replaced Prudential as custodian of the Plan's investments in variable annuity contracts. Effective November 21, 2011, the balance of the funds held by SEI were fully transferred to Mid Atlantic.

NOTE 1 - DESCRIPTION OF PLAN, continued

Contributions

Each participant may elect to contribute a prescribed percentage or fixed dollar amount of his or her compensation to the Plan ("Deferral Contribution"), subject to certain IRC limitations, up to a maximum amount of $16,500 for the 2011 Plan year. Participants that are 50 years of age or older who have met the annual IRC deferral limit, may contribute a catch-up deferral contribution of up to $5,500 for 2011. Participants may also rollover amounts representing distributions from other qualified plans.

The Plan provides for a safe harbor matching contribution ("Safe Harbor Matching Contribution") in which the Company, if it elects to satisfy the "safe harbor" requirements of the IRC, contributes a matching contribution equal to 100% of the participant's Deferral Contributions up to 3% of the participant's compensation plus 50% of the Deferral Contributions between 3% and 5% of the participant's compensation. On May 1, 2010, the Company suspended the Safe Harbor Matching Contribution. For the year ended December 31, 2011, there were no Safe Harbor Matching Contributions.

In addition to the Safe Harbor Matching Contribution, the Plan also permits the Company to make an additional matching contribution ("Other Matching Contribution") and a discretionary profit sharing contribution ("Profit Sharing Contribution") to the participants' accounts. For the year ended December 31, 2011, there were no such contributions made to the Plan.

During the year ended December 31, 2011, the Company chose the DOL-approved self correction program of funding a qualified non-elective contribution of $2,146 for the missed opportunity of certain participants to participate in the Plan upon reaching their entry date during the plan year 2010.

Vesting in Other Matching Contributions and Profit Sharing Contributions is based on years of continuous service. Participants vest in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Amounts

Forfeited amounts from terminating participants' non-vested accounts are used to pay Plan expenses or reduce employer contributions to the Plan. Unallocated forfeitures may be used to reduce employer contributions or to pay for Plan expenses. There were no forfeitures applied to employer matching contributions for the plan year 2011. As of December 31, 2011, the Company had unallocated forfeitures of $4,059.

Participants' Accounts and Investment Options

Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and related employer contributions, as well as each participant's share of the Plan's income and any related administrative expenses. Allocations of Plan income and expenses are based on the proportion that each participant's account balance has to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions made on behalf of the participants are invested in various funds according to participant elections. Participants' contributions must be allocated among the available funds in whole percentages. Participants may change investment elections at any time via telephone or via internet access with the Custodians.

NOTE 1 - DESCRIPTION OF PLAN, continued

Payment of Benefits

Upon termination of service including death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. These payments are paid in one lump sum payment.

Hardship Withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship for certain specific reasons as defined in the Plan document. There were no hardship withdrawals during the year ended December 31, 2011.

Promissory Notes from Participants

Participants may borrow from their accounts up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates. Loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In that case, the repayment period is extended. At December 31, 2011 and 2010, the outstanding balances on promissory notes from participants totaled $87,312 and $108,818, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Investment Valuation

Investments are stated at fair value (see Note 3).

Net appreciation or depreciation in fair value of investments for the periods is reflected in the accompanying statement of changes in net assets available for benefits. Purchases and sales of securities are reflected on a trade date basis.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company for the administration of the Plan.

NOTE 3 - FAIR VALUE MEASUREMENTS

Accounting guidance defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal market, or in the absence of a principal market, the most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date. A fair value hierarchy was established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The guidance describes three levels of inputs that may be used to measure fair value:

Level 1—Quoted prices in active markets for identical assets or liabilities.

Level 2—Observable inputs other than quoted prices within Level 1, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (for example interest rates and yield curves, credit risks and default rates) or other inputs that are principally derived or corroborated by observable market data, correlation, or by other means.

Level 3—Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

DRAFT

NOTE 3 - FAIR VALUE MEASUREMENTS, continued

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Investments in Mutual Funds

The fair value of the Plan's investments in mutual funds is determined based on quoted prices in active markets, which represent the net asset value of the shares held, and are classified as Level 1 investments.

Investments in Variable Annuity Contracts

The investments that were held in the variable annuity contracts invested primarily in mutual funds. The fair value of each variable annuity contract was based upon the fair value of the underlying mutual fund, which was determined based upon its net asset value and which also represented its closing market price. The investments in the variable annuity contracts were classified within Level 2 of the valuation hierarchy. The redemption frequency of the investments was daily, and there were no redemption restrictions.

As of December 31, 2011, the Plan's investments measured at fair value on a recurring basis were as follows:

	December 31, 2011		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

NOTE 4 – INVESTMENTS, continued

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) decreased in value by $105,683 during the year ended December 31, 2011.

NOTE 5 - TAX STATUS

The Plan has adopted a prototype plan offered by SunGard Corbel, Inc. ("SunGard") and conforms its operations to the Prototype Plan, and thereby relies on SunGard's current and future favorable IRS determination letters. The IRS has determined by letter dated October 5, 2001 that the Plan and related trust are designed in accordance with applicable IRC requirements as of that date. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes is reflected in the accompanying financial statements.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 7 - SUMMARY OF UNAUDITED INFORMATION

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic has certified that the following data in the accompanying 2011 financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2011, except participant loans;
- Investment income (loss), as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2011;
- Fair value of investments as of December 31, 2011 as reflected in Note 3;
- Schedule I: Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2011, except participant loans; and
- Investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2011 as reflected in Note 4.

NOTE 8 - RELATED PARTY TRANSACTIONS

During the year ended December 31, 2011, the Plan incurred administrative expenses of $15,064 for services provided by the Plan's record keeper. Also, the Plan has loans with its participants. All of these transactions are considered exempt party-in-interest transactions under ERISA.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for investments in any combination of investment funds and variable annuity contracts with different investment strategies. These investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in their value, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
