NOTE 1. PLAN DESCRIPTION

The following description of the BMC Software, Inc. Savings and Investment Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees who have completed at least one hour of service with BMC Software, Inc. (the "Company" or the "Plan Sponsor") or its affiliates, which have adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute from one percent to 35 percent of pretax annual compensation and one percent to ten percent of after-tax annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

For the year ended December 31, 2011, the Company matching contributions are the greater of (a) 100 percent of participant's pre-tax deferrals up to five percent of compensation or (b) 100 percent of participant's pre-tax deferral not to exceed $2,000. Participants must also be employed on the last day of the Plan year to be eligible for part (b) of the Company matching contributions. The Company matching contribution was $16,825,906, net of forfeitures of $900,000, for the year ended December 31, 2011. The Company may also contribute an amount on a discretionary basis. There was no discretionary Company contribution made in 2011.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Vesting for participants with at least one hour of service after January 1, 2008 will be vested at 100 percent after two years of service. If a participant terminated prior to January 1, 2008, they begin vesting in Company contributions at 25 percent after two years of service, increasing by 25 percent each year, with the participant fully vested after five years of service. Participants that had contributions from previous employers shall be vested in accordance with the Plan document.

NOTE 1. PLAN DESCRIPTION (Continued)

Forfeitures

Forfeitures of Company contributions may first be used to pay for Plan administrative expenses and then to reduce Company contributions. During the year ended December 31, 2011, $47,548 in forfeitures was used to pay Plan administrative expenses and $900,000 in forfeitures was used to pay Company contributions. As of December 31, 2011 forfeitures of $303,733 are available for future use.

Payment of Benefits

On termination of service for any reason, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution as permitted under the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from information provided by Fidelity Management Trust Company (the "Trustee").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The investments and changes therein of the funds have been reported to the Plan by the Trustee using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividend income on mutual funds is included in net depreciation of investments.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive these fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Common stocks – Valued at the closing price reported on the active market on which the individual securities are traded and therefore is classified as Level 1 within the valuation hierarchy.

Money market accounts – Money market accounts are at par and valued at fair value and therefore classified as Level 1 within the valuation hierarchy.

Certificates of Deposit ("CDs") – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer and therefore is classified as Level 2 within the valuation hierarchy.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total

The Plan also permits participants to utilize a self-directed brokerage feature. As of December 31, 2011, the balances and types of investments in this account are immaterial to the accompanying financial statements taken as a whole.

NOTE 4. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 5. TAX STATUS

The Plan obtained its latest determination letter on February 2, 2012 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Company routinely self-reviews the administration of the Plan and has identified certain operational omissions with respect to the Plan and submitted an application under the Voluntary Correction Program, which was approved by the IRS per the compliance statement dated January 31, 2012. Accordingly, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. No provision for income taxes has been included in the Plan's financial statements.

NOTE 5. TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 6. PARTICIPANT LOANS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their account balance. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 11.50 percent. Principal and interest is paid ratably through payroll deductions.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Total investments and participant loans as shown in the accompanying Statements of Net Assets Available for Plan Benefits of $514,792,350 and $7,461,442, respectively, as of December 31, 2011 and $518,578,566 and $6,803,759, respectively, as of December 31, 2010.

b. Net depreciation of investments of $18,298,485, interest income on investments and participant loans of $45,326 and $339,078, respectively, and dividend income on Company common stock of $173,543, as shown in the accompanying Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2011.

c. Total assets as of December 31, 2011 as shown in the accompanying Schedule of Assets (Held at End of Year).

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. The Trustee received $86,170 for administration fees which were paid by the participants through the Plan, which included $59,868 to Strategic Advisors, Inc., an affiliate of the Trustee that provides investment advice to Plan's participants. The Plan paid from forfeitures $19,538 to the Plan's independent qualified public accountants and $28,010 to the Plan's attorney.

NOTE 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events that have occurred from December 31, 2011 through October 11, 2012, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
