1. DESCRIPTION OF PLAN

The following description of The Corporate Source Inc. 401 (K) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of The Corporate Source, Inc. ("Company"), excluding specified classes of employees. Employees are eligible to participate in the Plan with no age or service requirements. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Contributions to the Plan may be pre-tax salary deferrals. Participants direct the investment of their contribution into various investment options offered by the Plan. Participants are immediately vested in their contributions plus actual earnings thereon.

Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable.

Employer Contributions

The Company may make matching contributions and non-elective profit sharing contributions. For the year December 31, 2011 the Company contributed $279,953.

Vesting

Participants are immediately vested in their contributions plus rollovers and actual earnings thereon. Additionally, participants are immediately vested in employer contributions.

Forfeitures

Any amount forfeited by terminated participants will be used to reduce the Company's contribution.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of employer contributions, plan earnings, and charged with an allocation of administrative expense. Allocations are based on participant earnings or account balances, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a specified limit of their vested account balance. Notes receivable from participants are collateralized by the balance in the participant's account. The interest rate on outstanding loans is between 3.25% and 9.25%. Loan payments are made through payroll deductions.

Payment of Benefits

Benefits are recorded when paid. On termination of service due to death, disability or termination, a participant may request that the vested portion of his or her account be paid in one of the following forms of payment: 1) a lump sum; or 2) in installment payments over a period of time. Normal retirement age is 65 under the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship Withdrawals

A participant may request hardship withdrawal under certain conditions as specified in the Plan. Hardship withdrawals must be approved by the Plan administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Codification

The Financial Accounting Standards Board ("FASB") issued FASB Statement No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles*, effective for periods ending after September 15, 2009. This Statement establishes the FASB Accounting Standards Codification ("ASC") as the single source of authoritative United States generally accepted accounting and reporting standards for nongovernmental entities and these financial statements are referenced accordingly.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent loans are paid out as deemed distributions based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets.

4. INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2011 was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee, Frontier Trust Company.

Investments, at fair value:	$ 1,727,985
Net change in fair value of investments	(33,685)
Interest and dividends	38,228

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted market prices in inactive markets or quoted prices for similar assets in active markets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are not used.

Level 1 Fair Value Measurements
The fair value of mutual funds and participants' self directed brokerage accounts are based on quoted net asset values of the shares and accounts held by the Plan at year-end.

Level 2 Fair Value Measurements
The fair value of trust accounts is based the cash value of funds temporarily held by the trust company.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

December 31, 2011	Level 1	Level 2	Level 3	Total

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in

compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010 to Form 5500

10. RELATED PARTY TRANSACTIONS

Frontier is the trustee of the Plan's investments and therefore certain transactions qualify as party-in-interest transactions. No fees were paid directly to Frontier from the plan during the year; however, fees and expenses such as investment fees and plan administrative fees may be deducted directly from investment returns in accordance with the applicable investment option selected by the participant.

Administrative expenses of the Plan are the responsibility of the Company.

11. SUBSEQUENT EVENTS
