Report of Independent Auditors

The Employee Benefits Fiduciary Committee
The Molex Incorporated Retirement and Savings Plan

We were engaged to audit the accompanying statement of net assets available for benefits of The Molex Incorporated Retirement and Savings Plan as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Molex Incorporated Retirement and Savings Plan

Notes to Financial Statements

December 31, 2011

1. Description of the Plan

The following description of The Molex Incorporated Retirement and Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all regular employees (excluding leased employees, independent contractors, seasonal and temporary, or impatriate employees (i.e., those employees who are not U.S. citizens, on a temporary job assignment, and eligible to participate in an affiliate's retirement plan)) of Molex Incorporated (the Company) who are eligible to participate in the Plan immediately upon date of hire. Eligible participants are automatically enrolled in the Plan after 30 days of service unless they affirmatively decline to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was established effective January 1, 2011, and plan assets from the Molex Incorporated Employees' 401(k) Savings Plan, Woodhead Industries, Inc. and Affiliated Companies Employees' Profit Sharing and Savings Plus Plan, Polymicro Technologies 401(k) Plan, and the Molex Incorporated Profit Sharing and Retirement Plan were transferred into the Plan.

Contributions

Participants may elect to have a portion of their compensation contributed to the Plan on a pretax basis and/or on an after-tax basis as Roth contributions. Participants may contribute through payroll deductions whole percentages of their compensation for the plan year up to a maximum of 75% of total compensation, as defined, subject to Internal Revenue Code (the IRC) limitations. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 or older are eligible to make catch-up contributions as permitted by the IRC rules. If automatically enrolled, a participant's deferral is set at 4% of eligible compensation until changed by the participant. The Company makes a matching contribution equal to 100% of the first 4% of employee deferrals. The Company also makes an annual company contribution equal to 3% of eligible pay if the employee is employed as of December 31 of the plan year (or if during the year the employee retired at age 65 or older, became totally and permanently disabled, or died).

1. Description of the Plan (continued)

Payment of Benefits

Participants are eligible for a lump-sum distribution of their accounts upon termination of employment or at the later of when the participant retires or reaches age 69, unless the participant has become disabled or can demonstrate financial hardship to the Administration Committee. Participants must begin receiving distributions the year after they attain age 69 or, for non-owners, upon termination of service if later. Participants aged 59 1/2 or older are eligible to take a withdrawal of their accounts prior to termination of employment.

Vesting

Participants are immediately vested in their contributions and Company matching plus actual earnings thereon and, therefore, have a non-forfeitable interest in their accounts. The annual Company contribution is based on a three-year cliff vesting schedule (unless participants attain age 65, become permanently and totally disabled, or die) for participants hired on or after January 1, 2011. Participants hired prior to January 1, 2011 may have a different vesting schedule applied based on their prior plan's vesting schedule and should refer to the Summary Plan Description Appendix for details.

Participant Loans

Upon approval of a request, a participant may receive a loan from the Plan. Participants may take loans up to 50% of their account balance, but not less than $1,000 and up to a maximum of $50,000. Loans are repaid over a period not to exceed 5 years, or up to 10 years for the purchase of a personal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator.

Participant Accounts

Each participant has an account, which consists of participant and Company contributions and allocations of earnings thereon, less any investment losses or withdrawals and allocation of plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. Description of the Plan (continued)

Investments

Participants direct the investment of their accounts into various investment options offered by the Plan.

Forfeitures

Accounts of non-vested and partially vested terminated participants are forfeited at the time of distribution or close of the plan year after the six-month anniversary of the termination. Forfeitures are used to offset the Company's future contributions. At December 31, 2011, forfeitures were approximately $177,000, and were used to reduce Company contributions for 2011.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis in accordance with United States generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Expenses

Investment management and administrative record-keeping expenses of the Plan are paid by the Plan unless the Company elects to pay the expenses.

Investment Valuations and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 4 for further discussion of fair value measurements.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, to clarify certain existing fair value disclosures and require a number of additional disclosures. The requirement to present changes in Level 3 measurements on a gross basis is effective for reporting periods beginning after December 15, 2010. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820, to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures will not be required for nonpublic entities. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

Management evaluated subsequent events for the Plan through October 11, 2012, the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements, including investments held and notes receivable from participants at December 31, 2011, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2011, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

The fair value of investments that represent 5% or more of the Plan's net assets at December 31, 2011, are as follows:

DWS Dreman Small Cap Value Fund	$ 31,290,368
Vanguard Institutional Index Fund	47,598,352
PIMCO Total Return Institutional Fund	42,174,810
Vanguard Prime Money Market Institutional Fund	31,167,691
American Beacon Large Cap Value Institutional Fund	18,308,365
Vanguard Small Growth Index Institutional Fund	21,041,050
American Funds EuroPacific Growth R6 Fund	18,524,599
American Funds Growth Fund of America R6 Fund	17,319,917
Fidelity Managed Income Portfolio II Fund	37,686,773

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

4. Fair Value Measurements (continued)

The following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan:

Mutual funds: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Common/collective trust fund: Valued at the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owed by the fund, minus its liabilities, and then divided by the number of units outstanding. This fund is designed to deliver safety and stability by preserving principal and accumulated earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Fixed income	$ 42,174,810	$ –	$ –	$ 42,174,810
U.S. equities	135,558,052	–	–	135,558,052
Money market fund	31,167,691	–	–	31,167,691
International equities	22,077,810	–	–	22,077,810
Balanced	63,355,012	–	–	63,355,012
Common/collective trust fund	–	37,686,773	–	37,686,773
Total assets at fair value	$294,333,375	$ 37,686,773	$ –	$332,020,148

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

6. Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the written form of the volume submitter plan document is qualified under Section 401(a) of the IRC. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party Transactions

Certain Plan investments are shares of mutual funds and units of a common/collective trust fund managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31 2011
Net assets available for benefits per the financial statements	$ 342,690,577
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	915,663
Net assets available for benefits per the Form 5500	$ 343,606,240

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2011:

Net increase in net assets available for benefits per the financial statements	$ 4,502,611
Adjustment from fair value to contract value for fully benefit-responsive investment contracts at end of year	915,663
Net increase in net assets available for benefits per the Form 5500	$ 5,418,274
