SALARY DEFERRAL PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1: **DESCRIPTION OF PLAN**

The following description of the Weintraub Genshlea Chediak Salary Deferral Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan was established October 1, 1984 to provide benefits for employees of Weintraub Genshlea Chediak Law Corporation (the "Plan Sponsor") and the employees' beneficiaries. The Plan is a defined contribution plan covering all employees who have attained the age of eighteen (18) years and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Unified Trust Company is the custodian of the Plan assets as well as the Plan Trustee.

Effective July 1, 2011, the Plan was amended to allow participants to make after-tax Roth contributions. The Plan was amended during 2010 to give participants who joined the Plan Sponsor credit for past years of service with McDonough Holland & Brown PC for eligibility and vesting purposes.

Plan Year
The Plan year begins January 1 and ends December 31.

Contributions
The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute from 1% to 100% of their regular wages allowable, subject to various nondiscrimination tests and limitations prescribed by the Code.

- *Employer Matching Contributions*
  The Plan Sponsor may make a matching contribution equal to 100% of the participants' elective deferrals up to 1.5% of eligible compensation for the Plan year. Participants must be actively employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year to be eligible for the matching contribution.

- *Discretionary Employer Profit Sharing Contribution*
  The Plan Sponsor may contribute a discretionary amount as a profit sharing contribution. Participants must be actively employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year to be eligible for the profit sharing contribution.

- *Employee Roth Elective Salary Deferral Contributions*
  Participants may make after-tax Roth elective salary deferral contributions.

- *Rollover Contributions*
  Participants may make rollover contributions from another qualified plan.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Allocations
The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated based on the actual earnings or losses in participant self-directed accounts.

Participant Accounts
Each participant's account is credited with the participant's contributions, rollover contributions, the Plan Sponsor's matching and discretionary profit sharing contributions, an allocation of Plan earnings, and an allocation of certain plan expenses, as defined by the Plan. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Vesting
Participants are always 100% vested in their deferral and rollover contributions. Employer contributions and gains/losses credited thereon vest as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Forfeitures
Forfeitures are used for payment of plan expenses with any remaining used to reduce the employer contributions. Forfeitures of $50,625 and $6,973 were used for the payment of plan expenses in 2011 and 2010, respectively. Forfeiture amounts totaling $12,121 and $23,007 were available to be used to pay administrative expenses as of December 31, 2011 and 2010, respectively.

Retirement
Normal retirement under the Plan is sixty-five (65) or the employee's 5th anniversary of joining the Plan, if later.

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) death or disability of the participant, or 4) reasons of proven financial hardship. The form of benefit payments may be in a single lump sum or in periodic installments.

Notes Receivable from Participants
The Plan allows participants to borrow from their accounts. Participants may borrow an amount equal to 50% of their non-forfeitable balance up to a maximum of $50,000. Borrowings bear interest at rates established by the Plan Trustee and are due within five years, or 10 years if for the acquisition of a principle residence.

Administrative Expenses
All administrative expenses of the Plan are paid by the Plan or the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Allocation
Investments in mutual funds and the stable value fund are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Increases in the values of investments are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Delinquent notes receivable are classified as distributions based upon the terms of the plan document.

Income Taxes
The Plan has adopted a volume submitter cross-tested salary deferral plan which has obtained a favorable opinion letter on October 5, 2001, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2011 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2008.

Payment of Benefits
Benefits to participants are recorded when paid.

Estimates and Assumptions
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board established a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted market prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted market prices for identical or similar assets and liabilities in active or inactive markets or inputs other than quoted market prices that are observable or corroborated by observable market data for the asset or liability; and Level 3 inputs have the lowest priority and are unobservable and significant to the fair value measurement. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2011 and 2010.

Mutual funds: Mutual funds are valued using quoted market prices available on active markets.

Stable Value Fund: The stable value fund is available through an annuity contract with Metropolitan Life Insurance Company (MetLife). Amounts allocated to the UTC Stable Value Fund are held in MetLife's general account which supports insurance and annuity obligations. The safety of the interest rate guarantees under the contract is dependent upon MetLife's financial strength and claims paying ability.

The following table sets forth by level, within the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2011 and 2010:

NOTE 7: **PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of mutual funds and a stable value fund managed by the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan or by the Plan Sponsor. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 8: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts in the statement of net assets available for Plan benefits.

NOTE 9: **SUBSEQUENT EVENTS**

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 5, 2012, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be recognized or disclosed.
