Independent Auditor's Report

October 15, 2012

The Administration Committee
Apple Bus Company 401(k) Plan
Arlington, Virginia

We were engaged to audit the accompanying statement of net assets available for benefits of the Apple Bus Company Plan as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year then ended and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan sponsor instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by American Funds, the asset custodian of the Plan. Their report, dated October 3, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the asset custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 6, which was certified by American Funds, the custodian of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the plan administrator that the asset custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the asset custodian as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the asset custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2011, taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the asset custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Apple Bus Company 401(k) Plan
Notes to the Financial Statements
December 31, 2011 and 2010

1. Description of Plan:

The following brief description of Apple Bus Company 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and Plan amendments for more complete information.

General

The Plan, effective January 1, 2004, is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participant salary deferrals, discretionary matching contributions, discretionary non-elective profit sharing contributions and rollover contributions are available to all employees of Apple Bus Company. All employees who are at least age 21 are eligible for participant salary deferrals and any discretionary matching or profit sharing contributions as of date of hire. Apple Bus Company (The Company) is the Plan sponsor.

Contributions

Participants may elect to contribute by reducing their compensation by a fixed amount or a percentage up to the lesser of 75 percent of compensation plus 100 percent of any bonuses or \$16,500 for the current Plan year. Catch-up contributions are allowed for participants over age 50 up to \$5,500. The Company discretionary matching contribution is equal to 10 percent of the deferral not to exceed 1 percent of compensation. The Company may make additional contributions. The Company did not make any additional contributions for the year ended December 31, 2011 and 2010.

Employees may make rollover contributions prior to meeting the eligibility requirements for participation in the Plan.

Participant Accounts

An employee deferral account, discretionary matching contribution account and rollover account are maintained for each participant. Each participant's account is credited on the date the contribution is paid to the Asset Custodian. The participants' compensation reduction is paid to the Asset Custodian following the payroll date.

Participants may direct the investments in their accounts among alternative investment funds provided by the Plan.

1. Description of Plan (Continued):

Vesting

All salary deferrals including catch-up contributions and rollover contributions by participants are fully vested when made. Discretionary matching contributions and discretionary non-elective profit sharing contributions made by the Company are subject to the following vesting schedule:

<u>Vesting Service (Years)</u>	<u>Vesting Percentages</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants are automatically fully vested, regardless of the vesting schedule, upon attainment of normal or early retirement age, disability, death or termination of the Plan.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Any forfeiture amounts can be applied in payment of plan expenses or to reduce any company contributions. There were no forfeitures during the year ended December 31, 2011.

Unallocated Assets

Unallocated assets consist of cash received by the Plan which has not yet been allocated to participants' accounts. There were no unallocated assets as of December 31, 2011 and 2010.

Payment of Benefits

Upon a participant's termination of employment, disability, retirement, or death, the participant or their beneficiary is entitled to receive a single lump-sum payment or regular periodic payments of their entire vested account balance.

Administrative Expenses

Any fees related to the administration of the Plan or associated with the investment of Plan assets may be paid by the Plan or by the Company. If the Company does not pay Plan fees, such fees will generally be allocated to the accounts of participants either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. Certain fees may be paid from Plan forfeitures if available.

Notes to the Financial Statements

1. Description of Plan (Continued):

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue the contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. Upon termination of the Plan, the Trust shall continue until all benefits have been distributed under the Plan.

2. Summary of Accounting Policies and Use of Estimates:

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Plan Investments

In September 2006, the Financial Accounting Standards Board (FASB) issued guidance related to *Fair Value Measurements*, which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. The Plan adopted the guidance which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

Effective for Plan years beginning after December 15, 2009, the guidance was amended to require disclosure of fair value measurements for each class of assets and liabilities and disclose transfers in and out of Levels 1 and 2 (as defined below). The Plan adopted this amended guidance January 1, 2010.

The standard establishes a framework which provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The levels of the hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical investments available in active markets the Plan has the ability to access as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the investment and the reporting entity makes estimates and assumptions related to the pricing of the investment including assumptions regarding risk.

Apple Bus Company 401(k) Plan
Notes to the Financial Statements
December 31, 2011 and 2010

2. Summary of Accounting Policies and Use of Estimates (Continued):

Plan Investments (Continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy (See Note 4).

Mutual funds – Valued at the new asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

As applicable, estimates and assumptions are used in preparing financial statements in accordance with U.S. generally accepted accounting principles. Such estimates and assumptions can affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Date of Management's Review

Management has evaluated subsequent events through the date of the auditor's report, which is the date the financial statements were available to be issued.

3. Credit Risk:

The Plan invests in various investment types. All investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible changes in the values of investments will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits (see Note 8).

Total Assets at Fair Value	\$ 251,801	\$ -	\$ -	\$ 251,801

5. Investments:

Net Depreciation of Investments

During the year ended December 31, 2011, the Plan's investments value (including investments purchased, sold and held during the year) depreciated by \$15,555.

Concentrations

The Plan's investments representing 5 percent or more of the Plan's net assets available for benefits are as follows as of December 31:

	2011	2010
Mutual Funds:		
American Funds Target Retirement 2010	\$ 21,739	\$ 21,024

Notes to the Financial Statements
December 31, 2011 and 2010

6. Tax Exempt Status of the Plan and Related Trust:

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effect of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

7. Parties in Interest:

The Plan invests in certain accounts managed by American Funds Retirement Plan Services (Asset Custodian). Administrative expenses paid to the Asset Custodian are included in the accompanying financial statements.

Certain employees and officers of the Company, who may be participants in the Plan; perform administrative services to the Plan at no cost to the Plan.

8. Subsequent Events:

Change in Market Value

Subsequent to year end, the credit and liquidity crisis in the United States and throughout the global financial system has resulted in substantial volatility in financial markets and the banking system. These and other economic events have had significant impact on investment portfolios.
