Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

Plan Administrator and Participants of
Divested Litchfield Park Properties, Inc.
Pension Plan for Hourly Employees
of Wingfoot Films Corporation
Akron, Ohio

We were engaged to audit the financial statements of Divested Litchfield Park Properties, Inc. Pension Plan for Hourly Employees of Wingfoot Films Corporation (the "Plan") as of December 31, 2011 and 2010 and for the year ended December 31, 2011 as listed in the table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by The Northern Trust Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Custodian as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Dissolution of Original Plan Sponsor

On June 30, 1992, all assets of Wingfoot Films Corporation, the former sponsor and administrator of the Pension Plan for Hourly Employees of Wingfoot Films Corporation were sold to an unrelated third party. Divested Litchfield Park Properties, Inc. assumed the responsibilities of the Plan Sponsor and Plan Administrator on this date. All participants are 100% vested at June 30, 1992, and no additional service accrues after this date.

Trust Assets

Divested Litchfield Park Properties, Inc. Pension Plan for Hourly Employees of Wingfoot Films Corporation (the "Plan") participates in a Master Trust where Wingfoot Corporation acts as the Trustee and The Northern Trust Company (the "Custodian") acts as the Custodian for the Master Trust. The Master Trust holds investments for pension plans sponsored by The Goodyear Tire & Rubber Company and certain subsidiaries (the "Company" or "Goodyear"). As of December 31, 2011 and 2010, the Plan's interest in the Master Trust was 0.01%. See discussion of significant accounting policies related to the Master Trust in Note 7.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits include benefits expected to be paid to:

- a) Retired or terminated employees or their beneficiaries.
- b) Beneficiaries of employees who died while in active service.

The actuarial present value of accumulated plan benefits is determined by Towers Watson, consulting actuaries, using actuarial assumptions to reflect the time value of money and the probability that a benefit payment will be made between the valuation date and the expected payment date.

The significant actuarial assumptions used in the valuation of accumulated plan benefits as of December 31, 2011 and 2010 were:

- a) Life Expectancy - The mortality basis is derived from the mortality experience of the Goodyear hourly non-disabled population for the period 2002-2005.
- b) Retirement Age - Age 65.
- c) Discount Rate - Obligations of the Plan are assumed to be settled at a rate of 8.5%.

December 31, 2011 and 2010

Contributions and Funding

During the 2011 Plan year, sponsor contributions met or exceeded the minimum funding requirements specified in the Employee Retirement Income Security Act of 1974 ("ERISA"). Sponsor contributions are recognized as they accrue. See Note 6 for additional information on 2011 sponsor contributions.

Expenses

All expenses incurred in the asset custody and management of the Plan are charged to and paid by the Master Trust. Other administrative expenses of the Plan are paid by Divested Litchfield Park Properties.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investments in partnership interests within the Master Trust are not traded on an active market; therefore, the values of these investments as of any particular date are not necessarily indicative of amounts that may ultimately be realized as a result of future sales or other dispositions. The estimated values may differ significantly from the values that would have been used had an active market for the securities existed.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan has evaluated subsequent events through September 28, 2012, the date the financial statements were available to be issued. There were no subsequent events which required recognition or disclosure in the financial statements, other than the event disclosed in Note 6.

NOTE 2 - GENERAL DESCRIPTION AND OPERATION OF THE PLAN

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is subject to the provisions of ERISA.

DIVESTED LITCHFIELD PARK PROPERTIES, INC.
PENSION PLAN FOR HOURLY EMPLOYEES OF WINGFOOT FILMS CORPORATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

Participation and Benefits

The Plan is a defined benefit plan covering former hourly employees of Wingfoot Films Corporation. On December 11, 2011 the Plan was restated as of January 1, 2011 which included an amendment that provides for pension and death benefits calculated under formulas principally based on service. Participants may elect to receive their plan benefits in various forms of an immediate or deferred annuity.

Normal retirement age is 65; however, a reduced benefit is available to former employees who have attained age 55. See Note 6 regarding an additional pension benefit payment opportunity.

Vesting

Pension benefits are fully vested.

Termination Provisions

The Plan Sponsor anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan. As stated in the Plan, in the event that such discontinuance results in the termination of the Plan:

- a) The Plan's interest in the Master Trust shall serve to discharge any liability presently incurred and the net assets shall be applied for the exclusive benefit of the participants and beneficiaries of the Plan, provided that after satisfaction of all liabilities, residual assets of the Plan are distributable to the Plan Sponsor, or to other plans within the Master Trust.
- b) To the extent unfunded vested benefits exist, benefits up to specified limitations are insured by the Pension Benefit Guaranty Corporation.

NOTE 3 - TAX STATUS

The Internal Revenue Service (IRS") has determined and informed the Plan Sponsor by a letter dated December 20, 2011 that the Plan is qualified and the trust established for the Plan is exempt from Federal Income Tax under the appropriate Sections of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 - FINANCIAL DATA CERTIFIED BY THE NORTHERN TRUST COMPANY

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investment information is certified complete and accurate or derived from information certified complete and accurate by the Custodian, with the exception of partnership interests within the Master Trust as of

DIVESTED LITCHFIELD PARK PROPERTIES, INC.
PENSION PLAN FOR HOURLY EMPLOYEES OF WINGFOOT FILMS CORPORATION
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

December 31, 2011 and 2010. As of December 31, 2011 and 2010, the fair value of these investments within the Master Trust was \$219,293,973 and \$274,258,070, respectively, with related net appreciation of \$11,834,252 for the year ended December 31, 2011. The Plan's interest in the Master Trust which holds these investments was 0.01% as of December 31, 2011 and 2010.

NOTE 5 - PARTY-IN-INTEREST

Certain Plan investments are managed by the Custodian and, therefore, these transactions are party-in-interest transactions. Fees are paid by the Master Trust for asset custody and management to parties-in-interest. These fees are pursuant to arrangements exempted from the prohibited transactions rules.

NOTE 6 - SUBSEQUENT EVENT

On September 14, 2012, the Plan was amended to allow terminated vested participants of the Plan who are not currently receiving pension benefits the one-time opportunity to voluntarily elect either a lump sum payment of their pension benefit or an immediate commencement of monthly pension benefits in December 2012. In anticipation of this one-time window, the Company contributed \$100,000 in excess of ERISA minimum funding requirements on September 14, 2012. For purposes of these financial statements, this additional Plan contribution was accrued for as part of the Employer Contribution Receivable at December 31, 2011.

NOTE 7 - MASTER TRUST

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of the Plan's interest in the Master Trust is based on the beginning of the year value in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses. The fair value of investments held by the Master Trust is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the Plan based on the Plan's undivided interest in the Master Trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Master Trust's gains and losses on investments bought and sold as well as held during the year.

Partnership Interests

At December 31, 2011 and 2010, the Master Trust had investments of \$219,293,973 and \$274,258,070, respectively, in partnership interests. These partnership interests include \$157,354,939 and \$144,114,649, respectively, in venture, buyout and special situation private equity funds which cannot be redeemed and are liquidated over the stated life of the fund. At December 31, 2011 and 2010, the Master Trust had \$121,000,000 and \$132,000,000, respectively, in unfunded commitments related to these investments. Additionally, the partnership interests consist of \$61,939,034 and \$130,143,421, respectively, at December 31, 2011 and 2010, in an enhanced equity investment partnership which can generally be redeemed on a quarterly basis with one month notice.

Financial Instruments

Certain investment managers retained by the Master Trust are authorized to use derivative financial instruments within specific guidelines established by the Company. Interest rate, foreign exchange and credit contracts are held to manage the risk inherent in certain investments. Equity contracts are held as an alternative to purchasing securities. Commodities contracts are held to gain exposure to various commodities markets. The Company has established a control environment which includes policies and procedures for risk assessment and the approval, reporting, and monitoring of derivative financial instruments. The counterparties to the Master Trust's derivative financial instrument contracts are substantial and credit worthy multinational commercial banks or other financial institutions. Neither the risks of counterparty non-performance nor the economic consequence of counterparty non-performance associated with these contracts are considered by the Company to be significant. In addition, the Master Trust does not anticipate any material adverse effect on its financial position resulting from its involvement in these instruments. The notional amounts generally exceed the cash requirements relating to the financial instruments. The Plan's share of the net fair value of derivative financial instruments is included in the Plan's Interest in Master Trust in the Statements of Net Assets Available for Benefits. The Plan's share of the income and realized and unrealized gains and losses resulting from derivative financial instruments is included in Net Investment Gain from Plan's Interest in Master Trust in the Statement of Changes in Net Assets Available for Benefits.

Securities Lending

The Master Trust participates in The Northern Trust Company Securities Lending Program under which The Northern Trust Company as Custodian and Agent is authorized to lend securities of the Master Trust, as part of a pool of securities from other participating lenders, to borrowers selected by the Custodian and approved by the Trustee. Under the terms of the program, participating lenders receive cash, letters of credit, or government securities as collateral for loans of their securities, which must be equal to or greater than 103% of the market value of the borrowed securities. The amount of Master Trust securities on loan is capped at ten percent of lendable investments. The market value of the borrowed securities and collateral are revalued daily and the borrower is required to deliver additional collateral when necessary to meet the minimum requirements. Cash collateral received by the Custodian is invested in obligations issued by the U.S. Government, corporate bonds, and certain other instruments that meet The Northern Trust Company Securities Lending Program's guidelines intended to maximize current income, while maintaining the preservation of capital and maintenance of liquidity. Upon termination of the loan, the borrower is required to return loaned securities in exchange for the return of the related collateral. The Master Trust realized \$497,759 of additional net gain from these activities during 2011. The Trustee does not anticipate any material adverse effect on the financial position of the Master Trust resulting from its involvement in The Northern Trust Company Securities Lending Program.

Fair Value Measurements

Assets and liabilities measured at fair value are classified using the following hierarchy, which is based upon the transparency of inputs to the valuation as of the measurement date.

- Level 1 – Valuation is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 – Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

Cash and Short Term Securities: Cash and cash equivalents consist of U.S. and foreign currencies. Foreign currencies are reported in U.S. dollars based on currency exchange rates readily available in active markets.

Common and Preferred Stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate and Government Bonds and Asset Backed Securities: Valued based on institutional bid evaluations using proprietary models.

Partnership Interests: Valued based on valuations using the partnership's available financial statements coinciding with the Plan's year-end.

Common/Collective Trusts and 103-12 Investment Entities: Valued at the net asset value of units held at year end, as determined by a pricing vendor or the fund family. Common/collective trusts invested in equity securities and 103-12 investment entities are invested to earn returns that match or exceed U.S. equity indexes. Common/collective trusts invested in debt securities are invested to earn returns that match or exceed U.S. fixed income indexes.

Mutual Funds: Valued at the net asset value of shares held at year end, as determined by the closing price reported on the active market on which the individual securities are traded, or pricing vendor or fund family if an active market is not available. Mutual funds invested in equity securities are invested to earn returns that match or exceed U.S. equity indexes. Mutual funds invested in debt securities are invested to earn returns that match or exceed U.S. fixed income indexes.

Derivative Financial Instruments: Primarily valued using independent pricing sources which utilize industry standard derivative valuation models.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

Real Estate: Real estate investment trusts are valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2011 and 2010:

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total Master Trust net assets available for benefits. For the year ended December 31, 2011, there were no significant transfers in or out of levels 1, 2 or 3.

Schedule SB, Line23 Information on Use of Substitute Mortality Tables

The assumed mortality is The Goodyear Tire & Rubber Company Hourly Substitute Mortality Table with separate male and female rates, as allowed under Section 430(h)(3)(C) of the Internal Revenue Code. The tables are developed based on the mortality experience of the Goodyear hourly disabled and non-disabled population for the period 2002-2006. These tables are generational based on the IRS-prescribed projection scale, with a base year of 2003. The mortality rates are applied to both non-disabled and disabled participants. The IRS has approved use of this table for the period beginning with the 2008 plan year, and ending with the 2017 plan year. Sample rates, per 1,000 lives are shown below.

Attained Age	Males	Females
25	0.365	0.198
30	0.434	0.256
35	1.072	0.459
40	1.844	0.675

Mortality

Funding liability: The assumed mortality is The Goodyear Tire & Rubber Company Hourly Substitute Mortality Table with separate male and female rates, as allowed under Section 430(h)(3)(C) of the Internal Revenue Code. The tables are developed based on the mortality experience of the Goodyear hourly disabled and non-disabled population for the period 2002-2006. These tables are generational based on the IRS-prescribed projection scale, with a base year of 2003. The mortality rates are applied to both non-disabled and disabled participants. The IRS has approved use of this table for the period beginning with the 2008 plan year, and ending with the 2017 plan year. The following rates are illustrative for the base year:

Attained Age	Percentage of Participants Expected to Die Within One Year	
	Males	Females
25	.0365	.0198
30	.0434	.0256
35	.1072	.0459
40	.1844	.0675
45	.2417	.2573
50	.3532	.7367
55	.4958	.9420
60	.8875	1.3368
65	1.6015	1.8717
70	2.5153	2.4718
75	4.2028	3.7324
80	7.5588	6.1004
85	12.9962	9.7972
90	20.3289	18.1436

ASC 960 liability: The assumed non-disabled mortality is the Goodyear Hourly Substitute Nondisabled Mortality Table with separate male and female rates. The tables are developed based on the mortality experience of the Goodyear non-disabled population for the period 2002-2006. For disabled retirees, unisex rates are assumed equal to non-disabled male mortality rates increased by 0.02 at each age up to 65 and by 0.03 at ages 65 and over. No mortality projection is used.

Retirement

There are no longer any active participants in the plan. All vested exits are assumed to retire at age 65.

Disability rates

SCHEDULE SB ATTACHMENTS

Representative termination rates (per 100 employees) not due to disability, retirement or mortality

Not applicable. All participants are considered vested exits or retirees as of June 30, 1992.

Form of payment

Participants are assumed to elect the normal form.

Marriage

For purposes of valuing the pre-retirement surviving spouse's benefit, 85% of male participants and 50% of female participants are assumed to be married.

Employees

It is assumed that there will be no new or rehired employees.

At-risk assumptions

For at-risk calculations, all participants eligible to commence benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan.

Timing of benefit payments

Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on the date of decrement.

Funding Target

Present value of accrued benefits.

Target normal cost

Present value of benefits expected to accrue during the plan year.

ASC 960 cost method

The Unit Credit actuarial cost method has been used for ASC 960 purposes. This is a method under which the projected benefit of each individual included in the actuarial valuation is allocated to valuation years on the basis of the service of the individual (adjusted to reflect rates of benefit accruals).

Plan Name: Pension Plan for Hourly Employees of Wingfoot Films Corporation
EIN / PN: 51-0304856 / 003
Plan Sponsor: Divested Litchfield Park Property, Inc.
Valuation Date: January 1, 2011

SCHEDULE SB ATTACHMENTS

The actuarial present value of benefits allocated to the valuation year is called the normal cost. The actuarial present value of benefits allocated to all periods prior to the valuation year is called the actuarial accrued liability

Asset method

The asset method is three-year smoothing with assumed return. Under this method, the valuation assets are equal to the average of three values (all determined without regard to receivable contributions), the result increased by the discounted present value of contributions expected to be made after the valuation date based on the prior plan year PPA effective interest rate. This amount is then subject to a 10% corridor around the market value of assets (including the discounted present value of receivable contributions) as of the valuation date. The three values used to develop the average value are: the market value of assets as of the current valuation date, the adjusted market value of assets as of the prior valuation date and the adjusted market value of assets as of the second prior valuation date. The adjusted market value as of a relevant valuation date is equal to the market value of assets as of the prior valuation date increased by actual plan contributions and assumed return on plan assets and decreased by actual plan disbursements after that date until the current valuation date. The assumed rate of return on plan assets for the prior plan year (pursuant to IRS Notice 2009-22) was 6.82%, which is the lesser of the anticipated rate of return on assets for the plan year, equal to 8.50%, and the applicable limitation for the plan year, equal to 6.82%. The assumed rate of return on plan assets for the second prior plan year (pursuant to IRS Notice 2009-22) was 6.69%, which is the lesser of the anticipated rate of return on assets for the plan year, equal to 8.50%, and the applicable limitation for the plan year, equal to 6.69%. The algebraically equivalent development of this method (pursuant to IRS Notice 2009-22) is shown in Section 2.3. Because expected investment returns under this method are limited under WRERA, over time it is more likely to produce an actuarial value that is expected to be less than the market value of assets.

Participant data

Employee data were supplied by the employer as of the census date.

Tax policy

The actuarial valuation performed for the plan year ending December 31, 2011 is used to determine the maximum deductible contribution for the tax year ending December 31, 2011.

Benefits not included in valuation

None. Service Awards and Special Distributions are not applicable to any current participants.

Nature of actuarial calculations

The results documented in this report are estimates based on data that may be imperfect and on assumptions about future events. Certain plan provisions may be approximated or deemed insignificant and therefore are not valued. Assumptions may be made about participant data or other factors.

Reasonable efforts were made in this valuation to ensure that items that are significant in the context of the actuarial liabilities or costs are treated appropriately, and not excluded or included inappropriately.

A range of results, different from those presented in this report could be considered reasonable. The numbers are not rounded, but this is for convenience only and should not imply a level of precision beyond that which is inherent in actuarial calculations. Certain percentages determined in this report, such as the Funding Target Attainment Percentage, are truncated to be consistent with the instructions for Schedule SB of the Form 5500.

The assumptions selected for this valuation other than those prescribed by law, generally reflect long-term average expectations. If overall future plan experience is less favorable than assumed, the relative level of plan costs or contribution requirements determined in this valuation will likely increase in future valuations. Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for the measurements (such as the end of an amortization period); and changes in plan provisions or applicable law. It is beyond the scope of this actuarial valuation to analyze the potential range of future pension contributions, but we can do so upon request.

Changes in Methods since Last Actuarial Valuation

None.

Normal Retirement Benefit

Eligibility: Age 65. Employees hired after January 1, 1988 and also after attaining age 60 become eligible on the fifth anniversary of their employment.

Benefit: The benefit is based on the benefit unit in effect (up to \$14.50) at the date of exit from the successor company.

- Bowling Green location - \$14.50 per month per year of Continuous Service, effective July 1, 1993.
- Carrolton location - \$14.50 per month per year of Continuous Service effective February 2, 1994.

Early Retirement Benefit

Eligibility: Age 55 with 10 years of service.

Benefit: The accrued normal retirement benefit, reduced by 4/10 of 1% for each month retirement precedes the earlier of the month in which the employee attains age 62 or 37 years of continuous service.

Disability Benefit

Eligibility: Permanent incapacity while an employee and under age 65 with 10 years of service.

Benefit: The accrued normal retirement benefit, commencing during the sixth month following permanent incapacity.

Vested Benefits Upon Termination of Service

Eligibility: Any age with 5 years of service. Effective June 30, 1992 all active participants are fully vested and, if not eligible for retirement, become deferred vested participants.

Benefit: The accrued normal retirement benefit, commencing at age 65. For participants with 10 years of service, payments may begin as early as age 55, but on an actuarially reduced basis.

Pre-Retirement Benefit: Upon death prior to commencement of benefits, the surviving spouse will receive, commencing upon the later of the participant's date of death or the earliest date on which the participant is eligible to receive a benefit, 50% of the benefit the participant would have received had he then retired with the Special 50% Joint and Survivor Option in effect. The otherwise payable deferred vested benefit will be reduced by 0.2% for each year that this coverage is in effect prior to age 55, and 0.6% for each year thereafter.

Pre-Retirement Survivor Benefit

Upon the death of an employee with 5 years of service, the surviving spouse will receive, commencing upon the later of the participant's date of death or earliest retirement date, 50% of the benefit the participant would have received had he then retired with the special 50% Joint and Survivor option in effect.

Service Award

Eligibility: Employee's service terminates or is terminated because the employee is no longer able to meet the requirements of the job, after five years of service, with no other retirement benefits payable except a normal, early or deferred vested pension.

Benefit: A lump sum payment equal to an amount representing the single sum present value of such normal, early or deferred vested pension at termination of employment.

Special Distribution

Eligibility: Upon termination of employment due to a plant closure, an employee with at least five years of continuous service, who is not eligible for a Service Award or any other retirement benefits except for a normal, early or deferred vested pension, may receive a single payment distribution in lieu of any other benefits from the Plan.

Benefit: A lump-sum payment equal to the present value of such normal, early or deferred vested pension at termination of employment.

Form of Payment

If the participant does not elect an option or file a written revocation, retirement benefits will be paid on a 50% Joint and Survivor or a 75% Joint and Survivor basis if married, or on a five-year certain basis if unmarried. Available options are: Option A - Joint and Survivor (spouse only) with five-year certain; Option B - 50% or 75% joint and survivor (spouse only) with five-year certain; and Option C - period certain (10, 15 or 20 years certain).
