MASTER SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2011

1. DESCRIPTION OF PLAN

The following description of the Elgin Fastener Group, LLC Master Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Elgin Fastener Group, LLC (the Company), established the Plan effective June 1, 2011. The Plan is a defined contribution plan covering all eligible nonunion employees of the Company, its divisions, and subsidiaries which adopted the Plan (the Employers) who have ninety days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company matches 100% of the first 2% of salary deferrals and 50% of salary deferrals that exceed 2%, up to a maximum of 6% (maximum employer match of 4%). For the six months ended December 31, 2011, the Company contributed \$169,114.

The Company may make a discretionary nonelective contribution. In order to receive the discretionary contribution, employees must be employed on the last day of the Plan year. For the six months ended December 31, 2011, the Company did not make a discretionary contribution.

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the plan provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion and the profit sharing portion of their accounts is based on the following table:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participants account and bear interest at rates that range from 4.07% to 8.59%, which are commensurate with local prevailing rates as determined by the plan administrator. The term of the loan may not exceed five years or fifteen years if the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump sum amount or installment payments equal to the value of the participant's vested interest in his or her account. Under certain conditions participants may receive a hardship distribution.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company. Loan administration fees are charged directly to the participant's account and are included in administrative expenses.

Forfeited Accounts

As of December 31, 2011 there were unused forfeitures of \$18,097. These amounts will be used first to reinstate participant accounts (due to reemployment, subject to certain limitations) and are then used to reduce future employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The Plan entered into a fully benefit-responsive investment contract with Diversified Retirement Corporation (Diversified). Diversified maintains the contributions in the Stable Pooled Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. A fully benefit-responsive investment contract is a contract between an insurance company, a bank, a financial institution, or any financially responsible entity, with a plan that provides for a stated return on principal invested over a specific period and that permits withdrawals at contract value for benefit payments, loans, or transfers to other investment options offered to the participant by the Plan. Participant withdrawals from the Plan are required to be at contract value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Average yields:

Based on actual earnings	1.56%
Based on interest rate credited to participants	2.33%

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through October 10, 2012, which was the date that these financial statements were available for issuance, and determined that, other than the item discussed in Note 12, there were no significant nonrecognized subsequent events through that date.

3. INVESTMENTS

Investments that represent 5% or more of the Plan's net assets are separately identified below as of year end.

Diversified Stable Pooled Fund	\$ 3,693,637
American Funds Euro Pacific Growth	1,214,942
Perimeter Small Cap Growth Inv	730,206
PIMCO Total Return Admin	1,549,362
Rainier Large Cap Equity	1,006,826
T. Rowe Price Equity Income	1,622,496
T. Rowe Price Real Estate	729,635
Vanguard 500 Index Signal	664,223

The Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in value by \$(862,689), as follows:

Mutual funds	\$ (902,231)
Common collective trusts	<u>39,542</u>
TOTAL	<u>\$ (862,689)</u>

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

Interest bearing cash: Valued at the net asset value of shares held by the Plan at year end.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Common collective trust fund: Investments are valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy, because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

ELGIN FASTENER GROUP, LLC
MASTER SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

Description	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 18,097	\$ -	\$ -	\$ 18,097
Mutual funds				
Growth	2,951,974	-	-	2,951,974
Value	2,195,097	-	-	2,195,097
Diversified	1,058,954	-	-	1,058,954
Other	2,278,997	-	-	2,278,997
Total mutual funds	8,485,022	-	-	8,485,022
Common collective fund	-	3,693,637	-	3,693,637
TOTAL	\$ 8,503,119	\$ 3,693,637	\$ -	\$ 12,196,756

The following table presents the category, fair value, redemption frequency and redemption notice period for Plan investments, the fair values of which are estimated using net asset value per share as of December 31, 2011:

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2011	2011		
Common collective trust: Stable value (a)	\$ 3,693,637	\$ -	Daily	None

ELGIN FASTENER GROUP, LLC
MASTER SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

4. FAIR VALUE MEASUREMENTS (Continued)

(a) Stable value

The fund seeks to protect principal and provide investors with the potential to achieve returns higher than other conservative investments such as money market funds. The Fund is primarily comprised of investment contracts including Guaranteed Investment Contracts (GICs), Separate Account GICs, and Security Backed Investment Contracts.

Investments in this category can be redeemed immediately at the participant level and in 12 months at the plan level, at the current net asset value per share based on the fair value of the underlying assets. If the Plan offers a “competing fund”, participants are required to invest in a “noncompeting fund” for at least 90 days before transferring into the “competing fund” option. The fair value of investments in this category has been estimated using the net asset value per share of the investments.

5. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan’s asset information as of December 31, 2011 and for the six months ended December 2011, included throughout the Plan’s financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the plan administrator. The plan administrator has obtained certification from the trustee that information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

Shares of mutual funds	\$ 8,503,119
Shares of common collective trust	3,693,637
Notes receivable from participants	243,342
Net depreciation in fair value of mutual funds	(902,231)
Net appreciation in fair value of common collective trust	39,542
Interest and dividend income	155,640
Interest income on notes receivable from participants	6,714

ELGIN FASTENER GROUP, LLC
MASTER SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the company may determine.

7. TAX STATUS

The Company adopted a prototype plan from Diversified Retirement Corporation. This plan received a determination letter from the Internal Revenue Service on March 31, 2008 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RELATED PARTY TRANSACTIONS

Certain plan investments and notes receivable from participants are managed by State Street Bank and Trust Company, the trustee and, therefore, these transactions qualify as party-in-interest. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

ELGIN FASTENER GROUP, LLC
MASTER SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

10. TRANSFER OF ASSETS

Employees of the Company were originally participants of the Elgin Equipment Group, LLC Master Savings and Profit Sharing Plan (EEG Plan). The Company was sold to a third party during 2011 and formed its own plan. On June 1, 2011, the EEG Plan transferred net assets of the Company's participating employees from the EEG Plan in the amount of \$13,768,568.

11. SUBSEQUENT EVENTS

The Company purchased Quality Bolt and Screw during 2012. Quality Bolt & Screw terminated their plan and effective June 1, 2012, the assets of Quality Bolt & Screw Retirement Savings Plan were transferred to the Plan in the amount of \$1,424,876.

The Company purchased Northern Wire, LLC during 2012. Northern Wire, LLC will terminate their plan and transfer assets to the Plan mid November 2012.
