Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide Bank, is the Plan’s custodian. The custodian invests all employee and employer contributions, as well as earnings thereon, pursuant to the terms of the Plan.

Contributions

The Plan allows participants to elect to defer a portion of their compensation up to the maximum amount currently allowed by law, plus any catch-up contributions as allowed for by the Internal Revenue Service and the plan document. The Plan was amended effective March 1, 2011 to allow employees the option to make Roth after-tax deferrals, as elected by each employer. OMEGA SOLUTIONS, LLC 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with an allocation of (a) the Company's contribution; (b) the employees' voluntary contributions, transfer contributions, and rollover contributions; and (c) Plan earnings. The accounts are charged for any withdrawals, distributions, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested immediately with respect to employee contributions, rollovers and earnings thereon. Each plan provides vesting of employer contributions; see specific participation agreements for service criteria, vesting percentages, and the policies regarding vesting upon termination.

Investments

Participants direct the investment of their contributions under options offered by the Plan.

Forfeited Accounts

Forfeitures for individual employers are used to pay plan expenses. Unallocated forfeitures at December 31, 2011 and 2010 were \$657 and \$356, respectively. No forfeitures were used to pay plan expenses during the year ended December 31, 2011.

Payment of Vested Benefits

Participants, or their beneficiaries, are entitled to receive the entire amount of their interest in the Plan upon retirement, death, total or permanent disability, employment termination, reaching the age of 59 ½ or qualifying for "hardship distribution" as defined in the Plan. Hardship distributions are only elected by the specific participation agreements. A participant will be considered to have suffered a disability if he or she is permanently unable to perform his or her customary duties for the employer due to a mental or physical condition which can be expected to result in death, or be of a long continued and indefinite duration as determined by the Plan administrator. If the participant's vested balance is less than \$1,000, the entire sum will be distributed as soon as possible following the participant's separation from service. At December 31, 2011 and 2010, all requested distributions had been paid as of the plan year end.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Notes receivable from participants are permitted under the Plan. The rules are covered in a separate application form and promissory note and must be applied for through the plan administrator. All notes are limited to 50% of the participant's vested account balance, provided the note does not exceed \$50,000. The \$50,000 maximum amount will be reduced by the Participant's highest outstanding loan balance in the previous 12 months, even if amounts have been repaid. The term of the loan may not exceed five years unless for purchase of a qualified principle residence. The notes are secured by the balance in the participant's account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments represent the Plan's interest in the fair value of the net assets of mutual funds as determined by the custodian of the Plan, at December 31, 2011 and 2010. Investment transactions are reflected on a trade-date basis. Gains and losses on investment transactions are based on average costs. Dividend income is recorded on the ex-dividend date. Investment income represents the Plan's pro rata share of the aggregate income of the investments. Investment income also includes the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses, and the unrealized appreciation (depreciation) of those investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

The Plan pays administrative expenses to the extent that the Company does not pay them. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the plan.

Subsequent Events

The Company has performed a review of events subsequent to the statements of net assets available for benefits date through October 11, 2012, the date the financial statements were available to be issued and has determine that there are no material events that have occurred during this period except as disclosed in Note 12.

NOTE 4 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the accumulated unit value of the units held by the Plan at the end of the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

OMEGA SOLUTIONS, LLC 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 5 – TAX STATUS

The Plan uses a prototype plan sponsored by Daily Access Corporation. The Internal Revenue Service had determined and informed the trustee by a letter dated May 11, 2011, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan had been amended since receiving the determination letter, however, the Plan administrator and the Plan's tax counsel believes that the Plan was designed and was operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The 2008, 2009 and 2010 Form 5500's are currently under examination by the Department of Labor. The examinations are expected to be completed prior to December 31, 2012.

Subsequent to December 31, 2011, the Company plans to file an application under the Department of Labor Voluntary Compliance Program (VCP) to correct the matter described in Note 9.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the years ended December 31, 2011 and 2010, there were transactions involving direct fees and the investment of plan assets in investment funds maintained by Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide Bank, a party-in-interest as defined in Section 3(14) of ERISA. Indirect fees paid by the plan for investment management services are included in the net depreciation of the fair value of investments. During the aforementioned years, there were transactions involving fees charged by UHY LLP, Rehmann Retirement Builders, and Maddin, Hauser, Wartell, Roth & Heller, P.C, all parties-in-interest as defined in Section 3(14) of ERISA

NOTES TO FINANCIAL STATEMENTS

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to amend, modify, terminate or partially terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested and the net assets would be distributed to the participants according to the participant's account balances. Although they have not expressed any intent to do so, the participating employers have the right under the plan to terminate their participation in the plan. In this event, the participants of that participating employer would become 100% vested.

NOTE 8 – INVESTMENT RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – TIMELY REMITTANCE OF CONTRIBUTIONS

During the year ended December 31, 2011, there were instances of noncompliance in remitting participant contributions as soon as they could be reasonably segregated from the Company's assets. Untimely remittance of participant contributions constitutes a prohibited transaction under ERISA section 406. The Company plans to take remedial action under the Department of Labor Voluntary Compliance Program (VCP) to correct the matter. The Company plans to submit its request to the IRS prior to December 31, 2012.

NOTE 10 – CORRECTIVE DISTRIBUTIONS

Various employers failed the Actual Deferral Percentage Test (ADP Test) for the year ended December 31, 2011. Timely refunds of excess deferral contributions totaling \$14,224 were made to various participants in order to satisfy the relevant nondiscrimination provisions of the Plan. All required refunds were distributed by March 15, 2012.
