To the Pension Committee of
MET Laboratories, Inc. 401(k) Retirement Plan

We were engaged to audit the financial statements of MET Laboratories, Inc. 401(k) Retirement Plan (Plan) as of December 31, 2011 and 2010 and for the year ended December 31, 2011 and the supplemental schedule as of December 31, 2011 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee, as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

## 1. DESCRIPTION OF THE PLAN

The following description of the MET Laboratories, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering all employees of MET Laboratories, Inc. (Company), provided the employee is at least 21 years of age and has completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Contributions

Participants may contribute up to the annual limitations, as defined in the Internal Revenue Code. In addition, employees may rollover distributions received from other plans. The Company shall make matching contributions that match 50% of a participant's elective deferral up to 6% of a participant's compensation.

### Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Plan earnings, and Company matching contributions. Allocations are based on participant earnings or account balances, as specified in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

### Vesting

Participants are immediately vested in their voluntary contributions. A participant generally becomes fully vested in employer discretionary contributions upon six years of service, disability (as defined by the Plan), or death of the participant.

### Investment Options

Plan assets are invested in investments designated by the participants. Specific information regarding these options may be obtained from the Plan Administrator. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from the Plan. The maximum note permitted is the lesser of (1) $50,000 or (2) 50% of the participant's vested account balance. Principal and interest are paid ratably through weekly payroll deductions. Notes receivable mature within five years or a period to be determined by the employer for the purchase of a primary residence.

Payment of Benefits

Upon retirement, death, disability, or termination of employment, a participant or his/her beneficiary may elect to receive the vested balance of his/her account in a lump sum distribution or installments over the participant's life expectancy and/or the beneficiary's life expectancy.

Plan Expenses

Certain Plan expenses are paid by the Company.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited non-vested accounts totaled $919 and $1,221, respectively. These amounts will be used to reduce future Company contributions in accordance with Plan documents. In 2011, Company contributions were reduced by $8,467 from forfeited non-vested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, all interests of the participants not previously vested would become vested and non-forfeitable and the net assets of the Plan would be distributed to participants based upon individual equities in the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Accounting Standards Codification

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board. The Codification is the single source of authoritative GAAP in the United States.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Valuation of Investments

Investments are stated at fair value. See Note 4 for a discussion of fair value measurements.

Benefit Payments

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which are exposed to various risks, such as interest rate, credit and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are carried at their unpaid principal balance plus accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms on the Plan document.

Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 19, 2012, the date the financial statements were available to be issued.

**(See Independent Auditors' Report)**

## 4. VALUATION OF INVESTMENTS

Investments are recorded at fair value in accordance with the provisions of the Fair Value Measurements and Disclosures Section of the Codification, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodology used for assets measured at fair value.

Money Market and Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end provided by the Trustee. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

| | Level 1 and Total | |
|---|---|---|
| | 2011 | 2010 |
| Mutual Funds: | | |
| Domestic Stock Funds | $ 3,169,249 | $ 3,360,861 |
| International Stock Funds | 508,661 | 561,264 |
| Taxable Bond Funds | 300,766 | 278,160 |
| Money Market | 533,700 | 472,978 |
| Mid/Small Cap Funds | 11,216 | 7,003 |
| Target Date Funds | 857,873 | 758,436 |
| Total | $ 5,381,465 | $ 5,438,702 |

## 5. TAX STATUS

The Plan received a determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate uncertain tax positions for recognition in the financial statements. The Plan Administrator has concluded that there were no uncertain tax positions taken as of December 31, 2011. The Plan is no longer subject to routine tax examinations for years prior to 2008.
