EMPLOYEE STOCK OWNERSHIP PLAN

We have audited the accompanying statements of net assets available for benefits of **C&S WORLDWIDE HOLDINGS, INC. EMPLOYEE STOCK OWNERSHIP PLAN** ("the Plan") as of December 31, 2011 and 2010, the related statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011 and 2010, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011 is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 – DESCRIPTION OF PLAN

The following description of the C&S Worldwide Holdings, Inc. Employee Stock Ownership Plan ("the Plan") provides only general information. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

General

C&S Worldwide Holdings, Inc. ("the Company" or "the Sponsor") established the Plan effective January 1, 2001. As of January 1, 2002, the Plan was amended and operates, in relevant part, as a non-leveraged employee stock ownership plan (ESOP). The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 ("the Code"), as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by the Board of Directors of C&S Worldwide Holdings, Inc. ("the Trustees"). The Plan's assets, which consist principally of shares of common stock of the Sponsor, are held by the Plan's trust.

Administration

The Trustees of the Plan hold the Plan's assets. The Company's contributions are held and managed by the Trustees, who invest cash received, interest, and dividend income, and make distributions to participants.

Eligibility

Employees of the Company and its participating subsidiaries are generally eligible to participate in the Plan after having attained age 21 and after having completed one year of service, as defined in the Plan Document. Solely participants who are actively employed on the last day of the Plan year are eligible for an allocation of the Company contributions for such year.

Contributions

The Company makes contributions at the discretion of the Trustees. For the year ended December 31, 2011, the Company has committed to total contributions of $400,000, of which $200,000 was remitted to the Plan during 2011 in the form of 1,786 shares of plan sponsor common stock valued at $112 per share. The remaining $200,000 in contributions is recognized as a receivable at December 31, 2011 and will be converted to shares of plan sponsor common stock valued at $105 per share during 2012. For the year ended December 31, 2010, the Company committed to a contribution of $208,316. $151,529 of this amount was recorded as a contribution receivable at December 31, 2010 and was remitted to the Plan during 2011.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 – DESCRIPTION OF PLAN – Continued

Payment of Benefits

No distributions from the Plan are made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), becomes totally and permanently disabled, or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made in cash.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination or partial termination of the Plan by formal written notice or actual operation or upon complete discontinuance of contributions under the Plan, the rights of all affected participants to the amounts credited to the employees' accounts shall become fully vested and nonforfeitable and distribution shall commence forthwith in accordance with the Plan Document. The trust shall remain in existence until all funds held thereunder are distributed.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocation of employer contributions in shares of the Company's common stock ("sponsor company common stock"), employer cash contributions, administrative expenses, and forfeitures of terminated participants' non-vested accounts. Only those participants who are active employees of the Company as of the last day of the Plan year and those participants who were not active employees as of the last day of the Plan year due to retirement, total and permanent disability or death will receive an allocation for that Plan year. Allocations of employer contributions are based on a participant's eligible compensation, relative to total eligible compensation, and are not participant-directed.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 – DESCRIPTION OF PLAN – Continued

Vesting

As defined in the Plan Document, the vested portion of any participant's account shall be a percentage of the total amount credited to the participant's account determined on the basis of the participant's number of years of service according to the following schedule:

Years of Service	Percentage
Less Than 2 Years	0%
2 Years	25%
3 Years	50%
4 Years	75%
5 Years	100%

Put Option

The sponsor company common stock that is held by the Plan is not readily tradable on an established market and is subject to trading limitations, and therefore, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can elect to pay for the purchase with interest over a period of ten years. The purpose of the put option is to ensure that participants have the ability to ultimately obtain cash.

Diversification

Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 – DESCRIPTION OF PLAN – Continued

Forfeited Accounts

Forfeited accounts shall be allocated each year among the participants who are eligible to share in the allocation of discretionary contributions. Allocations of forfeitures are based on a participant's eligible compensation, relative to total eligible compensation for the year. In 2011, forfeited non-vested accounts totaling 31.5 shares valued at $3,310 and $-0- of cash were allocated among participants' accounts. In 2010, forfeited non-vested accounts totaling 121.3 shares valued at $13,582 and $-0- of cash were allocated among participants' accounts. As of December 31, 2011 and 2010, there were $27,540 and $25,471, respectively, in forfeited non-vested accounts available for allocation.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Cash

Cash consists of a demand deposit account which, at times, may exceed federally insured limits. The Plan has not experienced any losses in this account and believes it is not exposed to any significant credit risk with respect to cash.

Investments and Income Recognition

Investments are reported at estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

All administrative expenses provided by external service providers were paid directly by the Plan for the years ended December 31, 2011 and 2010. Officers and employees of the Company, or its subsidiaries, perform certain administrative functions. No such officer or employee receives compensation from the Plan.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in the Sponsor's common stock; which is not publicly traded. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued guidance which expanded the required disclosures about fair value measurements. In particular, this guidance added new disclosure requirements for Levels 1 and 2, required separate disclosures of purchases, sales, issuances and settlements relating to Level 3 measurements and clarified existing fair value disclosures. The Plan prospectively adopted the new guidance in 2010, except for the Level 3 disclosures, which were adopted in 2011. These adoptions did not materially affect the Plan's financial statements. See Note 4 – Fair Value Measurements for expanded disclosures.

Subsequent Events

Management has evaluated subsequent events through October 12, 2012, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 3 – INVESTMENT IN SPONSOR COMPANY STOCK

As of December 31, 2011 and 2010, the Plan's investments consisted solely of an investment in the sponsor company common stock.

During 2011 and 2010, the Plan received 1,786 and 1,967 shares, respectively, of common stock from the Company. The fair value of all shares owned by the Plan, as determined by an independent appraisal, was as follows at December 31:

	2011	2010
Shares of Common Stock	21,685	19,899
Estimated Fair Value Per Share	$ 105	$ 112
Total Estimated Fair Value	$ 2,276,925	$ 2,228,655

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (i.e., Level 1 measurements) and the lowest priority to unobservable inputs (i.e., Level 3 measurements).

The valuation method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 4 – FAIR VALUE MEASUREMENTS – Continued

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability, and/or
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified or contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level assigned to the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010. The fair value of the sponsor company common stock as determined by an independent appraiser was based upon a combination of the market and income valuation techniques taking into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and the estimated fair value of Company assets and liabilities.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 5 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated February 9, 2002 that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. The Plan's administrator and tax counsel believe the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Sponsor has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Sponsor believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan's assets consist principally of common stock of the Company. As such, transactions between the Company and the Plan qualify as party-in-interest transactions. The Plan is an owner in C&S Worldwide Holdings, Inc. During 2011, the Plan received a distribution from the Company of $138,617.

At December 31, 2011 and 2010, the Plan owed a total of $-0- and $7,387, respectively, to affiliates of the Sponsor. The $7,387 owed to affiliates of the Sponsor at December 31, 2010 included a $2,000 unsecured, non-interest bearing loan. The loan agreement provides for the loan proceeds to be used for payment of the Plan's ordinary operating expenses. In accordance with the terms of the loan agreement, the loan was repaid in the form of a lump-sum payment by December 31, 2011.
