## Independent Auditors' Report

To the Trustees of Newport Operating Corp., 401(K) Profit Sharing Plan

We were engaged to audit the financial statements of Newport Operating Corp. 401(K) Profit Sharing Plan (the "Plan") as of December 31, 2011 and 2010 and for the years then ended and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

#### Note 1 - Description of the Plan

The following description of the Newport Operating Corp., 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan covering all full-time employees of Newport Hospitality LLC (successor to Newport Operating Corp.) (the "Company") who have 1,000 hours of service in the first twelve months after hire and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

## Contributions

Employees eligible to participate may contribute from 1% to 15% of their compensation, up to a maximum of \$16,500 (\$22,000 for employees age 50 or older). The employer matches 25% of all contributions up to 6% of wages. Additional employer contributions ("discretionary contributions") may be contributed at the option of the Company's Board of Directors. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 18 pooled separate accounts, a common/collective trust and a guaranteed interest investment contract as investment options for participants.

## Participants' Accounts

Each participant's account is credited with the participant's contribution, the employer matching contribution, and an allocation of (a) the Company's discretionary contribution for participants (if any) and (b) the Plan's earnings or losses, and charged with an allocation of administrative expenses. Allocations of the employer's discretionary contributions are based on a participant's compensation as a percentage of all participants' compensation. Allocations of the Plan's earnings and losses are based on the participant earnings or account balances, as defined.

## Participants' Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years except for loans related to the purchase of a participant's principal residence, which may exceed 5 years. The loans are secured by the balance in the participant's account and bear interest at a fixed interest rate determined by the plan administrator. The interest rate on the loans is 9.75%. Principal and interest is paid ratably through payroll deductions.

## Vesting

Participants are immediately vested in their contributions plus accumulated earnings thereon. Vesting in employer contributions and the accumulated earnings thereon is based on years of continuous service (a participant becomes 100% vested after six years).

Notes to Financial Statements December 31, 2011 and 2010

#### Note 1 - Description of the Plan - continued

#### Payment of Benefits

Payments of benefits by reason of death, termination, disability or retirement are made in accordance with the Plan's provisions. Upon termination, a Plan participant will receive the amounts allocated to his or her account in which he or she is vested. A participant may elect to receive either a lump-sum payment or monthly payments under various options.

The Plan allows for in-service withdrawals of participants' vested amounts based on financial hardship, as defined by the Plan.

## Forfeited Accounts

For the years ended December 31, 2011 and 2010, forfeited non-vested accounts totaled \$2,814 and \$672, respectively. Forfeitures are first used to pay administrative expenses; if there are any balance left is used to reduce employer contributions.

## Note 2 - Summary of Significant Accounting Policies

## Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting.

## Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## Participants' Notes Receivable

Loans to participants are reported at their unpaid principal balances, plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

#### Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements December 31, 2011 and 2010

# Note 2 - Summary of Significant Accounting Policies - continued

Administrative Expenses

The Company has elected to pay some administrative expenses of the Plan. Investment and management fees incurred by Principal are deducted from the investments.

Subsequent Events

Plan's management has evaluated subsequent events through October 15, 2012, the date the financial statements were available to be issued.

#### Note 3 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ASC 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs (other than quoted prices within Level 1) are observable for the asset, either directly or indirectly, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 2 inputs were not available.

### Level 2 Fair Value Measurements

The net asset value of the pooled separate accounts and common/collective trust funds are not publicly-quoted or priced in an active market. The net asset value of the pooled separate accounts and common/collective trust funds are based on the market value of their underlying investments. These investments have both Level 1 and 2 pricing inputs, including quoted prices for similar assets in active or non-active markets (with the exception of the pooled separate account – Principal U.S. Property, classified as Level 3 noted on the paragraph below). Fair value is determined by an independent pricing service based on the Level 1 and Level 2 inputs.

## Level 3 Fair Value Measurements

The guaranteed investment contracts with an insurance company are not actively traded in a market. Thus, the guaranteed investment contracts are determined by Principal Life Insurance Company utilizing industry-standard valuation techniques such as, present value of discounted cash flows.

Notes to Financial Statements December 31, 2011 and 2010

## Note 3 - Fair Value Measurements - continued

Level 3 Fair Value Measurements - continued

Until March 2011, the Principal U.S. Property Separate Account did not qualify for Level 2 measurement because the investment was restricted by Principal by imposing a temporary withdrawal limitation which made the investment not readily redeemable at its net asset value as of measurement date. Restrictions to redemption as of measurement date were lifted by Principal in March of 2011; therefore, this asset has been reclassified to a Level 2 fair value measurement as of December 31, 2011.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

Interest	2,015	6,961

## Note 5 - Investments

At December 31, 2011 and 2010 investments that represent 5% or more of the Plan's net assets are as follows:

	 2011	2010
Common/Collective Trust - Principal Stable Value Fund	\$ 365,098	\$ 451,592
Pooled separate accounts:		
Large Cap S&P 500 Index	96,562	74,529

Mid Cap Blend	68,378	61,654
LifeTime Strategic Income	50,145	*
Stock Emphasis Balanced	55,024	*

<sup>\*</sup> Fund balance did not exceed 5% of Plan's net assets as of December 31 of the respective year.

During 2011 and 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$13,401 and \$74,670, respectively, as follows:

	2011	2010
Pooled separate accounts	\$ 7,547	\$ 58,454
Common/Collective trust	5,854	16,216
	\$ 13,401	\$ 74,670

Notes to Financial Statements December 31, 2011 and 2010

### Note 6 - Guaranteed Interest Investment Contract with Insurance Company

The Plan has entered into a non-benefit responsive guaranteed interest investment contract with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in an unallocated general account to which it adds interest at rates, which ranged from 3.34% to 3.95% for the year ended December 31, 2010. The interest rates are guaranteed for maturities ranging from December 31, 2010 through 2011. The contract is included in the financial statements at fair value as reported to the Plan by Principal. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value for a benefit event (termination, death, disability or retirement). However, there is a possible market value adjustment when funds are withdrawn prior to their maturity. There are no reserves against fair value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates was 3.95% for the year ended December 31, 2010. During 2011, investments held in the guarantee interest investment contract were transferred to the common/collective trust.

#### Note 7 - Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service dated September 3, 1999. The letter states that the Plan qualifies for tax-exempt status. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2011, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2008.

#### **Note 8 - Plan Termination**

Although the employer has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

## Note 9 - Related Party Transactions

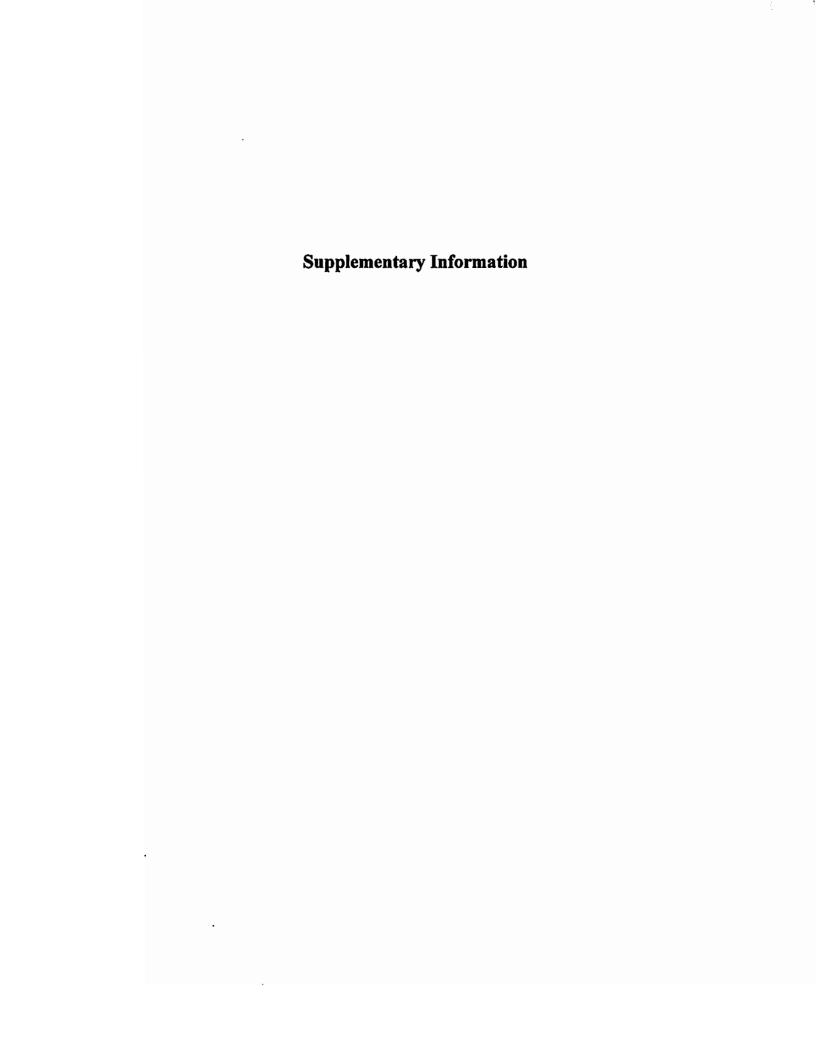

Certain plan investments are shares of separate pooled accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is the trustee and record keeper, as defined by the Plan, and qualifies as a party-in-interest.

## Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.
