As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information in Note C, which was certified by John Hancock USA, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income and Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income and Security Act of 1974.

As discussed in Note F, the Plan was terminated effective May 24, 2012, and all plan assets were distributed from the Plan and merged into a successor plan on that date.

Trusted Computer Solutions, Inc. 401(K) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE A - DESCRIPTION OF PLAN

The following is a summary of the major provisions included in the Trusted Computer Solutions, Inc. 401(K) Plan (the Plan):

Plan Year: The 12-month period from January 1, 2011 through December 31, 2011.

Effective Date: August 1, 1996

1. General

The Plan is a defined contribution plan covering all full-time employees of Trusted Computer Solutions, Inc. (the Plan Sponsor) who are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated on January 1, 2008.

2. Contributions

Each year participants may contribute up to the annual Internal Revenue Service (IRS) limitation, as defined in the Plan. Participants 50 years and older may also make catch up contributions up to the annual IRS limitation. The participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may make matching contributions equal to a discretionary percentage to be determined by the Plan Sponsor. During 2011 and 2010, the Plan Sponsor's matching contributions totaled $247,650 and $259,695, respectively. During 2011 and 2010, the Plan Sponsor's profit sharing contributions were $-0- and $193,047, respectively.

3. Vesting Provisions

Participants are immediately vested in their voluntary contributions account, rollover account, and all earnings thereon. Vesting in the employer matching contributions and earnings is based on the following years of service:

Years of Service	Vesting Percentage
1	20
2	40
3	60
4	80
5	100

4. Participant Accounts

Each participant's account is credited with the participant's contribution, the Plan Sponsor's matching and profit sharing contributions and allocations of plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

5. Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator at the time a new loan is granted.

6. Distributions While Employed

If a participant suffers a financial hardship, he may request a hardship distribution from his rollover/transfer account and/or from his 401(k) elective deferral account. The form of payment will be limited to a lump sum payment. The amount distributed cannot exceed his rollover/transfer account and/or his contributions to date, or the amount actually needed, whichever is less. The participant must demonstrate his financial need to the satisfaction of the plan administrator. A hardship for this purpose is a financial need to:

- Pay for medical expenses of the participant or his dependents;
- The purchase of the participant's home;
- The post-secondary education expenses of the participant or his dependents;
- The need to prevent the participant's eviction from his home;
- Pay for burial or funeral expenses for a deceased parent, spouse, or his dependents;
- Pay for expenses for the repair of damage to a principal residence that would qualify for the casualty deduction under the Internal Revenue Code (IRC)

7. Payment of Benefits

On termination of service and in accordance with the plan provisions, a participant may elect to receive a lump-sum amount equal to the value of his or her account.

8. **Forfeitures**

Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions and plan expenses. Forfeitures during 2011 and 2010 were $10,578 and $25,351, respectively.

NOTE B - BASIS OF ACCOUNTING, INVESTMENTS AND INVESTMENT VALUATION

The accompanying financial statements are prepared on the accrual basis of accounting.

1. **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. **Valuation of Investments**

The Plan's investments are stated at fair value. Shares of pooled separate accounts are valued at unit prices which represent the net asset value of shares held by the Plan at year end. Guaranteed interest accounts are valued at cost plus accrued interest, purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. **Cash**

Contributions remitted to the Plan for investment are temporarily placed in a cash account. Within a few business days, the cash is used to purchase participant directed investments.

4. **Payment of Benefits**

Benefits are recorded when paid.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Reclassification

Certain amounts in 2010 have been reclassified to conform to the 2011 presentation.

NOTE C - INVESTMENTS

1. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: Valued based on the Plan's pro-rate share of the pooled separate account at year end. The pooled separate account is not available in an exchange and active market, however, the fair value is determined based on the pro-rata share of underlying investments in the pooled separate accounts.

Guaranteed interest accounts (GIA): Valued at cost plus accrued interest. Interest rates ranged from 0.20% to 1.30% at December 31, 2011 and 0.30% to 1.25% at December 31, 2010.

The following table sets forth by level, within the fair value hierarchy, the Plan's certified investments at fair value as of December 31, 2011.

Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS
