REPORT OF INDEPENDENT AUDITORS

To the Participants and Plan Administrator of the REC Silicon, Inc. 401(k) and Savings Plan

We were engaged to audit the financial statements and supplemental schedules of the REC Silicon, Inc. 401(k) and Savings Plan (the Plan) as of December 31, 2011 and 2010, and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), as amended, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010**

NOTE 1 - THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General - The following description of the REC Silicon, Inc. 401(k) and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 2002 by REC Solar Grade Silicon LLC to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2006, REC Silicon, Inc. (the Company) became the Plan's sponsor.

Administration - The Company has appointed an Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Fidelity Management Trust Company (Fidelity) to act as the trustee and custodian, and an affiliate of Fidelity to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts - Forfeited nonvested accounts at December 31, 2011 and 2010 totaled approximately \$53,000 and \$317,000, respectively, and may be used to pay Plan administrative expenses or reduce future employer contributions. Forfeitures utilized to reduce the employer's contribution for the year ended December 31, 2011 amounted to approximately \$494,000.

REC SILICON, INC.
401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Certain investments in a common/collective trust valued at contract value as reported by the trustee approximate and are reported in the financial statements at fair value.

Notes receivable from participants - Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Income taxes - The Plan has adopted a volume submitter plan that has received an opinion letter from the Internal Revenue Service (IRS). The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. No uncertain positions have been identified that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2011. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

REC SILICON, INC.
401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Risks and uncertainties - The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Company has submitted an application under the voluntary correction program (VCP) with the IRS in 2011 for operational failures related to the Plan. A rejection from the IRS could result in a potential material receivable owed to the Plan by the Company. The application is currently pending review by the IRS.

Recent accounting pronouncements - In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, to converge the fair value measurement guidance in U.S. generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan's management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Subsequent events - The Plan has evaluated subsequent events through October 5, 2012, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 2 - FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

REC SILICON, INC.
401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds and money market fund: Valued at fair value using the market approach at the net asset value (NAV) of shares held by the Plan at year end.

Fully benefit-responsive common/collective trust funds: Valued at fair value using the market approach based on the underlying investments as traded in an exchange or active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	<u>Assets at fair value as of December 31, 2011</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

The following sets forth additional disclosures for the fair value measurement of significant investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2011 and 2010:

Fidelity Blended Stable Value Fund: The fund's objective is to preserve capital and achieve a competitive level of income over time. In addition, it strives to maintain \$1.00 per unit price; however, it cannot assure it will do so. Withdrawals and transfers directed by participants of the Plan may be redeemed daily if the funds are transferred to a non-competing fund; otherwise the redemption period is 90 days. Withdrawals and transfers directed by the Company must be preceded by 12 months written notice to the trustee of the Plan provided however that the trustee may, in its discretion, complete any plan level withdrawals before the expiration of the 12 month redemption period.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Union Bank of California Stable Value Fund: The fund consists mainly of a diversified portfolio of high-quality, stable value investment contracts issued by banks, insurance companies and other financial institutions. It seeks to provide dependable current income and safety of principal, although there can be no assurance that this fund will achieve its objective. Withdrawals and transfers directed by participants of the Plan may be redeemed daily if the funds are transferred to a non-competing fund; otherwise the redemption period is 12 months. Withdrawals and transfers directed by the Company must be preceded by 12 months written notice to the trustee of the Plan provided, however, that the trustee may, in its discretion, complete any Plan level withdrawals before the expiration of the 12 month redemption period.

NOTE 3 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - PARTICIPATION AND BENEFITS

Participant contributions - Participants may elect to have the Company contribute their eligible pre-tax or after-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

REC SILICON, INC.
401(k) AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Employer contributions - The Company is allowed to make contributions to the Plan in the form of matching contributions or discretionary nonelective employer contributions, as defined in the Plan, and as approved by the Board of Directors. In 2011, the Company matched 50% of each eligible participant's contribution up to a maximum of 6% of the participant's compensation. In 2011 and 2010, the Board of Directors approved a discretionary nonelective employer contribution equal to 4% of each eligible participant's compensation.

Vesting - Participants are immediately vested in their contributions. Participants are fully vested in the employer's matching and discretionary nonelective employer contributions allocated to their account after five years of credited service.

Participant accounts - Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution, if any. Allocation of the Company's contribution is based on participant contributions or eligible employee compensation, as defined in the Plan.

Payment of benefits - Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or monthly installments over a period of years equal to the value of the participant's vested interest in their account. The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed \$1,000.

Notes receivable from participants - The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2011 carry interest rates ranging from 3.25% to 9.25%.

NOTE 6 - NONEXEMPT TRANSACTIONS

Certain contributions of approximately \$146,000, \$178,000 and \$830,000 made by participants in 2005, 2006 and 2010, respectively, were not deposited with the Plan custodian in accordance with Department of Labor regulation guidelines. As a consequence of the delay in the deposit of the participants' contributions, these contributions are considered prohibited transactions under ERISA. The Company deposited the contributions with the Plan custodian before the end of 2010 and intends to make the necessary filings with the IRS.
