NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Canteen Services, Inc. Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for complete information.

General - The Plan was established January 1, 1989. The Plan is a defined contribution retirement plan established for all eligible nonunion employees and certain union employees as provided for in the collective bargaining agreement of Canteen Services, Inc. (the "Company" and "Plan Sponsor"). The Charles Schwab Trust Company serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Employees are eligible to participate in the Plan as of the earlier of the next January 1, April 1, July 1, or October 1 after: (1) attaining age 21 and (2) completion of 1,000 hours of employment in the first 12 months of employment with the Company or in any Plan year beginning after the first day of employment.

Plan Sponsor - The Company is engaged in the business of operating correctional facility food and commissary services.

Merger - During 2011, the Board of Directors of the Company approved the merger of the Plan into the Staffplus 401(k) Retirement Savings Plan, effective January 1, 2012. On December 29, 2011, the Company transferred the assets of the Plan to the trustee of the Staffplus 401(k) Retirement Savings Plan. The Plan received income totaling $9,415 subsequent to the initial transfer. These funds were transferred to the Staffplus 401(k) Retirement Savings Plan in 2012.

Contributions - Participants may make elective salary reduction contributions in amounts not to exceed the maximum allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may contribute to the Plan on a matching basis as determined annually by the Company for certain union participants. The Company made no matching contributions for the years ended December 31, 2011 and 2010.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, if any, and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions and Company matching contributions into various mutual fund investment options offered by the Plan.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. The vesting schedules for Company matching contributions are as follows:

Teamsters 414		Teamsters 364 and Other	
Years of Service	**Vested Percentage**	**Years of Service**	**Vested Percentage**
Less than 1	0%	Less than 1	0%
1 but less than 3	50%	1 but less than 2	20%
3 or more	100%	2 but less than 3	40%
		3 but less than 4	60%
		4 but less than 5	80%
		5 or more	100%

Payment of Benefits - A participant is eligible to receive a distribution from the Plan of their total retirement savings account balance when one of the following events occurs: (1) termination of employment, (2) retirement, (3) attainment of age 59-1/2, (4) total and permanent disability, (5) death, (6) approved financial hardship, or (7) distribution pursuant to a qualified domestic relations order.

Forfeited Accounts - At December 31, 2011 and 2010, there were no forfeited nonvested employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan utilizes various investment instruments, including mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The money market fund is stated at amortized cost which approximates fair value. Unrealized appreciation or depreciation in the current value of investments held at year-end and gain or loss on sales of investments during the year are determined using the beginning of year market value or purchase price if acquired since that date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONCLUDED)

Administrative Expenses - Administrative expenses of the Plan are paid by the Company at the Company's option.

Payments of Benefits - Benefit payments to participants are recorded upon distribution. Distributions are paid in a lump-sum, or alternatively can be rolled over into another qualified retirement savings plan. The participant must apply for payment from the Plan and the trustee may begin paying benefits shortly after the trust accounting has been completed for the Plan year in which employment terminates. The vested portion of a terminated or retired participant's account is distributed after the end of the Plan year in which they terminate or retire, assuming they have applied for payment from the Plan. As of December 31, 2010, the combined account balances of participants who had elected to withdraw from the Plan prior to year end, but had not yet been paid, amounted to $103,060. No participants whom had elected to withdraw from the Plan prior to December 31, 2011 had not been paid as of December 31, 2011.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value accounting literature provides a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets and have the highest priority; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's policy is to recognize significant transfers between levels at the end of the reporting period.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONCLUDED)

A summary of the Plan's investments set forth by level within the fair value hierarchy measured at fair value on a recurring basis at December 31, 2011 and 2010, is as follows:

	Fair Value Measurements Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total
