ODYSSEY INDUSTRIES, INC.
401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

Note 1 - Description of the Plan

The following description of the Odyssey Industries, Inc. 401(k) Savings Plan, formerly the "Odyssey Industries, Inc. Savings and Protection Plan" is provided for general information purposes only. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-leased and non-union employees of Odyssey Industries, Inc. (the Company) who have attained the age of 20. The Plan was established, effective May 1, 1996, to provide deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan Administrator is Odyssey Industries, Inc. The Plan's Trustee is Danielle Course. The Plan's Custodian is John Hancock Life Insurance Company. The investment custodian holds all of the Plan's assets and executes all of the Plan's transactions. Great Lakes Pension Associates, Inc. provides participant recordkeeping and administration services.

Contributions to the Plan

The Plan provides for participants to defer up to 100% of their compensation. The amount of a participant's contributions for any plan year may not exceed certain limits under Section 402(g) of the Internal Revenue Code (IRC). The limit is $16,500 for the year ended December 31, 2011.

The Plan allows for a discretionary match from the employer in the amount of 100% of employee contributions for the first 3% elected deferral and 50% of the next 2% elected deferral. The IRC also sets limits on total employer contributions made to a participant's account. This limit, referred to as the annual addition limit, is the lesser of $49,000 or 100% of a participant's compensation for the year ended December 31, 2011.

Note 1 - Description of the Plan - Continued

Contributions to the Plan - Continued

The Plan may also make qualified profit sharing contributions by the Company to satisfy various Internal Revenue Service (IRS) compliance tests. There were no such contributions in 2011.

Vesting

A participant becomes fully vested upon entry into the Plan.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum equal to the value of the participant's vested interest in his or her account.

The Plan allows for in-service distributions prior to age 59 1/2 due to hardship, as defined by the plan document, and after age 59 1/2 for any reason.

Participant Notes Receivable

Generally accepted accounting principles (GAAP) require the Plan to show participant loans as notes receivable rather than investments. This excludes participant notes receivable from the required fair value disclosures discussed in Note 3.

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as participant-directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing prime rates. Interest rates on loans outstanding as of December 31, 2011 and 2010, ranged from 4.25% to 9.25%. Principal and interest is paid ratably through payroll deductions.

Note 1 - Description of the Plan - Continued

Fees and Expenses

Professional fees incurred to operate the Plan, such as attorney and audit fees are paid directly by the Plan Sponsor.

Other fees and expenses relating to the day-to-day plan operations are paid by the Plan. These fees are recorded when paid.

Fees related to employee loans are charged directly to the participants who obtained the loans from the Plan.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 12, 2012, which is the date the financial statements were available to be issued.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employer contributions and income from investments are recorded when earned. Expenses are recorded in the accounting period in which they are incurred. Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies - Continued

Investments

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurements

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation of Participant Notes Receivable

Participant notes receivable are valued at their outstanding principal balance plus accrued but unpaid interest.

Note 2 - Summary of Significant Accounting Policies - Continued

Allocation of Investment Income and Gains and Losses

Funds contributed by participants are invested at percentages as directed by participants in any one or more mutual funds.

Realized gains and losses on investment transactions are recorded as the difference between sales proceeds and carrying value. Net unrealized appreciation or depreciation in the fair market value of investments is recorded as the change in carrying value of the investment portfolio from the beginning of the year or date of purchase to the end of the year.

The income, gains or losses in each fund are allocated daily to the applicable participant's accounts in that fund, based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 3 - Unaudited Fair Value Measurements

The table below segregates all financial assets as of December 31, 2011 and 2010 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

The Money Market Account's fair value is determined by reference to quoted market prices and other relevant information generated by market transactions, which has been classified as Level 1. The fair value of the Pooled Separate Accounts is measured by utilizing the fair value of the underlying assets in John Hancock Life Insurance Company's Pooled Separate Accounts as of the valuation date multiplied by the ratio of the Plan's investment in those accounts to the balance of all plans participating in John Hancock Life Insurance Company's Pooled Separate Accounts as of the valuation date. Investments in the Pooled Separate Accounts have been classified as Level 1 due to the underlying investments being classified as Level 1 investments.

Note 3 - Unaudited Fair Value Measurements - Continued

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Unaudited Information Certified by the Custodian

The Custodian of the Plan, John Hancock Life Insurance Company holds the Plan's investments and executes all investment transactions. The investment balances and related investment results included in the accompanying 2011 and 2010 financial statements and supplemental schedule of assets (held at end of year) are based solely on information provided by the Custodian.

Investments at fair value consist of the following:

	December 31, 2011	December 31, 2010
Cash	$ 1,407	$ 21,817

Pooled Separate Accounts	4,113,830	3,675,835
	$ 4,338,916	$ 3,758,699

Note 4 - Unaudited Information Certified by the Custodian - Continued

During 2011, the Plan's investments in Pooled Separate Accounts (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by ($182,383).

The Custodian also certified participant notes receivable balances of $251,548 and $192,642 as of December 31, 2011 and 2010, respectively, as well as participant note interest income of $7,758 for the year ended December 31, 2011.

Note 5 - Party-in-Interest Transactions

Certain plan investments are managed by John Hancock Life Insurance Company, who is the Plan's Custodian. Transactions involving these investments are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax Status

The Plan is a non-standardized prototype plan which has been filed with the IRS and has received an Opinion Letter from the IRS, dated March 31, 2008. The Plan was amended effective June 1, 2010. The Custodian and Trustee believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRS and, therefore, the Plan qualifies under Section 401(a) of the IRC and is exempt from Federal income tax as of December 31, 2011. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. As of December 31, 2011, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is currently not being examined and the Plan's management believes its tax-exempt status would be upheld under examination. The Plan's open audit periods are 2008 - 2011.
