INDEPENDENT AUDITORS' REPORT

To the Trustee Committee
Agata & Valentina 401(k) Retirement Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Agata & Valentina 401(k) Retirement Plan (the "Plan") as of December 31, 2011, and the related statement of changes in net assets available for benefits and for the year then ended, and the supplemental schedules of (a) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and (b) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of December 31, 2011. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by ING Life Insurance and Annuity Company, the custodian of the Plan. Their report, dated October 5, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole, and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the 2011 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of Agata & Valentina 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all full-time employees, except union employees, of J.A.V. Food Corp. (the "Company" or "Sponsor") who have completed one year, or 1,000 hours, of service and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Participants may elect to defer up to 100% of their gross annual salary. The amount deferred in any calendar year may not exceed the limits specified under Internal Revenue Code ("IRC") Sections 401(k), 404 and 415. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

A participant may, with the consent of the Plan administrator, make a rollover contribution to the Plan at any time. Rollover contributions are assets transferred to the Plan from a qualified savings plan in which an employee participated prior to their employment by the Company.

Employers' Contributions

The Sponsor may make discretionary matching contributions based on the participant's elective deferrals. A discretionary matching contribution that amounted $35,216 was made for the year ended December 31, 2011.

In addition, the Sponsor may make other discretionary profit-sharing contributions to the Plan. No discretionary profit-sharing contributions were made for the year ended December 31, 2011.

Investment Options

The Plan's assets are held by ING Life Insurance and Annuity Company ("ING" or the "Custodian"). Contributions by or on behalf of a participant have been invested at the election of the participant in the mutual funds and in a guaranteed investment contract administered by ING.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Sponsor's contribution, and Plan earnings or losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The participants elect from among several investment vehicles offered by the Plan to which contributions on their behalf are directed.

1. DESCRIPTION OF PLAN (CONTINUED)

Participant Distributions

On termination of service due to death, disability or retirement, or upon attaining the age of 59½, a participant or a participant's designated beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or annual installments as determined at the time of distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

All participants entering the Plan will have a nonforfeitable right to a percentage of the employer matching contributions and employer nonelective profit-sharing contributions based on the following schedule:

Years of Vesting Service	Nonforfeitable Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

The Plan provides that loans can be made to participants provided that the loans bear a reasonable rate of interest, are adequately secured, and provide for repayment over a reasonable period of time. Participant loans are recorded at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Presently, loans are made in amounts up to 50% of an employee's vested account balance, limited to $50,000, with the remaining 50% securing the loan. Interest on the loan is charged at prime or the equivalent of a secure bank loan rate at the date the loan is granted. The maximum term for loans is generally five years.

When a loan is made, the employee's account is charged, thereby reducing the balance in the employee's account, which earns income.

The repayment of the loan, including interest, is credited to the specific employee account as received (i.e., the interest paid on the loan is all credited to the account of the individual borrower).

1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants (Continued)

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit to which a participant would otherwise be entitled from the Plan.

Forfeitures

At December 31, 2011 and 2010, forfeited nonvested accounts totaled $3,581 and $9,295, respectively. These accounts are used to reduce future employer contributions. Forfeitures of nonvested accounts used to reduce employer contributions amounted to $11,929 for the year ended December 31, 2011.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Recently Adopted Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-06, *Improving Disclosures about Fair Value Measurements.* This update amends FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement,* to require new disclosures for significant transfers in and out of Level 1 and Level 2 fair value measurements, disaggregation regarding classes of assets and liabilities, valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for Level 2 or Level 3. These disclosures are effective for reporting periods beginning after December 15, 2009. Additional new disclosures regarding the purchases, sales, issuances and settlements in the rollforward of activity in Level 3 fair value measurements are effective for fiscal years beginning after December 15, 2010. The Plan adopted certain of the relevant disclosure provisions of ASU 2010-06 on January 1, 2010, and certain other provisions on January 1, 2011. The adoption of this standard did not have a material effect on the Plan's financial statements.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in the net appreciation or depreciation in fair market value of such investments.

Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under this standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The administrative expenses are paid by the Sponsor of the Plan.

Reclassifications

Certain amounts in the 2010 financial statements have been reclassified to conform to the 2011 presentation. These reclassification adjustments had no effect on previously reported net increase in net assets available for benefits.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated subsequent events through October 12, 2012, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The following tables summarize investment and other asset information regarding the Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011, included in the Plan's financial statements and supplemental schedules, that was prepared by, or derived from, information prepared by the Custodian, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Custodian that such information is complete and accurate.

4. INFORMATION CERTIFIED BY THE PLAN CUSTODIAN (CONTINUED)

Investments consisted of the following at December 31, 2011 and 2010:

	2011	2010
Mutual funds representing 5% or more of net assets:		
ING Global Bond Portfolio	$ 151,834	$ 138,600
ING Oppenheimer Global Portfolio	130,683	131,081
ING PIMCO Total Return Portfolio	166,255	156,907
ING American Century Small-Mid Cap Value Portfolio	112,913	116,038
Other mutual funds - less than 5% individually	405,015	410,938
Total mutual funds	$ 966,700	$ 953,564
Money market fund, less than 5% of net assets	$ 70,088	$ 73,049
Guaranteed investment contract representing 5% of more of net assets:		
ING Fixed Account	$ 1,216,836	$ 1,040,945
Notes receivable from participants	$ 103,114	$ 69,954
Mutual funds	$ (23,258)	
Guaranteed investment contract	32,929	
Net appreciation (depreciation) in fair value of investments	$ 9,671	
Interest - notes receivable from participants	$ 3,042	

5. GUARANTEED INVESTMENT CONTRACT

The Plan maintains one guaranteed investment contract ("GIC") related investment option, the ING Fixed Account. The contract underlying this investment option is considered to be fully benefit responsive. Generally, contract value of the ING Fixed Account is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses. Contract value may be subject to adjustments in connection with contract holder-directed withdrawals that are subject to a market value adjustment. Under limited circumstances, contract value may be adjusted as a result of a market value adjustment. The fair value of the ING Fixed Account, which consists of an underlying GIC owned by the Plan, is calculated by discounting the related cash flows based on current yields of similar institutions with comparable durations.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by ING, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. As of December 31, 2011 and 2010, the contract value was estimated to be $1,216,836 and $1,040,945, respectively. The market value adjustments were $95,385 and $11,213, as shown in the statements of net assets available for benefits at December 31, 2011 and 2010, respectively.

5. GUARANTEED INVESTMENT CONTRACT (CONTINUED)

The average yield based on actual earnings for the contract for the years ended December 31, 2011 and 2010, were 3.00% and 3.15%, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3% through December 31, 2012. The crediting interest rates to participants for the contracts as of December 31, 2011 and 2010, were 3.00% and 3.15%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the tables below. The valuation techniques are as follows:

(a) *Market approach.* Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;

(b) *Cost approach.* Amount that would be required to replace the service capacity of an asset (replacement cost); and

(c) *Income approach.* Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's assets measured at fair value on a recurring basis, categorized by GAAP's valuation hierarchy as of December 31, 2011 and 2010:

6. FAIR VALUE MEASUREMENTS (CONTINUED)

During the years ended December 31, 2011 and 2010, there were no transfers between levels of the fair value hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds: are valued at quoted market prices, which represent the net asset value of the securities held in such funds.

Money Market Funds: the carrying value approximates fair value because the instruments are liquid in nature.

Guaranteed Investment Contracts: the fair value is calculated by discounting the related cash flows based on current yields of similar institutions with comparable durations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. RELATED-PARTY TRANSACTIONS

Plan investments are shares of mutual funds and a guaranteed investment contract managed by the Custodian. Accordingly, these transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their employer contributions.

9. TAX STATUS

The Plan uses a prototype plan document sponsored by Advantage Benefits Consultants, Inc. ("ABC"). ABC received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, which states that the prototype document satisfied the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since ABC received the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2011 and 2010:

	2011	2010
Net assets available for benefits per the financial statements	$ 2,312,487	$ 2,229,143
Add: excess contributions payable	51,719	-
Net assets available for benefits per Form 5500	$ 2,364,206	$ 2,229,143

The following is a reconciliation of participant contributions per the financial statements to Form 5500 for the year ended December 31, 2011:

Increase in net assets available for Plan benefits per the financial statements	$ 83,344
Add: excess contribution payable, end of year	51,719
Increase in net assets available for Plan benefits per Form 5500	$ 135,063

11. PROHIBITED TRANSACTIONS

During 2011, the Company inadvertently did not deposit an aggregate of $136,242 of participant deferrals within the required time frame as stated by the Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. The Company intends to correct this error, in accordance with the provisions of the DOL's Voluntary Fiduciary Correction Program ("VFCP"). The Company will remit $56 in lost earnings for 2011 as a result of the late remittances of participant deferrals to the Plan.

Beginning in 2012, the Company has implemented procedures that are designed to remit deposits of participant deferrals within the required time frame.

12. CONTINGENCIES

The Plan did not complete required discrimination testing, top-heavy testing, minimum plan coverage testing and testing on the limit on maximum annual elective deferral contributions to the Plan for the year ended December 31, 2010. As a result, if the Plan had failed the aforementioned tests, excess contributions were not remitted to participants. During 2012, the Plan expects to perform the calculation and make the appropriate distributions for excess contributions, if necessary.
