Notes to financial statements

Note A – Description of Plan

General

The FlaglerCE Holdings LLC Retirement Savings Plan (the "Plan") was established by Flagler Construction Equipment, LLC on June 1, 2004 as a defined contribution plan. On December 31, 2008, the Plan was amended to change its name from Flagler Construction Equipment Retirement Savings Plan to FlaglerCE Holdings LLC Retirement Savings Plan and to cover substantially all employees of FlaglerCE Holdings, LLC and its subsidiaries, Flagler Construction Equipment, LLC and PennJersey Machinery, LLC (collectively, the "Company"), who have completed a minimum of three months of service and are at least 21 years of age. Eligible employees can enter into the Plan either on January 1 or July 1. Due to the acquisition of PennJersey Machinery, LLC in June 2008, certain eligible employees were allowed to enter the Plan on October 1, 2008. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Merger of Plan

Effective December 31, 2011, the Company authorized and approved the Merger (the "Merger") of the Plan into the Platinum 401(k) Retirement Savings Multiple Employer Plan ("MEP"). As a result of the Merger, the Plan will cease to exist, while each participant's account is transferred to the MEP.

Plan Administration

The Plan's assets are held and managed by John Hancock Life Insurance Company (USA) (the "Trustee"). Contributions are held by the Trustee, who invests cash received, interest and dividend income, as directed by participants and makes distributions to participants. The Plan changed the third party administrator ("TPA") from Carpenter Morse Group to Plan Fiduciary Services, an affiliate of American Pension Services, as of November 1, 2011.

Contributions

Participants may contribute up to 100% of their pretax compensation, as defined in the Plan agreement, subject to certain limitations under the Internal Revenue Code ("IRC"). The maximum dollar amount that may be deferred is adjusted annually by the Internal Revenue Service ("IRS"). The amount of compensation that is deferred, plus any earnings or losses thereon, is not subject to federal income tax until the funds are actually distributed to the participant by the Plan. Participants who will be at least 50 years of age by the end of the Plan year are able to make catch-up elective deferral contributions up to the maximum allowable amounts.

The Company may elect to make discretionary matching and/or profit sharing contributions to the Plan in an amount determined by the Company. During the year ended December 31, 2011, the Company made matching contributions of 50% of participant contributions for the first 2% of annual compensation and 25% of participant contributions for the next 4% of annual compensation. No discretionary profit sharing contributions were made to the Plan during the year ended December 31, 2011.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's discretionary matching and/or profit sharing contributions. Each participant's account shall also be allocated earnings, gains, losses and expenses with respect to the investments of the participant's account. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus or minus actual earnings or losses thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts, plus actual earnings or losses thereon, is based on years of continuous service as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year but less than 2	25%
2 years but less than 3	50%
3 years but less than 4	75%
4 years or more	100%

Participants unvested portions in the Company's discretionary matching and profit sharing portion of their accounts, plus actual earnings or losses thereon upon the Merger will remain based on years of continuous service.

Investment Options

Through the date of the Merger, participants could direct contributions to any of the investment options offered by the Plan, and change their investment elections daily by using telephone access or an online-system. Participants could change their elective deferrals at any time.

Payment of Benefits

Benefits under the Plan are payable upon retirement, death, disability, hardship or termination of service, and are based on the vested balance in the participant's account. Distributions of vested account balances are made in the form of a single lump-sum payment or in installments over a period of time, as defined by the Plan.

Forfeited Accounts

Forfeitures of the Company's discretionary matching and/or profit sharing contributions are first used to reduce administrative expenses with the remainder used to reduce Company matching contributions. During 2011, administrative expenses and Company contributions were reduced by approximately $8,100 from forfeited non-vested accounts. As of December 31, 2011 and 2010, forfeited non-vested accounts totaled approximately $0 and $5,100, respectively.

Notes Receivable from Participants

Prior to the Merger, participants could borrow from their accounts up to an amount equal to the lesser of $50,000 or 50 percent of their vested account balance. In 2011 through the date of the Merger, the notes bore interest ranging from 3.25% to 8.25% and had terms ranging from one to five years. The notes were collateralized by a security interest in the participant's vested account balance and were repayable through bi-weekly payroll deductions. For the year ended December 31, 2011, there was approximately $22,000 of note defaults reported as deemed distributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts and the net assets of the Plan would be allocated among the participants and beneficiaries of the Plan in the order provided by ERISA. The Merger had no impact on the participants' accounts.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments in guaranteed interest accounts are not considered benefit responsive as a result of a penalty, which would be imposed for early withdrawal. The Plan's investments in pooled separate accounts, guaranteed interest accounts, mutual funds and the money market fund are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The pooled separate accounts, mutual funds and the money market fund do not have any unfunded commitments and provide for daily redemptions by the Plan at the reported net asset value with no advance notice requirements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Plan. For the year ended December 31, 2011, the Company paid administrative expenses totaling approximately $34,000 on behalf of the Plan.

Subsequent Events

Management has evaluated subsequent events for potential disclosure in or adjustment to the financial statements through October 15, 2012, the date that the accompanying financial statements were available to be issued. Based on such evaluation, no events have occurred that in the opinion of management warrant disclosure in or adjustment to the financial statements.

Note C – Investment Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that at such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

Note D – Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements. The Plan Administrator has obtained a certification from the Trustee that the information provided to the Plan Administrator by the Trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011, is complete and accurate. Such information includes:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2011 and 2010.
- Net investment income and loss and interest income on notes receivable from participants, included in interest and dividend income in the statement of changes in net assets available for benefits for the year ended December 31, 2011.

The following table presents the Plan investments that represent 5 percent or more of the Plan's net assets:

December 31,	2010
JH Lifestyle Fund - Grow th Portfolio	$ 911,901
JH Lifestyle Fund - Balanced Portfolio	805,983
JH Lifestyle Fund - Conservative Portfolio	332,082
JH Money Market Fund	314,245
JH Lifestyle Fund - Aggressive Portfolio	228,496
JH Lifestyle Fund - Moderate Portfolio	218,557

During the year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as those held during the year) depreciated in value as follows:

Investments	
Pooled separate accounts	$ (98,919)
Mutual funds	-
Guaranteed interest accounts	-
Money market fund	-
	$ (98,919)

Note E – Fair Value Measurements

The FASB Accounting Standard Codification provides a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs may be used to measure fair value are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset of liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset of liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Pooled separate accounts, mutual funds and the money market fund – Valued at the net asset value of shares held by the Plan at year-end.

Guaranteed interest accounts – Valued at the amount Plan participants or the Plan Sponsor would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

2010	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total

The Plan recognizes transfers in and transfers out as of the actual date of the event or change in circumstances that caused the transfer. There were no transfers in or out of Level 3 investments for the year ending December 31, 2011, other than the transfer of the Plan assets into the Platinum 401(k) Retirement Savings Plan.

Note F – Tax Status

The prototype plan on which the Plan is modeled has received a determination letter from the Internal Revenue Service dated March 31, 2008, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of the years ended December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note G – Party-in-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include among others fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain plan investments are guaranteed interest accounts, money market funds, mutual funds and pooled separate accounts managed by the Trustee. Transactions related to these investments qualify as party-in-interest transactions. Fees paid to the Trustee, third-party administrator and investment advisor by the Plan for services amounted to approximately $14,000 during the year ended December 31, 2011. Fees paid to the third-party administrator by the Company for services amounted to approximately $34,000 during the year ended December 31, 2011.
