Note 1 - Description of Plan

The following brief description of the C.R.M.I. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of Corporate Resource Management, Inc. (the Employer and Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of Corporate Resource Management, Inc., and related entities (Missouri Corporate Resource, Inc., Illinois Corporate Resource, Inc., Oklahoma Corporate Resource, Inc., Texas Corporate Resource, Inc., Arkansas Corporate Resource, Inc., Colorado Corporate Resource, Inc., Kansas Corporate Resource, Inc., Wisconsin Corporate Resource, Inc., Corporate Business Services, Inc., Alliance Foam Technologies, L.L.C., and Barlow Truck Lines, Inc.) are eligible to participate in the Plan upon employment.

Entry Date

Employees may enter the Plan on the first day of the month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may elect to contribute up to 80% of their pre-tax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan allows for safe harbor matching contributions. The safe harbor matching contribution is 100% of the first 3% of base compensation that a participant contributes to the Plan. An additional 50% is matched on the participant deferral between 3% and 5%. During the year ended December 31, 2011 the employer contributed safe harbor matching contributions of \$561,142. In addition, the Plan allows for additional employer matching contributions which may be contributed at the discretion of the Company's management. There were no employer discretionary matching contributions made during the year ended December 31, 2011.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Company's safe harbor matching contribution (if any), and the Company's discretionary matching contribution (if any) and plan earnings, and charged with withdrawals, plan losses, and an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct participant deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their participant deferrals and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the employer discretionary matching contribution (if any) and related earnings are based on years of continuous service.

Vesting is based on years of credited service as set forth in the following table:

<u>Participants Years of Service</u>	<u>Non-Forfeitable Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

Participants leaving the Plan forfeit their non-vested employer discretionary matching contributions. The non-vested amounts are forfeited on the earlier of the distribution of the participant's entire vested account balance, or once the participant incurs five consecutive one-year Breaks in Service.

As of December 31, 2011 and 2010, forfeited non-allocated accounts totaled \$1,602 and \$16,662, respectively. These amounts can be used to pay Plan expenses or reduce future employer contributions. During the year ended December 31, 2011, \$19,828 of Plan expenses were funded by forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined quarterly by the Plan administrator. Interest rates are currently 5.25%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan will be 10 years. A participant may have no more than two loans outstanding at any one time.

Payment of Benefits

Upon termination of service for reasons other than death, disability, or retirement, a participant or designated beneficiary (if applicable) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial lump sum payments as defined in the Plan Agreement.

A terminated participant with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. In addition, if a participant attains age 60 while still employed by the Company, he or she may elect to withdraw all or a portion of his or her vested balance. Certain early distributions made upon early termination of employment may be subject to a penalty.

Upon retirement at normal retirement age of 65, the participant is entitled to receive his or her entire account balance. In addition, a participant who retires due to a disability will also be entitled to 100% of their account balance.

Death Benefits

The designated beneficiary is entitled to 100% of the participant's balance if the participant was employed at the time of death. If the participant was not employed at the time of death, the designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Other

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies and Use of Estimates

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles general accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are classified as distributions based on the terms of the plan document.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Fees

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Additionally, a portion of the administrative expenses of the Plan are paid by the Plan Sponsor as provided in the Plan document.

Reclassifications

Certain amounts from the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

Note 3 - Investments

The classification of investment earnings reported above and in the statement of changes in net assets may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Note 4 - Fair Value Measurements

FASB Accounting Standards Codification Topic ASC 820, “Fair Value Measurements and Disclosures”, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Omnibus account: Valued at the fair value based on the net asset value (NAV) of the observable market prices of the underlying assets within that account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

Financial Accounting Standards Board Update 2009-12, Fair Value Measurement and Disclosure (Topic 820): Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent) requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes at December 31, 2011 and 2010:

		2011		
		Fair Value	Unfunded Commitments	Redemption Frequency
Multi-Strategy				
Omnibus Account		\$ 12,839,253	\$ -	Daily
		2010		
		Fair Value	Unfunded Commitments	Redemption Frequency
Multi-Strategy				
Omnibus Account		\$ 15,520,980	\$ -	Daily

The multi-strategy omnibus account is made up of sub-accounts that hold different types of investments that have a variety of investment objectives. The account requires advance notice and the redemption will occur no later than 5 business days following the receipt of written instructions from the authorized representative unless a participant is invested in a funding vehicle with a greater redemption time standard. Transfers will be made within 12 business days following the receipt of such written notice.

Nationwide Trust Company will monitor electronic trades for individual participants and apply the following guidelines to limit abusive trading practices. Upon completing 11 electronic trades within 2 consecutive quarters of a calendar year or upon completing 20 electronic trades within a calendar year, a Participant will be restricted from requesting additional electronic trades for the remainder of the calendar year. Participants who become restricted from additional electronic trading may continue to request trades in the required format via U.S. mail. The restriction will be effective until the next calendar year at which time the restriction will be lifted.

A redemption/exchange fee applies to certain shares redeemed or exchanged within 90 calendar days after the date they were purchased. This fee is intended to discourage frequent trading of Fund shares that can negatively affect the Fund's performance.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2011, there were no significant transfers in or out of levels 1, 2, or 3.

Note 5 - Information Certified by the Custodian

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by Nationwide Trust Company, FSB, for the years ended December 31, 2011 and 2010.

The following is a summary of the unaudited information regarding the Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Nationwide Trust Company, FSB, the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that such information is complete and accurate.

Note 6 - Tax Status

The Plan uses a volume submitter plan sponsored by Pension Solutions, Inc. Pension Solutions, Inc. received an opinion letter from the IRS dated March 31, 2008, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS and the prototype has been amended since receiving the opinion letter. During the Plan year, the Plan had certain operational issues occur. In order to prevent the Plan from incurring a qualification defect, the Plan Sponsor will take the necessary corrective action. The Plan Sponsor believes the Plan has maintained its tax exempt status. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 7 – Plan Transfers

On February 2, 2011, total assets of \$1,355,435 relating to employees of Baycom, Inc. were transferred out of the Plan.

On April 19, 2011, total assets of \$101,560 relating to employees of MasterTech Plumbing were transferred out of the Plan.

On July 19, 2011, total assets of \$330,627 relating to employees of Platinum Health Care of Oklahoma were transferred out of the Plan.

On September 19, 2011, total assets of \$264,089 relating to employees of Ahner Florit, Inc. d/b/a Ahner's Garden & Gifts were transferred out of the Plan.

These transfers out of the Plan are included in the "Transfer of assets from plan" line item of the accompanying Statement of Changes in Net Assets Available for Benefits.

Note 8 - Related Party and Party-In-Interest Transactions

Certain Plan investments are units of an omnibus fund managed by Nationwide Fund Advisors. Nationwide Fund Advisors is an affiliated entity to Nationwide Trust Company, FSB, who is the custodian as defined by the Plan. Therefore, these transactions qualify as exempt party-in interest transactions. Fees paid by the Plan for the investment management services were included as a reduction of the return earned on each fund.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Plan Amendments

The Plan was amended during the year ended December 31, 2011 to comply with recent legislative and regulatory changes.

Note 11 - Nonexempt Party-in-Interest Transactions

Participant contributions and loan payments totaling \$366,970 were remitted to the custodian later than required by the Department of Labor (DOL) Regulation 2510.3-102. The Plan Sponsor plans to file form 5330 with the IRS and pay the required excise tax on the transactions. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

In addition, it was noted that in 2010 there were delays by the Company in submitting the participant contributions totaling \$635,242 to the custodian. In December of 2011, the Company filed Form 5330 with the IRS and paid the excise tax on this transaction. In addition, the Company reimbursed the Plan for lost earnings totaling \$733 related to such contributions.

Note 12 – Subsequent Events

The Plan sponsor has evaluated subsequent events through October 15, 2012, the date which the financial statements were available to be issued.

On May 21, 2012, Barlow Truck Lines, Inc. elected to transfer out of the Plan. Total investments transferred out of the plan were \$798,236.
