NOTE 1: DESCRIPTION OF PLAN

The following description of the Standard Utility Construction, Inc. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective January 1, 2007, the Plan amended and restated its preexisting Plan, which was originally formed as of January 1, 2000. The amended and restated Plan is a Datair Mass-Submitter Prototype Standardized Cash or Deferred Profit Sharing Plan (the "Plan") and was adopted by Standard Utility Construction, Inc. (the "Company"). The Plan and related Trust as relates to the Company shall be known as Standard Utility Construction, Inc. 401(k) Profit Sharing Plan and is a defined contribution plan covering substantially all full-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2008, the Plan was amended changing the eligibility definition to require 1 year of service and scheduled to work a minimum of 1,000 hours per year.

Effective January 1, 2009, the Plan was amended and restated to comply with the Economic Growth and Tax Relief Reconciliation Act of 2001.

Contributions

A participant may elect to defer up to 100% of eligible compensation, not to exceed $16,500 for 2011 and 2010. Participants age 50 or older may contribute an additional $5,500 for 2011 and for 2010 as catch-up contributions in excess of the above mentioned maximum. The Company may make a discretionary profit sharing or matching contribution. For the year ended December 31, 2011, the Company made matching contributions of 3% of eligible compensation of a participant contributing to the Plan. Contributions are subject to certain Internal Revenue Code limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additional amounts may be contributed at the option of the Company's Board of Directors. Participants direct the investment of their contributions into various investment options offered by the Plan. The matching Company contribution is invested along with participants' contributions each pay cycle.

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions in 1% increments in a variety of investment options, which vary in degree of risk.

Investments are held by John Hancock Life Insurance Company (USA) ("John Hancock") in a group annuity contract containing pooled separate sub accounts. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, earnings on their separate account, and allocations of the Company's contribution. Participants' accounts are charged with an allocation of administrative expenses. Allocations are based on participant compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN, continued

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company's matching portion, plus actual earnings (losses) thereon, is based on years of continuous service. Each participant's benefits become 20% vested at the end of their second year, 40% vested at the end of their third year, 60% vested at the end of their fourth year, 80% vested at the end of their fifth year and 100% vested at the end of their sixth year of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount of any loan being the lesser of $50,000 or 50% of the vested interest of the participant's account in the Plan. The loans are secured by no more than 50% of the present value of a participant's vested interest in the Plan. Loan terms range from 1–5 years or up to 30 years for the purchase of a primary residence. Loan proceeds are obtained through the liquidation of the required amount of participant vested account balances. The loans bear interest at Wall Street Journal prime rate plus 1%. At December 31, 2011, interest rates on outstanding loans ranged from 4.25% to 9.25%. Rates are constant throughout the term of the loan. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited non-vested accounts totaled $12,138 and $841, respectively. The forfeited, non-vested accounts will be used to reduce future employer contributions.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value in all funds at December 31, 2011 and 2010. Quoted market prices are used to value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of pooled separate accounts are valued daily at quoted market prices. The Stable Value Sub-account is valued at $1.00 per unit which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Participant loan interest is recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. Benefits paid during the year represent interests in accounts and their vested portions for terminated or retired employees, as well as normal and hardship distributions. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, as of December 31, 2011.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Accounting Standards Updates

Accounting standards updates not effective until after December 31, 2011 are not expected to have a significant effect on the Plan's financial statements.

NOTE 3: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4: TAX STATUS

The Internal Revenue Services has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code and is therefore exempt from taxation. The Plan has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe that the Plan, as currently designed, is being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 4: TAX STATUS, continued

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Upon analysis by the plan administrator as at December 31, 2011 and 2010, respectively, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 5: SIGNIFICANT PARTICIPANT DIRECTED INVESTMENTS

The value of individual investments that exceed 5% of net assets available for Plan benefits as of December 31, 2011 and 2010, are as follows:

	December 31, 2011	December 31, 2010
J H Lifestyle Growth	$ 665,540	$ 601,910
J H Lifestyle Balance	500,950	363,282
J H Lifestyle Aggressive	193,337	182,068
Stable Value	96,146	112,764
J H Lifestyle Moderate	58,553	89,319

During the year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) decreased in value by $67,340.

NOTE 6: INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for reporting and Disclosure under ERISA. Accordingly, the trustee has certified the completeness and accuracy of all investments and related activity as of December 31, 2011 and 2010 included in the financial statements and supplemental schedules. The following is a summary of that information:

	2011	2010
Investments at fair value	$ 1,759,353	$ 1,598,809
Cash	20,306	8,168
Total investment income	5,684	178,157
Net depreciation in fair value of investments	(67,340)	-

NOTE 7: FAIR VALUE MEASUREMENT

ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 – observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 – inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. ASC 820 requires that the Plan describe the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets and liabilities carried as of December 31, 2011 and 2010. Following is a description of the valuation methodologies used for asset measured at fair value.

- Cash: Valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- Separate accounts and stable value fund: Valued at the Net Asset Value of shares held by the plan at year end for separate accounts and the estimated fair value as determined by the insurance company sponsoring the trust for the stable value fund; classified within Level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Fair Value Measurements			
	Level 1	**Level 2**	**Level 3**	**Total**
Cash	$ 20,306	$ -	$ -	$ 20,306
Participant-directed investments	1,663,207	96,146	-	1,759,353
Total assets at fair value	$ 1,683,513	$ 96,146	$ -	$ 1,779,659

NOTE 7: FAIR VALUE MEASUREMENT, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010

	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Cash	$ 8,168	$ -	$ -	$ 8,168
Participant-directed investments	1,486,045	112,764	-	1,598,809
Total assets at fair value	$ 1,494,213	$ 112,764	$ -	$ 1,606,977

For the years ended December 31, 2011 and 2010, respectively, there were no significant transfers in or out of Levels 1, 2, or 3. However, certain amounts have been reclassified in the December 31, 2010 presentation from Level 1 to Level 2.

NOTE 8: ADMINISTRATIVE COSTS

The Plan and the Company incurred fees relating to asset charges, record keeping, investment assistance and custodial fees. Participants are assessed administrative charges, relating to contributions, loan and annuity set-up charges and withdrawal and transfer charges. For the year ended December 31, 2011, third party administration fees were $6,695 and the custodian's administrative fees were $8,971.

NOTE 9: EXCESS CONTRIBUTIONS

Contributions received from participants for the year ended December 31, 2011 are net of payments of $31,218 made in 2012 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The total of $31,218 is included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2011.

NOTE 10: RELATED PARTY TRANSACTIONS

The Plan invests in shares of pooled investment accounts managed by John Hancock. John Hancock acts as a custodian for only those investments defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 11: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events from the balance sheet date through August 28, 2012, the date the financial statements were available to be issued. The Plan's management has determined that there are no events to disclose.
