NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Gardner Pool Company, Inc. dba Gardner Pool Plastering 401(K) Profit Sharing Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a contributory 401(K) retirement plan for eligible employees. Employees become eligible after they reach the age of twenty one or complete 6 months of service for elective contributions and one year for non-elective contributions. Participants direct the investment of their accounts into various investment options identified under the annuity agreement with John Hancock Life Insurance Company.

The Plan provides for a discretionary employer matching contribution which matches in whole or in part a participant's elective contribution and one third of the highest allocation rate of any highest compensated employee or five percent of his compensation as defined in the Plan.

In the event that the Plan terminates (including termination due to a complete discontinuance of contributions by the Employer), each participant shall be one hundred percent vested and a non-forfeitable interest in all of his accounts. In the event of a partial termination of the Plan, each participant with respect to whom such partial termination has occurred shall be one hundred percent vested and have a non-forfeitable interest in all of his accounts.

As the plan provides, at the end of six years, a participant's interest is fully vested and nonforfeitable. Additionally, participants are 100% vested in their account and full benefits are available upon reaching the age of fifty nine and one-half, upon death, severance from employment, or in the event of a complete discontinuance of contributions or a termination of the Plan.

Participants that leave the Company for the reasons cited are vested in their matching contributions account according to the following schedule:

Years of Service	Vested %
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The plan has evaluated subsequent events through October 15, 2012, the date the financial statements were available to be issued.

The following presents investments that represent 5 percent or more of the plan's net assets.

NOTE 3 – INVESTMENTS (Continued)

During 2011, the plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $22,215, all of which is for mutual funds.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

	December 31,	
	2011	2010
Index funds	$ 29,903	$ 3,093
Growth funds	472,504	542,010
Value funds	253,107	273,717
Blended funds	557,251	635,740
Bond funds	20,910	31,297
	$ 1,333,675	$ 1,485,857

All investments were determined to be Level 1 assets and are composed of mutual funds.

NOTE 5 – TAX STATUS

The Plan obtained a determination letter in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). In addition, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
