NOTE 1: PLAN DESCRIPTION AND FUNDING

The following brief description of The Lightstone Group, LLC. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan offered to all qualified employees of The Lightstone Group, LLC. (the Company) and adopting employers of the controlled group, who are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Plan is administered by the Company. Prior to January 1, 2012, the Massachusetts Mutual Life Insurance Company provided administrative and custodial services to the Plan. Effective January 1, 2012, PSA Financial Advisors began providing the administrative and custodial services to the Plan. Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Administrative expenses for accounting fees are paid directly by the Company and other administrative expenses are paid by the Plan.

Contributions

The Plan allows each participant to defer a percentage of his or her pre-tax compensation up to a maximum of $16,500 for 2011 and 2010, and allows rollover contributions from other tax qualified plans provided certain requirements are satisfied.

Participants who are eligible to make elective deferrals and who have attained age 50 before the end of the calendar year are eligible to make additional pre-tax elective deferrals to the plan (catch-up contributions). The amount of the catch-up contributions is subject to the Internal Revenue Code limitation.

The Company may make matching and discretionary profit sharing contributions to eligible participants.

Participants' Accounts

Each participant's account is credited with the participant's deferrals, the employer's contributions, any rollover contributions and investment earnings, and charged with an allocation of administration expenses. Participants direct the contributions and re-allocate existing contributions to any of the Plan's investment fund options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferrals and rollovers plus related actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service; however, participants who were in previous plans of the adopting employers of the controlled group are immediately vested if they had completed three years of service. Vesting in any contributions made by the Company, plus actual net earnings thereon, is based on service time of 20% vested at 1 year, 40% at 2 years, 60% at 3 years, 80% at 4 years and 100% at 5 years.

Notes Receivable From Participants

Participants may borrow up to 50% of their vested account balances, not to exceed $50,000 at the time the loan is made. The minimum loan is $1,000. Generally, loans must be repaid within 5 years, except that loans taken for the purchase of a principal residence may be repaid over a longer period as determined by the Company. The loans bear interest at the Prime Rate plus 2.0% at the time of the loan. Interest rates on outstanding loans as of December 31, 2011 ranged from 5.25% to 10.25%.

NOTE 1: PLAN DESCRIPTION AND FUNDING - continued

Payment of Benefits

Upon termination of services, disability or retirement, a participant will receive a lump-sum amount equal to the vested value of his or her account. Upon death, a participant's beneficiaries will receive a lump-sum distribution equal to the vested value of the participant's account. The Plan also allows certain hardship distributions and in-service distributions.

Forfeited Accounts

As of December 31, 2011 and 2010, forfeited non-vested accounts totaled $97,170 and $33,922, respectively. Forfeited non-vested accounts are first used to reduce expenses related to the administration of the Plan and then are applied toward any employer contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting, in accordance with U.S. generally accepted accounting principles.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingencies, if any, at the date of the financial statements. Actual results may differ from these estimates.

Investments Valuation and Income Recognition

The Plan's investments are presented at fair value. Pooled separate accounts are valued at net asset value. The net asset value is based on the underlying assets' fair values. The guaranteed investment contract is carried at estimated fair value as reported by Massachusetts Mutual Life Insurance Company. The money market fund is valued using quoted prices of like assets, corroborated market data, indices and/or yield curves.

Realized and unrealized gains and losses on investments are included in the statements of changes in net assets available for benefits as part of net appreciation in fair value. Purchases and sales of investments are reflected on a trade-date basis. Interest income is recognized as earned on the accrual basis. Dividend income is recognized as of the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are participant loans, which are carried at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Recognition of Benefits

Benefits are recognized when paid.

Subsequent Events

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2011 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 11, 2012, the date that the financial statements were available to be issued.

NOTE 3: INVESTMENTS

The fair value of investments reported in the statements of net assets available for benefits as of December 31, 2011 and 2010 and the investment income reported in the statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010 have been certified as complete and accurate by the Massachusetts Mutual Life Insurance Company. All information regarding investments held at December 31, 2011 and 2010 or during the years then ended is unaudited and is based on information provided by the Plan's Custodian in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following summary presents the fair value of investments as of December 31, 2011 and 2010. Investments that represent 5% or more of the Plan's net assets available for benefits have been separately identified.

NOTE 3: INVESTMENTS - continued

During the years ended December 31, 2011 and 2010, the Plan's investments, including investments sold during the year as well as those held at year-end, appreciated in value as follows:

Guaranteed investment contract	226,539	9,449

NOTE 4: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, establish a fair value reporting hierarchy and define three broad levels of inputs (the assumptions that market participants would use in pricing the asset or liability) as noted below:

Level 1

Inputs are quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 1 assets may include securities that are traded in an active exchange market or actively traded in over-the-counter markets.

Level 2

Valuation is based on directly or indirectly observable inputs other than quoted prices included within Level 1 such as: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable or can be corroborated to observable market data for substantially the full term of the asset or liability.

Level 3

Valuation is based on unobservable inputs for the asset or liability. Level 3 assets may include financial instruments whose value is determined using pricing models with internally developed assumptions, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

For the year ended December 31, 2011, there were no significant transfers in or out of Levels 1, 2 or 3.

A description of the valuation methodology is included in Note 2. There were no changes in the valuation methodology used at December 31, 2010.

NOTE 5: TAX STATUS

The Plan is a prototype plan sponsored by Massachusetts Mutual Life Insurance Company. A favorable determination letter was received by Massachusetts Mutual Life Insurance Company from the Internal Revenue Service on April 23, 2002 and the management of the Plan believes the plan is operated in compliance with applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax-exempt.

NOTE 5: TAX STATUS - continued

Generally accepted accounting principles require management to evaluate tax positions taken and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has evaluated the tax positions taken by the Plan and concluded that as of December 31, 2011 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. Management believes the Plan is no longer subject to income tax examinations for years prior to 2008.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA.

NOTE 7: PROHIBITED TRANSACTIONS

During 2011, the Company was not timely in their remittance of participants' deferrals and loan repayments totaling $548,284. The United States Department of Labor (DOL) considers late deposits to be prohibited transactions. The Company remitted $953 of lost earnings to participants' accounts and will file Form 5330 and pay the applicable excise tax. The excise tax payments will be made from the Plan sponsor's assets and not from assets of the Plan.

NOTE 8: RELATED PARTY TRANSACTIONS

The Plan invested in Massachusetts Mutual Life Insurance Company pooled separate accounts. Massachusetts Mutual Life Insurance Company acted as custodian for this Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 9: REFUNDS OF EXCESS PARTICIPANT CONTRIBUTIONS

The Internal Revenue Code requires the Plan to perform an average deferral percentage non-discrimination test annually. The test is performed as of the end of each year to determine the maximum percentage of wages that highly compensated employees may defer for that year. Excess deferrals, if any, are then refunded to the participants. The Plan performed the non-discrimination test for calendar year 2010 and determined $104,306 of excess 2010 plan year wage deferrals was refunded to participants during 2011. The Plan has not completed the required non-discrimination testing for calendar year 2011, but will perform the necessary test by December 31, 2012, and any excess contributions will be refunded to participants at that time.
