NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 – DESCRIPTION OF THE PLAN

Description of the Plan

The following description of the ieSmartSystems, LLC Retirement Savings Plan (the Plan) provides only general information. Participants and others should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) elective deferral plan covering all employees of ieSmartSystems, LLC (the Plan Sponsor or Company) who have completed at least one year of service and who are 18 years of age or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was organized effective January 1, 2002, and was restated January 1, 2010.

Contributions

Each year, participants may contribute up to 100 percent of pretax compensation, as defined by the Plan. The annual contribution is limited to the lesser of 100 percent of compensation or the maximum amount allowable by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$5,500 during 2011 and 2010. Rollover contributions from other qualified plans are permitted. For 2011 and 2010, the Company's safe harbor matching contributions consisted of an amount equal to the sum of 100 percent of the amount of the participants' elective deferrals that do not exceed 3 percent of the participants' compensation, plus 50 percent of the amount of the participants' elective deferrals that exceed 3 percent of the participants' compensation, but do not exceed 5 percent of the participants' compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary contribution and an allocation of the Plan's earnings (losses) and administrative expenses. Allocations are based on participant account balances, as defined by the Plan. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their pretax contributions including actual earnings (losses) thereon. Vesting of employer matching and profit sharing contributions including actual earnings (losses) thereon is based on years of service. The participant's vesting in the portion of their account related to the employer contribution is as follows: 0 percent for the first year of service, 20 percent for each year of service thereafter and 100 percent vested after six years of service.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their vested account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced 50 percent of their vested account balance per the provision set forth in the Plan Document. Participants are only allowed one loan outstanding at any one time. Loans are issued with repayment terms that do not exceed 60 months, are secured by the balance in the participant's account, and bear an interest rate of prime plus 1% at the time the loan is made. In the event the loan proceeds are to be applied to the purchase of the applicant's primary residence, the loan's duration may be extended to 15 years. Principal and interest is paid ratably through by-weekly payroll deductions.

Payment of Benefits

A participant may receive the vested portion of the participant's account balance either in a lump sum distribution or in equal installments upon termination, attainment of retirement age, death, or disability as defined by the Plan. However, if a participant's balance is \$1,000 or less at the time benefits are paid, the benefits will be paid only in the form of a lump sum distribution.

Forfeited Amounts

Forfeited balances of terminated participants' accounts can be applied to reduce Company contributions and/or pay administrative expenses.

There were no forfeited nonvested amounts in the Plan at December 31, 2011 and 2010.

Financial Hardship Withdrawals

Participants may make withdrawals from their vested account per the provisions set for in the Plan document in the event of a financial hardship. The hardship must be immediate and heavy. Federal rules impose certain restrictions on the reasons for the withdrawal. After a withdrawal, the participant may not contribute to the Plan for six months.

Participant Investment Options

The Plan provides investment funds for the participants to invest their participant and employer contributions. The available funds include a money market fund and various mutual funds.

Administrative Expenses

Administrative expenses, including investment management and recordkeeping fees, are paid from Plan assets, except to the extent the Company pays such expenses. For the year ended December 31, 2011, substantially all administrative expenses were paid by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make a number of estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid from plan assets or by the Company at the discretion of the Plan Administrator.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2012, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a. Participant-directed investments as shown in the accompanying statements of net assets available for benefits of \$1,051,791 and \$874,433 (unaudited) as of December 31, 2011 and 2010, respectively.
- b. Net investment loss as shown in the accompanying statement of changes in net assets available for benefits of \$5,452 for the year ended December 31, 2011.

The fair value of individual investments that represent 5 percent or more of the fair market value of the Plan's net assets available for plan benefits at December 31, are as follows:

	<u>2011</u>	<u>2010</u> <i>(Unaudited)</i>
DFA Inflation-Protected Securities Portfolio Fund	\$ 98,967	\$ *
PIMCO Total Return Fund	*	188,004
Vanguard Total Bond Market Index Fund	143,980	*
Wells Fargo Stable Value Fund	87,382	47,318
Manning & Napier Pro-Blend Extended Term Series Fund	464,852	391,740

*Investment does not meet the 5 percent of the Plan's net asset threshold at year-end.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Cash account: Valued at cost which approximates fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Stable Value Fund: Includes fully benefit-responsive common collective trusts and stable value funds, valued at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts (see Note 5).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a benefit-responsive investment contract with Wells Fargo Bank, N.A. (Wells Fargo). Wells Fargo maintains the contributions in a general account.

Because the Stable Value Fund (SVF) is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the SVF. Contract value, as reported to the Plan by Wells Fargo, represents contributions made under the contract, plus earnings, less participant withdrawals and applicable expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events that are not in the ordinary course of fund operations may limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of any events, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

The blended net interest rate for the SVF was 2.5% and 2.75% as of December 31, 2011 and 2010, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed upon formula with the issuer. The weighted average yield to maturity was approximately 1.026% and 2.66% at December 31, 2011 and 2010, respectively.

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Mid Atlantic Trust Company (Mid Atlantic). Mid Atlantic is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Beneco, Inc. provided administrative and compliance services to the Plan during 2011 and therefore, qualifies as a party-in-interest.

NOTE 7 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 8 – INCOME TAX STATUS

The Plan has obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
