We were engaged to audit the accompanying statements of net assets available for benefits of Jekyll Island Club Hotel 401(k) Retirement Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes of net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

JEKYLL ISLAND CLUB HOTEL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Jekyll Island Club Hotel 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Jekyll Landmark Associates, LLC (the "Company") for the benefit of its eligible employees who are not covered by a collective bargaining unit and who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute up to 80% of pretax annual compensation, as defined in the Plan. In addition, participants may contribute Roth elective deferrals into the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined. The Company may elect to make discretionary matching contributions. Contributions are subject to certain Internal Revenue Code ("IRC") limitations. For the year ended December 31, 2011, the Company declared matching contributions equal to 25% of the elective deferral contribution, up to a maximum of $250 per participant.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common/collective trust funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participant's contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

Years of Service	Vested %
Less than 1	0
1	25
2	50
3	75
4	100

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The notes receivable from participants are secured by the balance in the participant's account and bear interest at rates between 4.25% and 9.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Participants are allowed only one note outstanding at a time. Principal and interest are paid ratably through payroll deductions.

(1) **Description of plan (continued)**

Payment of benefits - On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or may elect from various annuity options. On termination of employment, if the participant's vested account is greater than $5,000, the vested account balance may be distributed in the form of a single lump sum payment or in substantially equal annuity installments. If the participant's vested account balance is not greater than $5,000 at the time of termination, the participant's account will automatically be distributed to the participant in the form of a single lump sum payment.

While employed, participants generally may not receive a distribution from their accounts unless they have attained retirement age, as defined. However, participants may withdraw all or a portion of their rollover contributions at any time. Additionally, participants may request a distribution of all or a portion of their voluntary contributions if they can demonstrate financial hardship, as defined. If the plan administrator approves the request, the participant shall be suspended from making voluntary contributions to the Plan for six months after receiving the hardship distribution.

Forfeited accounts - As of December 31, 2011 and 2010, forfeited nonvested accounts totaled $44. Forfeited nonvested accounts may be used first to pay Plan expenses. Any remaining forfeitures are to be reallocated to participants.

(2) **Summary of significant accounting policies**

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

(2) Summary of significant accounting policies (continued)

Unit values - Individual participant accounts for the common/collective trust funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends which are automatically reinvested in additional units. Generally, contributions to, and withdrawals from, each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of benefits - Participants' benefits are charged as a reduction of net assets available for Plan benefits when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company while others are paid by the Plan and included in the statement of changes in net assets available for benefits.

Reclassifications - Certain items from the 2010 financial statements have been reclassified to conform with the 2011 presentation.

(3) Investments

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value as follows:

Common/collective trust funds	$ 9,013
Mutual funds	(44,711)
	$ (35,698)

(4) Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Common/collective trust funds: Valued at estimated fair value as determined by the issuer of the common/collective trust funds based on fair market value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

(5) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company ("State Street"), the trustee of the Plan has certified the investment transactions as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments.

- Investments at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(6) Party-in-interest transactions

Fees paid by the Plan for investment management and recordkeeping services were paid to the recordkeeper of the Plan. During the year ended December 31, 2011, the Plan paid $1,280 in fees to ADP for these services. Fees paid by the Plan for the investment management services are included in net depreciation in fair value of investments.

(7) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Plan termination

While the Company has not expressed any intention of discontinuing contributions, it is free to do so at any time, subject to the requirements of ERISA, as amended. In the event that discontinuance results in the termination of the Plan, then the participants and beneficiaries will be fully vested under the Plan to the extent of the amounts in their accounts as provided by ERISA.

(9) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31, 2011	December 31, 2010
Net assets available for benefits per the financial statements	$ 1,417,938	$ 1,405,991
Less deemed distribution of notes receivable from participants	(6,524)	(5,972)
Net assets available for benefits per Schedule H of the Form 5500	$ 1,411,414	$ 1,400,019

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2011, to Form 5500.

Net increase per the financial statements	$ 11,947
Less change in deemed distribution of notes receivable from participants	(552)
Net income per 5500	$ 11,395

(10) Tax status

The Internal Revenue Service ("IRS") has determined that the ADP prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed ADP of such in a letter dated March 31, 2008. The plan administrator has adopted the prototype plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

(11) Subsequent events

The Plan has evaluated subsequent events through October 11, 2012, which is the date the financial statements were available to be issued.

In January 2012, the Plan replaced State Street with a member of management from the plan sponsor as trustee.

In February 2012, the Plan adopted a new nonstandardized prototype profit sharing plan and appointed American United Life Insurance Company as the recordkeeper and Huntington National Bank ("HNB") as the Plan custodian. The Plan assets were transferred from State Street to HNB after this appointment.

(11) Subsequent events (continued)

In March 2012, the Plan was restated for the following:

1) Two additional members of the plan sponsor's management were added as trustees of the Plan.
2) The maximum amount of participants contribution deferral was changed to the lesser of IRS limits or 100% of eligible compensation.
3) Catch-up contributions will be subject to matching.
