We were engaged to audit the accompanying statements of net assets available for benefits of the Cooper Tire & Rubber Company Employees' Retirement Plan – Clarksdale ("Plan") as of December 31, 2011 and 2010, and the statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan Administrator by the trustee as of and for the years ended December 31, 2011 and 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*.

1. Description of Plan

The Cooper Tire & Rubber Company Employees' Retirement Plan - Clarksdale (the Plan), along with several other plans (the Plans) (see below), is included in the Employees' Retirement Trust (the Trust). The following brief description of the Plan provides only general information. Participants should refer to their specific Plan agreement for a more complete description of the Plan's provisions.

General

The Trust funding the Plans includes the assets of Cooper Tire & Rubber Company's (the Company) Hourly Employees' Retirement Plans, known as Plan A as follows: Retirement Plan – Clarksdale, Retirement Plan – Findlay, Retirement Plan – Texarkana, and until January 2011, Retirement Plan – Spectrum, and all here-in after referred to as the Plans and associated investments of. In January 2011, Retirement Plan – Spectrum was removed from the master trust, approximately \$400,000,000 were transferred out of the master trust into a separate trust. The Plans are defined benefit pension plans covering substantially all employees of the Company. The Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has a trust agreement with Principal Financial Group, to act as trustee and record keeper of the Plan's assets. The Trustee administers and invests the Plan's assets and income for the benefit of the Plan's participants.

The Plan's participants may be eligible for unreduced monthly pension benefits upon attainment of 30 years of continuous credited service. Participants also may retire earlier than the normal retirement age. Pension benefits for participants with less than 30 years continuous credited service are subject to a reduction based upon the time by which the retirement precedes the participant's attainment of age 62.

The amount of any pension benefit otherwise available may be reduced by certain disability payments (but not payments under the Federal Insurance Contribution Act (FICA)). The Plan provides certain survivor and disability benefits, and various optional forms of payment, some actuarially reduced.

Eligibility

Currently, there are no active employees covered under the Plan. The Plan does remain open for existing participants.

Effective April 1, 2009, the plan had a one year freeze on new participants, lasting until March 31, 2010.

1. Description of Plan (continued)

Funding Policy/Contributions

The Plan is funded entirely through contributions made by the Company. The Company contributes such amounts as are deemed necessary on an actuarial basis to provide the Trust with assets sufficient to meet the benefits to be paid to the Plan's participants. The contributions are designed to fund current service costs and to fund prior service costs over periods of ten to twenty years. The Company's contributions for 2011 and 2010 met the minimum funding requirements of ERISA.

Vesting

Participants are vested after five years of continuous credited service. If participants are hired after age 60, they may receive a monthly pension benefit if they later become vested.

Pension Benefits

Participants are entitled to monthly pension benefits equal to the amount specified in the plan agreement multiplied by the years of continuous credited service at time of termination or retirement. If termination occurs prior to eligibility for an immediate pension benefit, vested participants may elect to receive a lump sum distribution in lieu of a deferred pension benefit.

Termination of the Plan

While the Company has not expressed any intent to terminate the Plan or its contributions thereto, it has the right to do so at any time, subject to the provisions of ERISA. In the event of partial or total termination of the Plan, participants' benefits become non-forfeitable.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits, and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC).

1. Description of Plan (continued)

Termination of the Plan (continued)

In the event the Plan terminates, its available net assets will be allocated to benefits as prescribed by ERISA, generally in the following order:

- a. Certain annuity benefits that former employees or their beneficiaries are receiving or that employees eligible for retirement would have been receiving had they retired.
- b. Other vested benefits insured by the (PBGC) as discussed below.
- c. All other vested benefits.
- d. All non-vested benefits.

The PBGC guarantees most, but not all, vested retirement benefits and certain disability and survivor's pensions. However, there is a statutory ceiling on the amount of any individual's monthly benefit that PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination, whichever comes later. For younger annuitants, or for those who elect to receive their benefits in some form other than a single-life annuity, the corresponding ceilings are actuarially adjusted.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments

The Plan's investments are stated at fair value, which equals the quoted net asset values thereof on the last business day of the Plan's year. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded as of the ex-dividend date.

Administrative Expenses

The administrative expenses of the Plan are paid by the Company.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Estimates and assumptions are most significantly utilized in determining the actuarial present value of accumulated plan benefits. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated all events subsequent to the statement of net assets available for plan benefits date of December 31, 2011 through the date of this report, and has determined that there are no subsequent events that are required to be disclosed.

New accounting pronouncement

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements*, (ASU 2010-06). ASU 2010-06 amended FASB Accounting Standards (ASC) Topic, *Fair Value Measurement*, to clarify certain existing fair value disclosures and require a number of additional disclosures. The requirement to present changes in Level 3 measurements on a gross basis is effective for reporting periods beginning after December 15, 2010. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*, (ASU 2011-04). ASU 2011-04 amended FASB ASC Topic, *Fair Value Measurement*, to converge the fair value measurement guidance in US generally accepted accounting principles and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in FASB ASC Topic, *Fair Value Measurement*. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures will not be required for nonpublic entities. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Reclassifications

Certain reclassifications have been made to the 2010 financial information to conform to the presentation in 2011.

3. Investments

All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2011, interest and dividends and net appreciation in fair value of investments and investment fees and expenses for the years ended December 31, 2011 and 2010, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Financial Group, Trustee. Such information has not been examined by independent auditors.

The Plan applies the provisions of FASB ASC 820 Topic, *Fair Value Measurements* and Disclosures, which establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1. Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Trust has the ability to access.
- Level 2. Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - a. Quoted prices for similar assets or liabilities in active markets;
 - b. Quoted prices for identical or similar assets or liabilities in non-active markets;
 - c. Pricing models whose inputs are observable for substantially the full term of the asset or liability; and
 - d. Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation of other means for substantially the full term of the asset or liability.
- Level 3. Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

3. Investments (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Common Trust Funds

– Fixed Income: The net asset value ("NAV") of this investment is based on the market value of its underlying shares held by the Trust at year end.

Common Trust Funds

– Equity: The net asset value ("NAV") of this investment is based on the market value of its underlying shares held by the Trust at year end.

Preferred Stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Common Stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Foreign Stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate Bonds: Value based on yields currently available on comparable securities of the issuers with similar credit ratings.

Foreign bonds,

notes & debentures: Value based on yields currently available on comparable securities of the issuers with similar credit ratings.

Money market funds: Assets held in money market securities where cost approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Master Trust Information

The Plan's assets are invested in the Cooper Tire & Rubber Company Master Retirement Trust (the Master Trust) held by the Trustee under a trust agreement with the Company. In the Master Trust, the Plan's assets are commingled with the assets of various other Company employee benefit plans. The Plan's investments represent approximately 9% and 4% of the total assets held by the Master Trust at December 31, 2011 and 2010, respectively. Investment income and expenses are allocated to the Plans based upon their pro-rata share of the net assets of the Master Trust.

5. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated July 2, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

6. Related Party Transactions

Certain Plan investments are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. There have been no known prohibited transactions with a party-in-interest.

7. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired employees or their beneficiaries, (b) terminated employees with vested benefits, (c) beneficiaries of employees who have died, and (d) present employees or their beneficiaries. Benefits for active employees under the Plan are based on the employees' years of credited service computed to the nearest completed 1/12 of a year multiplied by the pension amount in effect on the valuation date. Benefits payable under all circumstances are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

An actuary from Principal Financial Group estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Significant actuarial assumptions used in performing the valuations include: (1) interest rate of 7% for 2011 and 2010; (2) mortality based on the IRS Prescribed Mortality-Generational Annuitant and Non-annuitant in 2011 and 2010; (3) retirement age based on a schedule of rates dependent on age in 2011 and 2010; (4) employee turnover calculated at an annual rate of 4% in 2011 and 2010; (5) disability pension is based upon 50% of the rates from the 1985 Pension Disability Table in 2011 and 2010; and (6) 85% of the population was considered to be married in 2011 and 2010.

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits (see Note 1).

7. Actuarial Present Value of Accumulated Plan Benefits (continued)

The actuary has determined the present value of the accumulated plan benefits to be as follows:

	December 31,	
	2011	2010
Actuarial present value of accumulated plan benefits		
Vested benefits:		
Participants currently receiving benefits	\$ 19,511,802	\$ 19,387,910
Other participants	7,742,881	8,033,464
Total vested benefits	<u>27,254,683</u>	<u>27,421,374</u>

Total actuarial present value of accumulated plan benefits	<u>\$ 27,333,780</u>	<u>\$ 27,540,389</u>

A reconciliation of the changes in the actuarial present value of accumulated plan benefits is summarized as follows:

	December 31,	
	2011	2010
Actuarial present value of accumulated plan benefits as of January 1, 2011 and 2010	\$ 27,540,389	\$ 28,567,686

Disability	50% of Pension Disability Table (DP-85) Class 1 Incidence Rates.																		
Marriage	85% married; husbands are 3 years older than wives.																		
Withdrawal	Rate of 4% at all ages.																		
Form of Benefit and Basis	100 % of active participants who terminate before the earliest assumed retirement age are assumed to elect a benefit paid in a lump sum based on the applicable mortality and the plan's funding segment rates paid immediately. Actives who retire from the plan will receive their benefit on the normal form at the assumed retirement age. Participants who are already terminated on the valuation date are assumed to receive their benefit on the normal form at the assumed retirement age.																		

Methods Prescribed by Law	
Liability Measure	Funding target is the present value of the benefits accrued on the valuation date. Target Normal Cost is based on benefits expected to accrue during the current plan year.
Benefit Accrual	All benefits paid at decrement are considered in total and then split to determine how much is included in Funding Target. The following pieces are included in the Funding Target. • The portion based on the plan's definition of accrued benefit. • The benefit portion in excess of the accrued benefit based on the ratio of the participant's years of service on the valuation date to the years of service the participant will have at the time of decrement. The benefits included in Target Normal Cost are calculated similarly, by splitting the benefits. The Target Normal Cost is based on the difference between the amount included in Funding Target and an amount calculated assuming the participant accrues service through the end of the plan year.
Methods Selected by Plan Sponsor	
Asset Method	The asset valuation method is prescribed by law for plans that elect to use a value other than market value. For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years. The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the Maximum Allowable Rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value. When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.
Segment Rates	24 month average with no weighting to prior law basis. Use rates where August is the last month included in the average.
PBGC Premium Basis	Premiums are calculated using the funding target rates used for the plan year. This method was elected with the 01/01/2009 plan year and must continue for five years before a change can be made.

Methods Elected by Actuary	
Retirees	Assets and liabilities for current and future retirees are included.
HCE Benefit Payment Restrictions	A ratio of the market value of assets and funding target is used to determine if restrictions apply. Assets and Funding Target are as of the valuation date and are reduced by: • any retiree benefit index or floor • amounts for HCEs who were previously restricted • an amount for the retiring HCE
Vested Benefits	A benefit is included in vested benefits when the participant will meet age and service eligibility requirements at the valuation date. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date. The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, and pre-retirement death benefits in excess of the Survivor Annuity Death Benefit except as noted in the Plan Provisions.
Assumptions and Methods Elected by Actuary	
Long-Term Contribution Level and Plan Accounting (formerly known as SFAS No. 35)	
With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular Funding Target and Target Normal Cost.	
Interest Rate Used to Value Liabilities	7.00%
Benefit Liability	Long-Term Contribution Level reflects: • Service projected to the age benefits are assumed to be paid. • Benefit limits projected at 3.00% per year.
Long-Term Contribution Level	Allocates the difference between the Benefit Liability and the Actuarial Value of Assets as a level dollar amount per year.

Schedule SB, Part V - Summary of Plan Provisions
COOPER TIRE & RUBBER COMPANY HOURLY EMPLOYEES' RETIREMENT PLAN - CLARKS
EIN 34-4297750 Plan No. 008

This report reflects the maximum benefit limits under Internal Revenue Code (IRC) Section 415 and maximum compensation limits under IRC Section 401 in effect on the first day of each plan year.

The following is a summary of plan provisions and does not alter the intent or meanings of the provisions contained in the contract or plan document. This report is based on the collective bargaining agreement as in effect on 01/01/2011.

Plan Eligibility	
Class	All employees subject to the collective bargaining agreements between Cooper Tire & Rubber Company and local union # 556 of the United Steelworkers of America.

Normal Retirement Benefit			
Age	Attained age 65 and completion of five years of CCS.		
Form	Monthly annuity payable as a five year Certain and Continuous Life.		
Amount (accrued benefit)	The Accrued Benefit for any employee is the respective Pension Amount in effect at retirement multiplied by the CCS at retirement. Under the current agreement, no benefit will accrue for the period from April 1, 2009 to March 31, 2010.		
	<u>Pension Amount</u>	<u>Effective Date</u>	
	\$26.00	08-02-1999	
	\$28.00	08-07-2000	
	\$29.00	08-06-2001	if hired after 07-30-2005
	\$32.00	07-30-2005	if hired prior to 07-31-2005

Early Retirement Benefit	
Eligibility	(a) Attainment of age 55 and ten years of CCS. (b) Completion of 30 years of CCS.
Form	Same as normal retirement benefit.
Amount	- Those eligible as in (a) above may elect either the Accrued Benefit reduced by four-tenths of 1% (0.004) for each month prior to age 62 that payments commence or the unreduced Accrued Benefit beginning at age 62. - To those eligible under (b) the Accrued Benefit commencing at retirement is payable. - To those eligible under (b) and retiring over age 55, the Accrued Benefit is payable, with an added supplement (according to tables based on age and service) for all months prior to age 62, or earlier commencement of Social Security benefits. The amount of the supplement is reduced if the retired participant has annual earned income in excess of the limitations in the labor agreements.

Termination Benefit	
Eligibility	(a) Age 55 and 10 years of CCS, or completion of 30 years of CCS (b) Age 55 and 5 years of CCS, or under age 55 and 5 to 30 years of CCS
Amount	The Accrued Benefit is payable for life commencing at age 65. The participant may elect early commencement of an actuarially reduced benefit after attaining age 55. Those eligible as described in (b) may elect the greater of: (1) an actuarially equivalent lump sum at the time of termination, or (2) a lump sum determined by multiplying his/her average week's pay by CCS at the time of termination. The product in (2) is increased by a factor of 1.25 if CCS is 10 to 15 years; 1.5 if CCS is 15 to 20 years and 2.0 if CCS exceeds 20 years.

Disability Benefit	
Eligibility	Disablement prior to age 65, which is determined to be total and permanent.
Service	Completion of ten years of CCS.
Form	Monthly annuity payable for.
Amount	The Accrued Benefit commencing the first of the month following five months of disablement. The benefits are guaranteed for 60 months following the Disability Retirement of a participant over age 55 or the 60 months following the attainment of age 55 by a disability retiree.

Plant Closure (Special Vesting)	
Eligibility	Termination due to a Plant Closure (defined in the labor agreement).
Service	Completion of 30 years of service.
Form	Monthly annuity payable for.
Amount	The monthly benefit at termination is determined by multiplying \$16.50 by the CCS.

Preretirement Survivor Annuity	
Eligibility	Any married participant who is accumulating CCS and is vested.
Form	Monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death.
Amount	If the participant is eligible for Early Retirement at his death, the monthly benefit is fifty percent of the Accrued Benefit as payable in a Qualified Joint and 50% Survivor form (with the spouse as survivor) on the day of the participant's death. If the participant is not eligible for Early Retirement at his date of death, the monthly benefit is based on the Accrued Benefit monthly amount at the participant's date of death and is reduced by the Qualified Joint and 50% Survivor option factor for the ages of the participant and spouse as of the earliest date the participant could have elected to retire. Fifty percent of the optional benefit is payable to the spouse for life commencing at the date of presumed Early Retirement eligibility.

Postretirement Death Benefit	
Amount	The spouse of a retired participant receives \$2,250 at the death of the participant. The benefit is not paid to those receiving benefits due to a deferred vested termination.

Definitions	
Continuous Credited Service (CCS)	All years of service from the participant's date of employment, to the earlier of termination, or retirement, with fractional years computed to the completed 1/12 of a year. Periods of layoff are included in Benefit Service if recalled before the expiration of two years from layoff. Under the current agreement, CCS will not accrue for purposes of increasing the Accrued Benefit for the Period from April 1, 2009 to March 31, 2010.
Vesting	Participants are vested after five years of CCS.

Changes in Principal Eligibility or Benefit Provisions

There have been no changes in principal eligibility or benefit provisions since the last valuation.

Significant Event

The enrolled actuary has not been made aware that any significant events have occurred during the year.
