MUSTANG ENGINEERING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE A - DESCRIPTION OF PLAN

Effective January 1988, Mustang Engineering, L.P. (the “Employer”) adopted the Mustang Engineering 401(k) Plan (the “Plan”) to provide retirement benefits for all eligible employees. The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all employees of the Employer; however, union employees, non-resident aliens, leased employees, project workers and legal benefits only employees are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent related amendments and revisions.

Administration of the Plan: The Employer is the Plan Administrator. The trustee for the Plan’s participant directed assets is Reliance Trust Company. The recordkeeper of the Plan is Hartford Retirement Services, LLC (“Hartford”).

Contributions: An employee becomes eligible to participate in the Plan on the first day of the month coinciding with or next following the 25th day after their date of hire. Participants may elect to defer up to one hundred percent (100%) of their eligible compensation, on a pre-tax basis, subject to limits imposed by the Internal Revenue Code (“IRC”). The Plan also has a Roth feature that allows participants to contribute after-tax compensation. In addition, the Employer may contribute an amount as determined at the discretion of the Employer. As of December 31, 2011 and 2010, the Employer accrued contributions of \$14,370,000 and \$11,959,229, respectively, which were paid to the Plan subsequent to the respective year-end.

Participant Accounts: Each participant’s account is credited with the participant’s contributions, the Employer’s contributions, if any, and an allocation of plan investment earnings or losses. Allocations are based upon either the participant’s compensation or account balances as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance at the time of distribution.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. The Plan provides for 50% vesting after two years of service and 100% vesting after three years of service in Employer contributions.

Forfeitures: The Plan provides that forfeitures may be used to reduce Employer contributions or pay administrative expenses of the Plan. At December 31, 2011 and 2010, the total unallocated forfeitures were \$555,658 and \$414,829, respectively. During 2011, \$746,000 in forfeitures was used to offset Employer contributions and pay plan expenses.

Notes Receivable from Participants: Participants are allowed to borrow a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. In addition, participants may have only two outstanding notes at any one time. Interest is charged at the prevailing rate, at the time the note is made, with scheduled repayments to be made through payroll deductions. Notes are typically repaid over a period no longer than five years, except for notes to acquire a principal residence for the participant and can be repaid over a period longer not to exceed ten years.

NOTE A - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Benefits are generally provided upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of the balance of their plan accounts. Upon termination of employment, a participant is entitled to receive the vested portion of their plan accounts. Benefits are paid as a lump-sum amount, annual installments, or a partial withdrawal, as defined in the plan agreement. Participants are permitted in-service distributions from their vested plan accounts at any time after having attained age 59½. In addition, participants may request a distribution of their vested plan accounts upon incurring a financial hardship, as defined in the plan agreement.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Statements: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan provides for self-directed investment programs for individual participants as provided by Reliance Trust Company. Investment changes can be made at any time. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The change in the current value of investments (including investments bought and sold) during the period are reflected in the Statement of Changes in Net Assets Available for Benefit as either net appreciation or depreciation in fair value of investments.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan agreement. The Statements of Net Assets Available for Benefits present the fair value for the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

DECEMBER 31, 2011 AND 2010

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A common/collective trust is stated at fair value as determined by the issuer of the common/collective trust based on the fair market value of the underlying investments. A common/collective trust with underlying investments in investment contracts is valued at fair value of the underlying investments and then adjusted by the issuer to contract value.

The Invesco Stable Value Trust is a collective trust and is designed to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers.

Risks and Uncertainties: The participants are permitted to invest in various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefits are recorded upon distribution.

Fees and Expenses: Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Employer, are charged to and paid from the Plan's assets.

Subsequent Event: Effective January 1, 2012, the Plan was amended and restated to include an Employer safe harbor matching contribution. This contribution will be equal to 100% of the first four percent (4%) of each eligible participant's compensation that is contributed to the Plan as a deferral contribution, plus an additional 50% of participant's deferral contribution that exceeds four percent (4%) but does not exceed six percent (6%) of the participant's compensation. In addition, the entire account balance of each participant who was an active employee on January 1, 2012 became fully vested. The Plan account balances that are subject to vesting shall vest 50% after two years of service and 100% after three years of service for employees hired after January 2, 2012. Furthermore, effective with these changes the Plan was amended to utilize the Hartford volume submitter plan.

The Plan Administrator has evaluated all events and transactions subsequent to the statement of net assets through October 11, 2012, the date which the financial statements were available to be issued and has determined, except for the above, there are no events that require recognition in the financial statement or disclosure in the notes to the financial statements.

NOTE C - INVESTMENTS CERTIFIED BY TRUSTEE (UNAUDITED)

As permitted by the rules and regulations of the Department of Labor with respect to reporting and disclosure under ERISA, the trustee, Reliance Trust Company, has certified to the Plan Administrator that all amounts shown in the accompanying financial statements and supplemental schedule, related to investments (including notes receivable from participants), are complete and accurate as of December 31, 2011 and 2010, and for the year ended December 31, 2011.

NOTE D - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy as defined by ASC 820 are as follows:

- Level 1: Valuations utilizing unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. This is the most reliable evidence of fair value and does not require a significant degree of judgment.
- Level 2: Valuations utilizing quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly for substantially the full term of the asset or liability.
- Level 3: Valuations utilizing significant, unobservable inputs. This provides the least objective evidence of fair value and requires a significant degree of judgment. Inputs may be used with internally developed methodologies and should reflect an entity's assumptions using the best information available about the assumptions that market participants would use in pricing an asset or liability.

MUSTANG ENGINEERING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010:

- The fair values of mutual funds are determined based on quoted market prices ("fair value") on the last business day of the plan year as reported by the investment trustee of the Plan's assets. The change in the current value of investments during the period are reflected in the statement of changes in net assets available for benefits as net appreciation or depreciation in fair value of mutual funds. Investments are generally subject to the volatility of the major stock markets in which the underlying investments are held.
- Self-directed brokerage accounts include common stock and mutual funds which are valued at the closing prices reported on the active market on which the individual securities and funds are traded.
- The common/collective trust fund is stated at fair value as determined by the issuer of the common/collective trust fund and is based on the fair market value of the underlying investments. A common/collective trust fund with underlying investments in investment contracts are valued at fair value of the underlying investments and then adjusted by the issuer to contract value. The Invesco Stable Value Trust is a collective trust fund that typically invests in synthetic guaranteed investment contracts, traditional guaranteed investment contracts, U.S. Treasury notes, and short-term investments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MUSTANG ENGINEERING 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE E - INCOME TAX STATUS

The Plan uses a non-standardized prototype document of the recordkeeper which has received an opinion letter dated March 31, 2008 from the Internal Revenue Service that the form of the document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has since been amended; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Effective January 1, 2012, the Plan was amended to utilize the recordkeeper's volume submitter plan which received an opinion letter dated March 31, 2008.

Accounting principles generally accepted in the United States of America requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2008.

NOTE F - PLAN TERMINATION

Although the Employer has not expressed any intent to do so, the Employer has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon any full or partial termination, all amounts credited to the affected participants become fully vested and not subject to forfeiture.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2011 - 12/31/2011 and indirect compensation is presented on a calendar year basis ending 12/31/2011.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹ Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation	Payor: Reliance Trust Company	EIN: 58-1428634	\$579.58
---------------------------	-------------------------------	-----------------	-----------------

This is an estimate based on the average annual rate of float compensation (0.0712% for 2011) earned on certain processing bank accounts for the 2011 calendar year multiplied by an estimate of the assets related to uncashed checks*. This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2011 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* Please note that Hartford Retirement Services, LLC's affiliate, Hartford Securities Distribution Company, Inc., receives the sales compensation (12b-1 fees) portion of this amount. After compensating the plan's broker-dealer firm, if applicable, any residual amount is paid to Hartford Retirement Services, LLC.

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the 2011 calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.
