INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
Pesur 401(k) Plan
Englewood, Colorado

We were engaged to audit the financial statements of Pesur 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Frontier Trust Company and Great-West Life & Annuity Insurance Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that Frontier Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2011 to December 31, 2011, and that Great-West Life & Annuity Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2010. The Plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Pesur 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established January 1, 2005, and amended and restated effective January 1 2011. The Plan is available to employees age 19 years or older who have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of Pure Energy Services (USA), Inc. (the "Company") administers the Plan. The Board of Directors elected to change the Plan's custodian from Great-West Life & Annuity Insurance Company ("Great-West") to Ascensus, Inc. ("Ascensus"), effective January 1, 2011. Ascensus serves as third-party administrator, custodian, and recordkeeper. Effective January 1, 2011, Frontier Trust Company serves as the trustee of the investments of the Plan. The Plan offers participants a variety of investment options through various mutual funds and a money market fund. The trustee holds all assets of the Plan in accordance with provisions of the service and trust agreements with the Company. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions up to 100% of their annual compensation, not to exceed \$16,500 as limited by the Internal Revenue Service ("IRS"), which is adjusted annually by the Secretary of Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. Effective March 2011, the Company reinstated its match of 3% of participant contributions up to a maximum of \$3,000 per participant per Plan year. The Company has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company also has the right to make discretionary contributions. The Company contributed \$169,792 in matching contributions for the year ended December 31, 2011. No discretionary contributions were made for the year ended December 31, 2011.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's matching and discretionary contributions, if any, Plan earnings or losses and forfeitures, and an allocation of Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account balance.

PESUR 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Investment Options

Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers various investment options in a money market fund and mutual funds. Participants may elect to transfer balances between investment funds within their accounts at any time.

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than one year	0%
One - two	33%
Two - three	66%
Three or more	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65 or, if later, the third anniversary date of the first day of the Plan year during which the participant entered the Plan), retirement due to disability, or if the Plan is terminated.

Payments of Benefits

Upon death, disability, retirement, or termination of service, a participant will receive a lump-sum payment in the amount equal to the participant's vested account balance within a reasonable period of time after termination of employment. Participants may not make withdrawals from their accounts prior to retirement at age 65, except in the event of death, disability, termination of employment, or notice of hardship, without being subject to certain restrictions and penalties. Benefits are recorded as distributions to participants when paid.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to pay Plan expenses, reduce employer contributions, or shall be allocated to participants in the same manner as the employer's contribution. Forfeitures were \$1,375 during the year ended December 31, 2011. The amount of forfeitures allocated to participants during 2011 was \$32,297. The balance of the unallocated forfeitures account at December 31, 2011 and 2010 was \$2,992 and \$33,914, respectively.

PESUR 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Investment Valuations and Income Recognition

Investments are recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Notes to Financial Statements

Note 2 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis as of December 31, 2011 and 2010.

Assets at fair value as of December 31, 2011 are as follows:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds				
Large-cap	\$ 749,616	\$ -	\$ -	\$ 749,616

PESUR 401(K) PLAN

Notes to Financial Statements

Note 2 - Fair Value Accounting (continued)

Assets at fair value as of December 31, 2010 are as follows:

Description	Level 1	Level 2	Level 3	Total
Variable annuities				
Large-cap	\$ -	\$ 429,200	\$ -	\$ 429,200
Mid-cap	-	249,691	-	249,691
Small-cap	-	143,771	-	143,771
International	-	495,227	-	495,227
Moderate allocation	-	23,159	-	23,159
Fixed income	-	127,940	-	127,940
Total variable annuities	-	1,468,988	-	1,468,988
Fixed annuities	-	98,411	-	98,411
Total	\$ -	\$ 1,567,399	\$ -	\$ 1,567,399

The valuation technique used to measure fair value of the mutual funds was daily quoted net asset values that are directly observable in the marketplace by market participants. The fair value of the mutual funds is equivalent to the net asset value at close of business on the reporting date.

The valuation technique used to measure fair value of the money market fund reflects quoted market prices available on an active market.

The valuation technique used to measure fair value of the variable annuities was the quoted price obtained for the underlying mutual fund, which was then adjusted to apply the expense factor disclosed in the annuity contract. The value of the underlying assets and securities are held in mutual funds, the majority of which are publicly traded investments with observable Level 2 pricing inputs including quoted market prices.

The valuation technique used to measure fair value of the fixed annuities was not directly observable in the marketplace by market participants. A significant portion of the underlying investments in these fixed annuities is actively traded and has individually observable market prices, which are utilized by the trustees to determine a net asset value at close of business on the reporting date.

There were no changes to the valuation techniques used during the period.

Level 2 Transfers

The following is a reconciliation of the transfers in and out for assets measured at fair value on a recurring basis for Level 2 assets during the period ended December 31, 2011:

	Level 1	Level 2
Transfers in (out)	\$ 1,567,399	\$ (1,567,399)

The transfer of assets from Level 2 to Level 1 occurred on January 1, 2011 and was the result of the elected change in custodian and third-party administrator, which resulted in different investment options.

Note 3 - Investments

The trustees have certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2011 and 2010 and the income earned or losses incurred for the year ended December 31, 2011, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustees, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule. Accordingly, the trustees have certified that the amounts included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate.

The fair value of investments greater than 5% of net assets available for benefits was the following as of:

	December 31,

PESUR 401(K) PLAN

Notes to Financial Statements

Note 4 - Income Taxes

The Plan administrator has adopted a prototype plan, which Plan management believes is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The prototype plan obtained its latest opinion letter on December 27, 2011, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the Plan's 2011 financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Party-in-Interest Transactions

Prior to January 1, 2011, the Plan invested in variable and fixed annuities managed by the prior trustee. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

Note 8 - Subsequent Events

Subsequent to year-end, the Company agreed to be acquired by FMC Technologies.

The Plan has evaluated subsequent events through the report date, October 10, 2012, the date the financial statements were available to be issued.
