Maywood, Illinois

We were engaged to audit the financial statements of T.H. Ryan Cartage Co./L & D Drivers Service 401(k) Plan (the Plan) as of December 31, 2011 and for the year then ended and the supplemental schedules as of December 31, 2011 as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Capital Bank and Trust Company, the custodian of the Plan. Their report, dated October 7, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Capital Bank and Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of and for the year ended December 31, 2011 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. 1. DESCRIPTION OF PLAN

The following description of the T.H. Ryan Cartage Co./L & D Drivers Service 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all union employees of T.H. Ryan Cartage Co. and L & D Drivers Service (collectively, the Company) who are covered by a collective bargaining agreement and have completed a minimum of 1,000 hours of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may make pre-tax or Roth contributions up to 100% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may change their contributions percentages during the first ten days of each quarter and stop their contributions at any time. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make discretionary matching contributions. In order to share in the matching contribution, participants must be employed on the last day of the plan year unless the plan year was the year of the participant's death, disability, or retirement. Discretionary matching contributions were $44,087 and $56,721 for the years ended December 31, 2011 and 2010, respectively. The 2010 discretionary matching contribution was funded in 2011, and forfeitures of $48,640 were used to reduce this contribution. This reduction was recorded in 2011. As such, the discretionary matching contribution recorded in the financial statements totaled $(4,553) for 2011.

The Company may also contribute a discretionary profit sharing contribution. In order to share in the profit sharing contribution, the participant must be employed on the last day of the plan year unless the plan year was the year of the participant's death, disability, or retirement. There were no discretionary profit sharing contributions for the years ended December 31, 2011 and 2010.

Contributions are subject to certain limitations.

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the plan provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary profit sharing contribution portions is based on the following table:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

On termination of service due to death, disability, retirement, or attainment of age 59½, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If a participant's account is worth at least $1,000, the participant may elect to receive their benefit payment either at termination or the normal retirement date. Under certain conditions participants may receive a hardship distribution.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participants account and bear interest at rates that range from 4.25% to 8.75%, which are commensurate with local prevailing rates as determined by the plan administrator. Participants may only have one loan outstanding at any time. The term of the loan may not exceed 5 years or 25 years if the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest is paid ratably through payroll deductions. Loans may be acquired for hardship reasons only as described by the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company.

Forfeited Accounts

In 2011, the Company authorized discretionary employer matching contributions of $58,826. This contribution was reduced by forfeited nonvested accounts totaling $14,739. In 2010, the Company authorized matching contributions of $56,721 and used $48,640 of forfeited nonvested accounts to reduce the contribution. As noted above, the reduction in this contribution was recorded in 2011.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through September 24, 2012, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

Reclassifications

Certain amounts as reported in the prior year have been reclassified to conform to the current year presentation.

3. INVESTMENTS

Investments that represent 5% or more of the Plan's net assets are separately identified below as of either or both year ends.

	2011	2010
American Funds - Investment Company of America-R3	$ 92,574	$ 83,522
American Funds - The Growth Fund of America-R3	118,583	106,568
American Funds - Money Market Fund-R3	553,063	627,018
American Funds - American Balance Fund-R3	197,779	168,296
American Funds - EuroPacific Growth Fund-R3	132,392	137,115
American Funds - Intermediate Bond fund of America-R3	128,767	128,749

During 2011 and 2010, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in value by $(47,791) and $72,331.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011

5. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2011 and 2010 has been certified as complete and accurate by Capital Bank and Trust Company, the custodian of plan assets, and has not been audited by the independent auditors for the Plan: investments at fair value, notes receivable from participants, interest and dividend income, and net appreciation (depreciation) in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

7. PROHIBITED TRANSACTIONS

During 2011, the Company failed to remit to the Plan's trustee certain employee contributions totaling $506 within the period prescribed by Department of Labor's regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the Company has made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.

8. TAX STATUS

The Company adopted a prototype plan from Capital Bank and Trust Company. This plan received a determination letter from the Internal Revenue Service on March 31, 2008 stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to taxing authority examinations for years prior to 2008.

9. RELATED PARTY TRANSACTIONS

Plan investments and notes receivable from participants managed by Capital Bank and Trust, the custodian and, therefore, these transactions qualify as party-in-interest. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.
