To the Compensation Committee and Participants of the
Dial Global Non-Contributory Savings Plan

We were engaged to audit the financial statements of the Dial Global Non-Contributory Savings Plan (the "Plan") as of December 31, 2011 and 2010 and for the years then ended, and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by SunTrust Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Dial Global Non-Contributory Savings Plan
Notes to Financial Statements
December 31, 2011 and 2010

1. Description of the Plan

The following description of the Dial Global Non-Contributory Savings Plan (the “Plan”), formerly the Westwood One, Inc. Non-Contributory Savings Plan, is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Plan was restated effective January 1, 2012 with Dial Global, Inc. being the Plan Sponsor. This restatement changed the plan name from the Westwood One, Inc., Non-Contributory Savings Plan to the Dial Global Non-Contributory Savings Plan.

General

The Plan is a defined contribution plan covering all employees of Dial Global, Inc. and formerly Westwood One, Inc. and subsidiaries who are covered by the collective bargaining unit for AFTRA, American Federation of Television and Radio Artists, Washington-Baltimore Local, and Local 1200 of the International Brotherhood of Electrical Workers and have completed three consecutive months of service and are age 18 or older. The Plan is subject to the provisions of ERISA.

The Compensation Committee (the “plan administrator”), which is appointed by the Company, has responsibility for the investment activities of the Plan. SunTrust Bank (the “trustee”) held Plan investment assets at December 31, 2011 and 2010. SunTrust Bank executed investment transactions for the Plan for the years ended December 31, 2011 and 2010.

The Company has contracted within SunTrust Retirement Services to maintain the individual participant account balances. Each participant’s account is credited with the participant’s contribution and allocations of (a) the company’s contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Employee Contributions

The Plan allows participants to contribute six percent of their eligible compensation, and subject to limitations, participants may contribute an additional six percent. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Notes to Financial Statements
December 31, 2011 and 2010

Description of the Plan (continued)

Vesting

Participants are fully vested in their voluntary contributions and the related earnings at all times.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate at the time of the loan plus one percent. Principal and interest are repaid ratably through monthly payroll deductions.

Distributions

When participants reach their normal retirement date (age 65) and separate from service, die, or become totally disabled, they are entitled to retirement income or death benefits based upon their individual account balances. If a participant's employment is terminated prior to retirement, the vested portion of their individual account balances can be distributed in equal monthly or annual cash installments, or a lump sum cash payment. Under certain conditions, terminated participants may elect to allow the vested balance of their accounts to remain in the Plan until a later date. Included in net assets available for benefits at December 31, 2010 were \$561,626, related to future amounts to be paid to former employees who participated in the Plan.

Administrative Expenses

Trust management fees and other administrative expenses are charged to the Plan and at the discretion of the plan administrator, such costs may be reimbursed by the Company. For the years ended December 31, 2011 and 2010, trustee management fees and other administrative expenses were paid by the Plan.

Partial Plan Termination

On April 29, 2011 Clear Channel Acquisition LLC acquired 100% of the common stock of Metro Networks, Inc., Smartroute Systems, Inc., and TLAC, Inc., all Participating Employers in the Plan. As a result, these Employers, as well as Metro Networks Communications, Inc., Metro Networks Communications, Limited Partnership, and Metro Networks Services, Inc. ceased to be Participating Employers in the Plan. This constituted a partial plan termination, and therefore, all employees of these organizations became 100% vested in all contributions in the Plan and are treated as terminated Employees. During July 2011, \$856,114 in Plan assets were transferred from the Plan to the Clear Channel Communications, Inc. 401(k) Savings Plan For Union Employees.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

3. Tax Status of the Plan

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated August 26, 2002, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (IRC), and, therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2005-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator and the Plan's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the plan at year end.

Collective income trust funds: Valued at the quoted NAV and is based upon the market value of its underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Certain plan investments are shares of mutual funds managed by SunTrust Bank. SunTrust Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in value of investments.

11. Subsequent Events

Effective August 30, 2012, the Plan has contracted with Insperity to maintain the Plan's individual participant account balances.

The Plan has evaluated subsequent events through October 12, 2012 the date which the financial statements were available to be issued.
